REPORT ON REVIEW OF INTERIM FINANCIAL INFORMATION

To the Board of Directors
Tamweel PJSC and its subsidiaries
Dubai
United Arab Emirates

Introduction

We have reviewed the accompanying condensed consolidated statement of financial position of **Tamweel PJSC and its subsidiaries** (the "Group") as at 30 June 2013 and the related condensed consolidated statements of income, comprehensive income, changes in equity and cash flows for the six months period then ended. Management of the Group is responsible for the preparation and presentation of this interim financial information in accordance with International Accounting Standard 34, *Interim Financial Reporting* ("IAS 34"). Our responsibility is to express a conclusion on this interim financial information based on our review.

Scope of review

We conducted our review in accordance with International Standard on Review Engagements 2410, "Review of interim financial information performed by the independent auditor of the entity." A review of interim financial information consists of making inquiries, primarily of persons responsible for financial and accounting matters, and applying analytical and other review procedures. A review is substantially less in scope than an audit conducted in accordance with International Standards on Auditing and consequently does not enable us to obtain assurance that we would become aware of all significant matters that might be identified in an audit. Accordingly, we do not express an audit opinion.

Conclusion

Based on our review, nothing has come to our attention that causes us to believe that the accompanying interim financial information is not prepared, in all material respects in accordance with IAS 34.

2. Application of new and revised International Financial Reporting Standards ("IFRSs")

2.1 New and revised IFRSs applied with no material effect on the condensed consolidated financial statements

The following revised IFRSs have been adopted in these condensed consolidated financial statements. The application of these revised IFRSs has not had any material impact on the amounts reported for the current and prior years but may affect the accounting for future transactions or arrangements.

- Amendments to IFRS 1 Government Loans provide relief to first-time adopters of IFRSs by amending IFRS 1 to allow prospective application of IAS 39 or IFRS 9 and paragraph 10A of IAS 20 Accounting for Government Grants and Disclosure of Government Assistance to government loans outstanding at the date of transition to IFRSs
- Amendments to IFRS 7 *Financial Instruments: Disclosures* enhancing disclosures about offsetting of financial assets and liabilities
- IFRS 10 *Consolidated Financial Statements* uses control as the single basis for consolidation, irrespective of the nature of the investee. IFRS 10 requires retrospective application subject to certain transitional provisions providing an alternative treatment in certain circumstances. Accordingly, IAS 27 *Separate Financial Statements* and IAS 28 *Investments in Associates and Joint Ventures** have been amended for the issuance of IFRS 10.
- IFRS 11 *Joint Arrangements* establishes two types of joint arrangements: Joint operations and joint ventures. The two types of joint arrangements are distinguished by the rights and obligations of those parties to the joint arrangement. Accordingly IAS 28 *Investments in Associates and Joint Ventures* has been amended for the issuance of IFRS 11.
- IFRS 12 *Disclosure of Interests in Other Entities** combines the disclosure requirements for an entity's interests in subsidiaries, joint arrangements, associates and structured entities into one comprehensive disclosure standard.
- IFRS 13 *Fair Value Measurement* issued in May 2011 establishes a single framework for measuring fair value and is applicable for both financial and non-financial items.
- Amendments to IAS 1 – *Presentation of Other Comprehensive Income*. The amendments retain the option to present profit or loss and other comprehensive income in either a single statement or in two separate statements. However, items of other comprehensive income are required to be grouped into those that will and will not subsequently be reclassified to profit or loss with tax on items of other comprehensive income required to be allocated on the same basis.
- Amendments to IAS 19 *Employee Benefits* eliminate the "corridor approach" and therefore require an entity to recognise changes in defined benefit plan obligations and plan assets when they occur.
- Amendments to IFRS 7: *Financial Instruments*: *Disclosures* - Offsetting Financial Assets and Financial Liabilities
- IFRIC 20 *Stripping Costs in the Production Phase of a Surface Mine.*
- Annual Improvements to *IFRSs 2009 - 2011 Cycle*

  The annual improvements include the amendments to five IFRSs which have been summarized below:

  - *IFRS 1 First Time Adoption of International Financial Reporting Standards* - Repeated application of IFRS 1
  - *IFRS 1 First Time Adoption of International Financial Reporting Standards* - Borrowing costs
  - *IAS 1 Presentation of Financial Statements* - Clarification of the requirements for comparative information

Notes to the condensed consolidated financial statements for the period ended 30 June 2013 (continued)

2. Application of new and revised International Financial Reporting Standards ("IFRSs") (continued)

2.1 New and revised IFRSs applied with no material effect on the condensed consolidated financial statements (continued)

- *IAS 16 Property, Plant and Equipment* - Classification of serving equipment
- *IAS 32 Financial Instruments: Presentation* - Tax effect of the distribution to the holders of equity instruments.
- *IAS 34 Interim Financial Reporting - Interim financial reporting and segment information for total* assets and liabilities

2.2 New and revised standards and interpretation are in issue but not yet effective

The Group has not applied the following new and revised standards and interpretation that have been issued but are not yet effective:

New and revised IFRSs	Effective for annual periods beginning on or after
• Amendments to IAS 32 *Financial Instruments: Presentation* relating to application guidance on the offsetting of financial assets and financial liabilities	1 January 2014
• Amendments to IFRS 10, IFRS 12 and IAS 27 - Guidance on Investment Entities	1 January 2014

Management anticipates that the adoption of the above standards in future years will have no material impact on the condensed consolidated financial statements of the Group in the period of initial application.

3. Summary of significant accounting policies

3.1 Basis of preparation

These condensed consolidated financial statements are prepared in accordance with International Accounting Standard 34. "*Interim Financial Reporting*" issued by the International Accounting Standards Board and also complies with the applicable requirements of the laws in the U.A.E.

The condensed consolidated financial statements are presented in Arab Emirates Dirham (AED) since that is the currency in which the majority of the Group's transactions are denominated.

These condensed consolidated financial statements have been prepared on the historical cost basis, except for the revaluation of certain financial instruments.

The accounting policies adopted are consistent with those followed in the preparation of the Group's annual consolidated financial statements for the year ended 31 December 2012.

These condensed consolidated financial statements do not include all the information required in full consolidated financial statements and should be read in conjunction with the Group's consolidated financial statements for the year ended 31 December 2012. In addition, results for the period from 1 January 2013 to 30 June 2013 are not necessarily indicative of the results that may be expected for the financial year ending 31 December 2013.

Notes to the condensed consolidated financial statements for the period ended 30 June 2013 (continued)

3. Summary of significant accounting policies (continued)

3.1 Basis of preparation (continued)

As required by the Securities and Commodities Authority of the U.A.E. ("SCA") Notification No. 2624/2008 dated 12 October 2008, accounting policies relating to financial assets, cash and cash equivalents, Islamic financing and investing assets and investment properties have been disclosed in the condensed consolidated financial statements.

3.2 Significant judgment and sources of estimation uncertainty

The preparation of these condensed consolidated financial statements requires management to make judgments, estimates and assumptions that affect the application of accounting policies and the reported amounts of assets and liabilities, income and expense. Actual amount may differ from these estimates.

In preparing these condensed consolidated financial statements, the significant judgments made by management in applying the Group's accounting policies and the key sources of estimates uncertainty were the same as those which were applied to the consolidated financial statements as at and for the year ended 31 December 2012.

3.3 Financial risk management

The Group's financial risk management objectives and policies are consistent with those disclosed in the consolidated financial statements as at and for the year ended 31 December 2012.

3.4 Basis of consolidation

These condensed consolidated financial statements incorporate the financial statements of the Company and entities controlled by the Company. Control is achieved where the Company has the power over the investee, exposure, or rights, to variable returns from its involvement with the investee and the ability to use its power over the investee to affect the amount of the investor's returns.

The condensed consolidated financial statements comprise the financial statements of the Company and of the subsidiaries as disclosed in Note 1 to these condensed consolidated financial statements. The financial statements of the subsidiaries are prepared for the same reporting period as that of the Company, using consistent accounting policies.

As required by SCA certain accounting policies which have not been changed since 31 December 2012 are reproduced below.

Financial assets

All financial assets are recognised and derecognised on the trade date where the purchase or sale of a financial asset is under a contract whose terms require delivery of the financial asset within the timeframe established by the market concerned, and are initially measured at fair value plus transaction costs that are directly attributable to the acquisition of the financial asset, except for those financial assets measured subsequently at fair value through profit or loss, which are initially measured at fair value.

All recognised financial assets are subsequently measured in their entirety at either amortised cost or fair value.

Notes to the condensed consolidated financial statements for the period ended 30 June 2013 (continued)

3. Summary of significant accounting policies (continued)

3.4 Basis of consolidation (continued)

Financial assets (continued)

Classification of financial assets

An instrument is classified as an 'equity instrument' if it is a non-derivative and meets the definition of 'equity' for the issuer except for certain non-derivative puttable instruments presented as equity by the issuer. All other non-derivative financial assets are classified as 'debt instruments'.

Financial assets measured at amortised cost

Investment in debt instruments are measured at amortised cost if both of the following conditions are met:

- the asset is held within a business model whose objective is to hold assets in order to collect contractual cash flows; and
- the contractual terms of the instrument give rise on specified dates to cash flows that are solely payments of principal and profit on the principal amount outstanding.

Debt instruments meeting these criteria are measured initially at fair value plus transaction costs (except if they are designated as at fair value through profit or loss - FVTPL). They are subsequently measured at amortised cost using the effective profit method less any impairment, with profit revenue recognised on an effective profit method in the condensed consolidated statement of income.

Subsequent to initial recognition, the Group is required to reclassify debt instruments from amortised cost to FVTPL if the objective of the business model changes so that the amortised cost criteria is no longer met.

The Group may irrevocably elect at initial recognition to classify a debt instrument that meets the amortised cost criteria above as FVTPL if that designation eliminates or significantly reduces an accounting mismatch had the financial asset been measured at amortised cost.

Financial assets at fair value through other comprehensive income - FVTOCI

At initial recognition, the Group can make an irrevocable election (on an instrument by instrument basis) to designate investments in equity instruments as at FVTOCI. Designation at FVTOCI is not permitted if the equity investment is held for trading.

A financial asset is held for trading if:

- It has been acquired principally for the purpose of selling it in the near term;
- On initial recognition it is part of a portfolio of identified financial instruments that the Group manages together and has evidence of a recent actual pattern of short term profit taking; or
- It is a derivative that is not designated and effective as a hedging instrument or a financial guarantee.

Notes to the condensed consolidated financial statements for the period ended 30 June 2013 (continued)

3. Summary of significant accounting policies (continued)

3.4 Basis of consolidation (continued)

Financial assets (continued)

Financial assets at fair value through other comprehensive income - FVTOCI (continued)

Investments in equity instruments at FVTOCI are initially measured at fair value plus transaction costs. Subsequently, they are measured at fair value with gains and losses arising from changes in fair value recognised in other comprehensive income and accumulated in the cumulative changes in fair value, within equity. Where the asset is disposed of, the cumulative gain or loss previously accumulated is not transferred to the condensed consolidated statement of income, but is reclassified to retained earnings.

Dividends on these investments in equity instruments are recognised in the condensed consolidated statement of income when the Group's right to receive the dividend is established, unless the dividends clearly represent a recovery of part of the cost of the investment.

Effective profit method

The effective profit method is a method of calculating the amortised cost of a financial asset and of allocating profit income over the relevant period. The effective profit rate is the rate that exactly discounts estimated future cash receipts through the expected life of the financial asset, or, where appropriate, a shorter period.

Income is recognised on an effective profit rate basis for debt instruments other than those financial assets designated as at FVTPL.

Cash and cash equivalents

For the purpose of the condensed consolidated statement of cash flows, cash and cash equivalents consists of cash on hand, bank balances and short term deposits with an original maturity of three months or less.

Islamic financing and investing assets

Islamic financing and investing assets include outstanding ijara fixed rentals, murabaha sales receivables net of deferred profits, istisna'a costs incurred to date measured at cash equivalent value and forward ijara at costs incurred to date. Also included in the islamic financing and investing assets are ijara and forward ijara profit accruals in addition to istisna'a and murabaha amortised profits. These assets are stated at cost net of provisions for impairment and profit suspension, if any.

Notes to the condensed consolidated financial statements for the period ended 30 June 2013 (continued)

3. Summary of significant accounting policies (continued)

Investment properties

Properties held for rental or capital appreciation purposes as well as those held for undetermined future use are classified as investment properties. Investment properties are measured at cost less accumulated depreciation and any accumulated impairment losses. Depreciation on investment in buildings is charged on a straight-line basis over 20 years.

Investment properties are derecognised when either they have been disposed of or when the investment property is permanently withdrawn from use and no future economic benefit is expected from its disposal. Any gains or losses on the retirement or disposal of an investment property are recognised in the consolidated statement of profit or loss and other comprehensive income in the period of retirement or disposal.

