Report on Review of Interim Condensed Consolidated Financial Statements To the Shareholders of Union Properties P.J.S.C

Introduction

We have reviewed the accompanying interim condensed consolidated statement of financial position of Union Properties P.J.S.C (the “Company”) and its subsidiaries (the “Group”) as at 30 June 2023, the related interim condensed consolidated statement of profit or loss and other comprehensive income, interim condensed consolidated statement of changes in equity and interim condensed consolidated statement of cash flows for the six-month period then ended and other related explanatory notes. Management is responsible for the preparation and presentation of these interim condensed consolidated financial statements in accordance with International Accounting Standard 34 “Interim Financial Reporting”. Our responsibility is to express a conclusion on the interim condensed consolidated financial statements based on our review.

Scope of Review

We conducted our review in accordance with the International Standard on Review Engagements 2410, *“Review of Interim Financial Information Performed by the Independent Auditor of the Entity”*. A review of interim financial information consists of making inquiries, primarily of persons responsible for financial and accounting matters, and applying analytical and other review procedures. A review is substantially less in scope than an audit conducted in accordance with International Standards on Auditing and consequently does not enable us to obtain assurance that we would become aware of all significant matters that might be identified in an audit. Accordingly, we do not express an audit opinion.

Basis for Qualified Conclusion

As at 30 June 2023, the Group has an investment in an associate carried at AED 50.3 million (31 December 2022: AED 79.3 million). For the three month-period ended 30 June 2023, the Group has recorded its share of loss from the associate in these interim condensed consolidated statements amounting to AED 27.3 million (30 June 2022: a loss of AED 2.9 million) based on the accounting records of the associate. We were not provided with the audited financial statements of the associate for the year ended 31 December 2022 and consequently, we were unable to determine whether any adjustments to this amount were necessary.

Qualified Conclusion

Based on our review, except for the matter described in the ‘Basis for Qualified Conclusion’ paragraph, nothing has come to our attention that causes us to believe that the accompanying interim condensed consolidated financial statements are not prepared, in all material respects, in accordance with International Accounting Standard 34 “Interim Financial Reporting”.

Report on Review of Interim Condensed Consolidated Financial Statements To the Shareholders of Union Properties P.J.S.C (continued)

Emphasis of Matter

Without further qualifying our conclusion:

1) *Material uncertainty related to going concern*

We draw attention to note 3 of these interim condensed consolidated financial statements, which states that as at June 30, 2023, the Group had accumulated losses of AED 2,883 million, which exceeds 50% of its issued share capital; furthermore, the current liabilities exceed current assets by AED 1,127 million as at that date. These conditions indicate the existence of a material uncertainty that may cast a significant doubt on the Group's ability to continue as a going concern.

As per article 309 of the UAE Federal Law No (32) of 2021, the management of the Group has prepared a short and medium strategy plan, which is approved by the shareholders to financially support the Group and its operations for the foreseeable future. On this basis, the interim condensed consolidated financial statements are prepared on going concern assumption. Our conclusion is not modified in respect of this matter.

2) *Valuation of investment properties*

We draw attention to note 6 of these interim condensed consolidated financial statements. During the previous years, the Group had undertaken a survey of the Masterplan for Dubai Motorcity and had submitted a formal request to the concerned regulatory authorities for the issuance of revised affection plans with amended Gross Floor Areas (the "GFA's"). Further, in accordance with the directions of the Dubai Development Authority, the Group had appointed approved independent third-party surveyors to perform a detailed survey of the entire land bank at the Dubai Motorcity. Based on the official third-party surveyor reports, the Group obtained an attestation from relevant parties for an additional GFA and thereafter also obtained an approval of the Traffic Impact Study from the Road and Transport Authority. Based on surveyor reports, valuation and approvals received from the expert and authorities, the management has continued with inclusion of the additional GFA, amounting to AED 711.1 million in investment properties under the Motorcity land, despite a pending formal approval from the relevant parties, in the Group's interim condensed consolidated financial statements as at June 30, 2023 (December 31, 2022: AED 711.1 million).

During the period, the Company had registered a real estate claim before Dubai Courts against the relevant parties for failure to issue the required approval. Our conclusion is not modified in respect of this matter.

Fair value hierarchy

The table below analyses financial instruments carried at fair value, by valuation method. The different levels have been defined as follows:

- **Level 1:** Quoted prices (unadjusted) in active markets for identical assets or liabilities;
- **Level 2:** Inputs other than quoted prices included within Level 1 that are observable for the asset or liability, either directly (i.e., as prices) or indirectly (i.e., derived from prices); and
- **Level 3:** Inputs for the asset or liability that are not based on observable market data (unobservable inputs).

The Group holds investments at fair value through profit or loss. The fair value of quoted securities is determined by reference to their quoted bid prices as at the reporting date. Investments in marketable securities are stated at cost where no observable market data is available. Accordingly, the fair value hierarchy is set out as below:
