From the start to finish of your amazing adventure, the cooling effect begins with the trams and coaches that will take guests to and from the parking and taxi drop off points to the theme parks. Covered buggies will also be available at the destination to transfer guests between the parks and minimize walking time. Many of the rides and attractions are fully indoors and for other areas of the parks, 'cooling zones', air-conditioned queuing systems, shaded areas and landscaping will keep guests cool. When making a stop to refuel and grab a bite to eat, all of Dubai Parks and Resorts cafes and restaurants have indoor seating, from themed dining to casual and fine dining.

David Loiseau, Senior Vice President Sales & Marketing at Dubai Parks and Resorts, said: "Ramadan, Eid Holidays and the overall summer period are a great time for families to come together and have fun so we've created these special packages and adjusted our opening hours for their enjoyment - not only is Dubai Parks and Resorts the region's largest theme park destination, it is also fully summer-proofed with a huge range of indoor, air-conditioned rides and attractions that the whole family will love."