Transfers are made to investment properties when, and only when there is change in use evidenced by ending of owner-occupation, commencement of an operating lease to another party or ending of construction or development. Transfers are made from investment properties when, and only when, there is change in used evidenced by commencement of owner-occupation or commencement of development with a view to sale.

Included under Islamic financing and investing assets are receivables amounting to AED 381 million (31 December 2012: AED 295 million) in respect of which the Group has obtained the clear legal title to the properties financed and is in the process of finalizing formalities for possession of such properties. Such receivables are carried at current market values of the properties and a full provision has been made for the remaining exposure.

Provisions for impairment

Movements in the provision for impairment were as follows:

	30 June 2013 (unaudited) AED'000	31 December 2012 (audited) AED'000
Balance at beginning of the period/year	**373,404**	344,154
Provision made during the period/year	**34,460**	29,250
Balance at end of the period/year	**407,864**	373,404

Collateral

The Group enters into collateral arrangements with counter parties in appropriate circumstances to limit credit exposure. With a relatively dominant Ijara financing structure, the legal ownership of the finance property is maintained with the Group until the customer (lessee) has fulfilled all his obligations under the relevant Ijara.

8. Financing obligations

Financing obligations for a value of USD 300 million were repaid in full on maturity in January 2013.

9. Employees' benefit plan

The Group decided not to grant any further shares under the employees' benefit plan and to accept the share swap offer by Dubai Islamic Bank P.J.S.C. Accordingly, the remaining 10,882,877 shares under the employees' benefit plan were swapped for 6,046,042 shares of Dubai Islamic Bank P.J.S.C. At 30 June 2013, there were 2,181,644 shares of Tamweel PJSC that were granted to the employees and due for vesting in 2014. These shares have also been swapped for DIB shares and are included in other receivables.

10. Earnings per share - basic and diluted

Basic earnings per share are calculated by dividing the profit for the period, adjusted for directors' remuneration, by the weighted average number of ordinary shares outstanding during the period.

Diluted earnings per share is calculated by dividing the profit for the period, adjusted for directors' remuneration, by the weighted average number of shares outstanding during the period plus the weighted average number of shares that would be issued on the conversion of all the dilutive potential shares into shares. The diluted earnings per share arising from the issue of employee share options does not result in any change from the reported basic earnings per share.

11. Fire damage to Tamweel Tower

On 18 November 2012, offices of the Group in Tamweel Tower suffered fire damage. The Group has contents insurance cover in relation to the offices and Tamweel Tower is insured by the building's Owners Association. The Group has advised the contents insurer and has submitted a claim in line with the policy. The Owners Association has advised the property insurer and received an acknowledgement from the insurer of the liability in relation to the damage. The insurance company in consultation with Owners Association is in the process of appointing a consultant to assess the damage and quantify the cost of the repair. Both the insurers have acknowledged the claims and management is of the view that there is no requirement for provision in relation to the carrying value of the property and contents assets in respect of loss or damage. The net carrying value of the property and the content assets is AED 23.87 million (31 December 2012: AED 24.88 million).

Irrevocable commitments to extend credit	**525,732**	652,300

This represents contractual commitments to provide Islamic financing. Commitments generally have fixed expiry dates, or other termination clauses and normally require the payment of a fee. Since these may expire without being drawn upon, the total contract amounts do not necessarily represent future cash requirements.

14. Contingencies

a) The Group's bankers have provided a guarantee of AED 50 million (31 December 2012: AED 50 million) favouring the U.A.E. Central Bank against the share capital.

b) The Group's bankers have also provided a guarantee of AED 5 million (31 December 2012: AED 5 million) to the Economic Affairs Division of the Government of Dubai for establishing a subsidiary company.

c) At reporting date, the Group is in legal proceedings against certain customers in the UAE to recover AED 300 million. The customers are also counter claiming against the Group, but based on legal advice, the management of the Group is contesting the counterclaims as they believe such counter claims are without basis and is pursuing the full recovery of the outstanding balances. Accordingly, no provision for any liability has been made in these condensed consolidated financial statements.

15. Related party transactions

The Group enters into transactions with shareholders, directors, key management personnel and their related concerns in the ordinary course of business at commercial profit and commission rates. All facilities to related parties are performing facilities and are free of any provision for possible impairment.

Balances and transactions between the Group and its subsidiaries, which are related parties of the Group, have been eliminated on consolidation and are not disclosed in this note.

The significant balances and transactions of related parties included in the condensed consolidated financial statements are as follows:
