Report on review of interim condensed consolidated financial information

To the board of directors of
National Industries Group Holding – SAK
Kuwait

Introduction

We have reviewed the accompanying interim condensed consolidated financial position of National Industries Group Holding (A Kuwaiti Shareholding Company) and its subsidiaries as of 30 September 2013 and the related interim condensed consolidated statement of income, statement of comprehensive income, statement of changes in equity and statement of cash flows for the nine-month period then ended. Management is responsible for the preparation and presentation of this interim condensed consolidated financial information in accordance with International Accounting Standard 34, "Interim Financial Reporting". Our responsibility is to express a conclusion on this interim condensed consolidated financial information based on our review.

Scope of Review

We conducted our review in accordance with International Standard on Review Engagements 2410, "Review of Interim Financial Information Performed by the Independent Auditor of the Entity." A review of interim financial information consists of making inquiries, primarily of persons responsible for financial and accounting matters, and applying analytical and other review procedures. A review is substantially less in scope than an audit conducted in accordance with International Standards on Auditing and consequently does not enable us to obtain assurance that we would become aware of all significant matters that might be identified in an audit. Accordingly, we do not express an audit opinion.

Conclusion

Based on our review, nothing has come to our attention that causes us to believe that the accompanying interim condensed consolidated financial information is not prepared, in all material respects, in accordance with International Accounting Standard 34, "Interim Financial Reporting".

Report on review of other legal and regulatory matters

Based on our review, the interim condensed consolidated financial information is in agreement with the books of the Company. We further report that, to the best of our knowledge and belief, no violations of the Companies Law No. 25 of 2012, or of the articles and memorandum of association of the Company, as amended, have occurred during the nine-month period ended 30 September 2013 that might have had a material effect on the business or financial position of the Company.

We also note that during our review and to the best of our knowledge and belief, nothing has come to our attention that indicates any material violations to Law No. (7) of 2010 relating the Capital Markets Authority and the instructions thereto, during the nine months period ended 30 September 2013.

The notes set out on pages 9 to 25 form an integral part of this interim condensed consolidated financial information.

Notes of the interim condensed consolidated financial information

1 Incorporation and activities

National Industries Group Holding – SAK (‘the parent company’) was incorporated in 1961 as a Kuwaiti shareholding company in accordance with the Commercial Companies Law in the State of Kuwait and in April 2003, its status was transformed to a ‘Holding Company’. The parent company along with its subsidiaries are jointly referred to as “the Group”. The parent company’s shares are traded on the Kuwait Stock Exchange and Dubai Financial Market.

The main objectives of the parent company are as follows:

- Owning stocks and shares in Kuwaiti or non-Kuwaiti shareholding companies and shares in Kuwaiti or non-Kuwaiti limited liability companies and participating in the establishment of, lending to and managing of these companies and acting as a guarantor for these companies.
- Lending money to companies in which it owns 20% or more of the capital of the borrowing company, along with acting as guarantor on behalf of these companies.
- Owning industrial equities such as patents, industrial trademarks, royalties, or any other related rights, and franchising them to other companies or using them within or outside the State of Kuwait.
- Owning real estate and moveable property to conduct its operations within the limits as stipulated by law.
- Employing excess funds available with the company by investing them in investment and real estate portfolios managed by specialised companies.

The Companies Law issued on 26 November 2012 by Decree Law no 25 of 2012 (the “Companies Law”), which was published in the Official Gazette on 29 November 2012, cancelled the Commercial Companies Law No 15 of 1960. The Companies Law was subsequently amended on 27 March 2013 by Law No. 97 of 2013.

On 29 September 2013, Ministry of Commerce and Industry issued its regulation No. 425/2013 regarding the Executive by-laws of the Companies Law. All existing companies are required to comply with articles of these by-laws within one year from the date of its issuance.

The address of the parent company’s registered office is PO Box 417, Safat 13005, State of Kuwait.

The board of directors of the parent company approved this interim condensed consolidated financial information for issue on 13 November 2013.

2 Basis of preparation and significant accounting policies

Basis of preparation

The interim condensed consolidated financial information of the group has been prepared in accordance with International Accounting Standard 34 “Interim Financial Reporting”.

The interim condensed consolidated financial information has been presented in Kuwaiti Dinars which is the functional currency of the parent company.

The interim condensed consolidated financial information does not include all information and disclosures required for complete financial statements prepared in accordance with the International Financial Reporting Standards. In the opinion of the parent company’s management, all adjustments consisting of normal recurring accruals considered necessary for a fair presentation have been included.

Notes to the interim condensed consolidated financial information (continued)

2 Basis of preparation and significant accounting policies (continued)

The preparation of interim condensed consolidated financial information requires management to make judgements, estimates and assumptions that affect the application of accounting policies and the reported amounts of assets and liabilities, income and expense. Actual results may differ from these estimates.

In preparing this interim condensed consolidated financial information, the significant judgements made by management in applying the group's accounting policies and the key sources of estimation uncertainty were the same as those that applied to the annual audited consolidated financial statements as at and for the year ended 31 December 2012.

Results for the nine months period ended 30 September 2013 are not necessarily indicative of the results that may be expected for the financial year ending 31 December 2013. For further details, refer to the annual consolidated financial statements and its related disclosures for the year ended 31 December 2012.

Changes to accounting policies

Adoption of new IASB Standards and amendments during the period

The accounting policies adopted in the preparation of the interim condensed consolidated financial statements are consistent with those followed in the preparation of the Group's annual consolidated financial statements for the year ended 31 December 2012, except for the adoption of new standards and amendments effective as of 1 January 2013.

The Group applies, for the first time, certain standards and amendments that require restatement of previous financial statements. These include IFRS 10 Consolidated Financial Statements, IFRS 13 Fair Value Measurement and amendments to IAS 1 Presentation of Financial Statements. As required by IAS 34, the nature and the effect of these changes are disclosed below. In addition, the application of IFRS 12 Disclosure of Interest in Other Entities would result in additional disclosures in the annual consolidated financial statements.

Several other new standards and amendments apply for the first time in 2013. However, they do not impact the annual consolidated financial statements of the Group or the interim consolidated financial statements of the Group.

The nature and the impact of each new standard/amendment is described below:

<i>Standard</i>	<i>Effective for annual periods beginning</i>
IAS 1 Presentation of Financial Statements – amendment	1 July 2012
IFRS 10 Consolidated Financial Statements and IAS 27 Separate Financial Statements	1 January 2013
IFRS 11 Joint Arrangements and IAS 28 Investments in Associates and Joint Ventures	1 January 2013
IFRS 12 Disclosure of Interests in Other Entities	1 January 2013
IFRS 13 Fair Value Measurement	1 January 2013
IFRS 7 Financial Instruments: Disclosures – amendments	1 January 2013
Annual Improvements 2009-2011	1 January 2013

Notes to the interim condensed consolidated financial information (continued)

2 Basis of preparation and significant accounting policies (continued)

IAS 1 Presentation of Financial Statements

The amendment to IAS 1 requires entities to group other comprehensive income items presented in the consolidated statement of comprehensive income based on those:

- a) Potentially reclassifiable to consolidated statement of income in a subsequent period, and
- b) That will not be reclassified to consolidated statement of income subsequently.

The amendments to IAS 1 changed the current presentation of the consolidated statement of comprehensive income of the Group; however the amendment affected presentation only and had no impact on the Group's financial position or performance.

IFRS 10 Consolidated Financial Statements and IAS 27 Separate Financial Statements

IFRS 10 establishes a single control model that applies to all entities including special purpose entities. IFRS 10 replaces the parts of previously existing IAS 27 Consolidated and Separate Financial Statements that dealt with consolidated financial statements and SIC 12 Consolidation – Special Purpose Entities. It revises the definition of control together with accompanying guidance to identify an interest in a subsidiary. To meet the definition of control in IFRS 10, all nine criteria must be met, including: (a) an investor has power over an investee; (b) the investor has exposure, or rights, to variable returns from its involvement with the investee; and (c) the investor has the ability to use its power over the investee to affect the amount of the investor's returns. These new requirements have the potential to affect which of the Group's investees are considered to be subsidiaries and therefore change the scope of consolidation. However, the requirements and procedures of consolidation and the accounting for any non-controlling interests and changes in control remain the same. IFRS 10 did not change the classification (as subsidiaries or otherwise) of any of the Group's existing investees.

IFRS 11 Joint Arrangements and IAS 28 Investment in Associates and Joint Ventures

IFRS 11 supersedes IAS 31 Interests in Joint Ventures (IAS 31). It aligns more closely the accounting by the investors with their rights and obligations relating to the joint arrangement. In addition, IAS 31's option of using proportionate consolidation for joint ventures has been eliminated. IFRS 11 now requires the use of the equity accounting method, which is currently used for investments in associates. As a consequence of the new IFRS 11, IAS 28 brings investments in joint ventures into its scope, however, the equity accounting methodology under IAS 28 remains unchanged.

IFRS 12 Disclosure of Interests in Other Entities

IFRS 12 integrates and makes consistent the disclosure requirements for various types of investments including subsidiaries, joint arrangements, associates and unconsolidated structured entities. It introduces new disclosure requirements about the risks to which an entity is exposed from its involvement with structured entities. None of these disclosure requirements are applicable for interim condensed consolidated financial information, unless significant events and transactions in the interim period requires that they are provided. Accordingly, the Group has not made such disclosures.

Notes to the interim condensed consolidated financial information (continued)

2 Basis of preparation and significant accounting policies (continued)

IFRS 13 Fair Value Measurement

IFRS 13 establishes a single source of guidance under IFRS for all fair value measurements. IFRS 13 does not change when an entity is required to use fair value, but rather provides guidance on how to measure fair value under IFRS when fair value is required or permitted. The application of IFRS 13 has not materially impacted the fair value measurements carried out by the Group.

IFRS 13 also requires specific disclosures on fair values, some of which replace existing disclosure requirements in other standards, including IFRS 7 Financial Instruments: Disclosures. Some of these disclosures are specifically required for financial instruments by IAS 34.16A (j), thereby affecting the interim condensed consolidated financial statements period. The Group has applied this requirement for the first time and has provided these disclosures in Note 15. The provisions in IAS 34 and transition provisions of IFRS 13 do not require comparative information for periods before initial application of IFRS 13. Consequentially, the Group does not provide the comparative information.

IFRS 7 Financial Instruments: Disclosures – Offsetting Financial Assets and Financial Liabilities (Amendments to IFRS 7)

Qualitative and quantitative disclosures have been added to IFRS 7 'Financial Instruments: Disclosures' (IFRS 7) relating to gross and net amounts of recognised financial instruments that are (a) set off in the statement of financial position and (b) subject to enforceable master netting arrangements and similar agreements, even if not set off in the statement of financial position. As the Group is not setting off financial instruments in accordance with IAS 32 and does not have relevant offsetting arrangements, the amendment does not have an impact on the Group.

Annual Improvements 2009-2011 (the Annual Improvements)

The Annual Improvements 2009-2011 (the Annual Improvements) made several minor amendments to a number of IFRSs. The amendments relevant to the Group are summarised below:

Clarification of the requirements for opening statement of financial position (amendments to IAS 1):

- clarifies that the appropriate date for the opening statement of financial position ("third balance sheet") is the beginning of the preceding period (related notes are no longer required to be presented)
- addresses comparative requirements for the opening statement of financial position when an entity changes accounting policies or makes retrospective restatements or reclassifications, in accordance with IAS 8.

Under IAS 34, the minimum items required for interim condensed financial statements do not include a third balance sheet.

Clarification of the requirements for comparative information provided beyond minimum requirements (amendments to IAS 1):

- clarifies that additional financial statement information need not be presented in the form of a complete set of financial statements for periods beyond the minimum requirements
- requires that any additional information presented should be presented in accordance with IFRS and the entity should present comparative information in the related notes for that additional information.

Notes to the interim condensed consolidated financial information (continued)

2 Basis of preparation and significant accounting policies (continued)

Annual Improvements 2009-2011 (the Annual Improvements) (continued)

Tax effect of distribution to holders of equity instruments (Amendments to IAS 32):

- addresses a perceived inconsistency between IAS 12 ‘Income Taxes’ (IAS 12) and IAS 32 ‘Financial Instruments: Presentation’ (IAS 32) with regards to recognising the consequences of income tax relating to distributions to holders of an equity instrument and to transaction costs of an equity transaction
- clarifies that the intention of IAS 32 is to follow the requirements in IAS 12 for accounting for income tax relating to distributions to holders of an equity instrument and to transaction costs of an equity transaction.

The amendment did not have an impact on the interim condensed consolidated financial information for the Group, as there is no tax consequences attached to cash or non-cash distribution.

Segment information for total assets and liabilities (amendments to IAS 34):

- clarifies that the total assets and liabilities for a particular reportable segment are required to be disclosed in interim financial information if, and only if: (i) a measure of total assets or of total liabilities (or both) is regularly provided to the chief operating decision maker; (ii) there has been a material change from those measures disclosed in the last annual financial statements for that reportable segment.

The Group provides this disclosure as total segment assets were reported to the chief operating decision maker (CODM). As a result of this amendment, the Group now also includes disclosure of total segment liabilities as these are reported to the CODM. See Note 13.

IASB Standards issued but not yet effective

At the date of authorisation of these financial statements, certain new standards, amendments and interpretations to existing standards have been published by the IASB but are not yet effective, and have not been adopted early by the Group.

Management anticipates that all of the relevant pronouncements will be adopted in the Group’s accounting policies for the first period beginning after the effective date of the pronouncement. Information on new standards, amendments and interpretations that are expected to be relevant to the Group’s financial statements is provided below. Certain other new standards and interpretations have been issued but are not expected to have a material impact on the Group’s statements.

<i>Standard or Interpretation</i>	<i>Effective for annual periods beginning</i>
IFRS 9 Financial Instruments: Classification and Measurement	1 January 2015
IAS 32 Financial Instruments: Presentation – amendments	1 January 2014

Notes to the interim condensed consolidated financial information (continued)

2 Basis of preparation and changes to accounting policies (continued)

IFRS 9 Financial Instruments

The IASB aims to replace IAS 39 Financial Instruments: Recognition and Measurement in its entirety. The replacement standard (IFRS 9) is being issued in phases. To date, the chapters dealing with recognition, classification, measurement and derecognition of financial assets and liabilities have been issued. These chapters are effective for annual periods beginning 1 January 2015. Further chapters dealing with impairment methodology and hedge accounting are still being developed. Further, in November 2011, the IASB tentatively decided to consider making limited modifications to IFRS 9's financial asset classification model to address application issues.

Although earlier application of this standard is permitted, the Technical Committee of the Ministry of Commerce and Industry of Kuwait decided on 30 December 2009, to postpone this early application till further notice.

Management has yet to assess the impact that this amendment is likely to have on the financial statements of the Group. However, they do not expect to implement the amendments until all chapters of IFRS 9 have been published and they can comprehensively assess the impact of all changes.

Offsetting Financial Assets and Financial Liabilities (Amendments to IAS 32)

The Amendments to IAS 32 add application guidance to address inconsistencies in applying IAS 32's criteria for offsetting financial assets and financial liabilities in the following two areas:

- the meaning of 'currently has a legally enforceable right of set-off'
- that some gross settlement systems may be considered equivalent to net settlement.

The Amendments are effective for annual periods beginning on or after 1 January 2014 and are required to be applied retrospectively. Management does not anticipate a material impact on the Group's consolidated financial statements from these Amendments.

3 Income from investments

	Three months ended		Nine months ended	
	30 Sept. 2013 (Unaudited) KD '000	30 Sept. 2012 (Unaudited) KD '000	30 Sept. 2013 (Unaudited) KD '000	30 Sept. 2012 (Unaudited) KD '000

- from discontinued operations	-	(0.1) Fils	-	(0.2) Fils
Total	Nil	0.8 Fils	8.3 Fils	9.1 Fils

Notes to the interim condensed consolidated financial information (continued)

6 Investment in associates

The movement in associates during the period/year is as follows:

	30 Sept. 2013 (Unaudited) KD '000	31 Dec. 2012 (Audited) KD '000	30 Sept. 2012 (Unaudited) KD '000
Balance at 1 January	287,497	283,126	283,126
Additions during the period/year	7,114	6,690	1,891
Capital reduction and redemption of units by associates	-	(4,078)	(2,411)
Share of results	15,368	16,647	15,117
Share of other comprehensive income	(3,861)	1,845	2,575
Dividend received	(8,201)	(7,779)	(6,429)
Dilution loss of an associate	-	(253)	(253)
Disposal of associates	(5,151)	(7,003)	-
Impairment in value	(118)	(584)	-
Reclassification of remaining investment to available for sale investments on disposal	-	(1,297)	-
Other adjustments	299	183	(237)
Balance at the end of the period/year	292,947	287,497	293,379

A major portion of an associate with a carrying value of KD87,758 thousand (31 December 2012: KD83,941 thousand and 30 September 2012: KD82,305 thousand) have been subject to an exchangeable options to the lenders of the group.

During the period, the group partially disposed an insignificant stake in one of its quoted associate's which resulted in a gain of KD1,043 thousand. Further during the current quarter, one of the local subsidiaries disposed one of its associates with a realised gain of KD105 thousand.

7 Investment properties

- Investment properties amounting to KD17,711 thousand (31 December 2012: KD13,700 thousand and 30 September 2012: KD15,015 thousand) are secured against term loans.
- During the year 2011, the Group disposed its investment property located in Saudi Arabia for a consideration of KD26,535 thousand and the total cash received on this sale up to 31 December 2012 amounted to KD9,914 thousand. Out of the balance of KD16,621 thousand (which was due in two installments in November 2012 and November 2013), during the period an amount of KD3,603 thousand was received in cash and the buyer partially settled the remaining balance due as of November 2012 by transferring another real estate property (Hotel property) situated in Saudi Arabia which has been valued at KD4,803 thousand. This property has been classified under property, plant and equipment. The remaining balance due on sale of investment property is included in account receivables and other assets and is due to be settled in November 2013.
- During the period, the group decided to evaluate its investment properties by independent valuers annually instead of evaluating them, semi annually as done previously.

15 Financial instruments

Financial instruments comprise of financial assets (accounts receivable and other assets, available for sale investments, murabaha and wakala investments, investment at fair value through profit or loss, short term deposits and bank balances and cash) and financial liabilities (due to banks, short term and long term borrowings, trust certificates issued, leasing creditors and accounts payable and other liabilities).

Except for certain available for sale investments which are carried at cost (KD75,282 thousand), the carrying amounts of financial assets and liabilities as at 30 September 2013, approximate their fair values.

Notes to the interim condensed consolidated financial information (continued)

15 Financial instruments (continued)

Fair value hierarchy for financial instruments measured at fair value

The following table presents the financial assets and liabilities which are measured at fair value in the interim condensed consolidated statement of financial position in accordance with the fair value hierarchy.

This hierarchy groups financial assets and liabilities into nine levels based on the significance of inputs used in measuring the fair value of the financial assets and liabilities. The fair value hierarchy has the following levels:

- Level 1: quoted prices (unadjusted) in active markets for identical assets or liabilities;
- Level 2: inputs other than quoted prices included within Level 1 that are observable for the asset or liability, either directly (i.e. as prices) or indirectly (i.e. derived from prices); and
- Level 3: inputs for the asset or liability that are not based on observable market data (unobservable inputs).

The level within which the financial asset or liability is classified is determined based on the lowest level of significant input to the fair value measurement.

The financial assets and liabilities measured at fair value in the statement of financial position are grouped into the fair value hierarchy as follows;

At 30 September 2013

		Level 1	Level 2	Level 3	Total Balance
	Note	KD'000	KD'000	KD'000	KD'000
Assets at fair value					
Available for sale investments					
-Managed funds					
Private equity funds	a	-	-	59,090	59,090
Other managed portfolio	a	-	9,457	85,869	95,326
-Unquoted equity participations	b	-	-	138,432	138,432
-Quoted shares	c	371,228	-	-	371,228
Investment at fair value through profit or loss					
-Quoted shares	c	34,541	-	-	34,541
- Quoted debt instruments	c	1,352	-	-	1,352
-Local funds	d	-	10,879	-	10,879
-International managed portfolios and funds	e	-	-	15,109	15,109
Total assets		407,121	20,336	298,500	725,957

Fair value measurements

The group measurement of financial assets and liabilities classified in level 3 uses valuation techniques inputs that are not based on observable market date. The financial instruments within this level can be reconciled from beginning to ending balances as follows:

	30 Sept. 2013 KD'000
Opening balance	319,317
Net change in fair value recognised in other comprehensive income	1,449
Impairment recognised in profit or loss	(6,607)
Net change in fair value recognised in profit or loss	1,167
Reclassified from carried at cost to fair valued investments	609
Net disposals during the period	(17,435)
Closing balance	298,500

Notes to the interim condensed consolidated financial information (continued)

15 Financial instruments (continued)

Fair value hierarchy for financial instruments measured at fair value (continued)

Fair value measurements (continued)

Changing inputs to the level 3 valuations to reasonably possible alternative assumption would not change significantly amounts recognised in profit or loss, total assets or total liabilities or total equity.

Measurement at fair value

The methods and valuation techniques used for the purpose of measuring fair value are as follows:

a) Managed funds

Private equity funds

The underlying investments in these private equity funds mainly represent foreign quoted and unquoted securities. Information for these investments is limited to periodic financial reports provided by the investment managers. These investments are carried at net asset values reported by the investment managers. Due to the nature of these investments, the net asset values reported by the investment managers represent the best estimate of fair values available for these investments.

Other managed portfolios

The underlying investments of other managed portfolios represent local and foreign quoted and unquoted securities managed by specialized portfolio managers. They are valued based on periodic reports received from the portfolio managers.

b) Unquoted equity participations

The consolidated financial statements include holdings in unlisted securities which are measured at fair value. Fair value is estimated using discounted cash flow model or other valuation techniques which include some assumptions that are not supportable by observable market prices or rates.

c) Quoted shares & debt instruments

Quoted shares and debt instruments represent all listed equity securities and debt instruments which are publicly traded in stock exchanges. Fair values have been determined by reference to their quoted bid prices at the reporting date.

d) Local funds

The underlying investments of these funds mainly comprise of local quoted shares and money market instruments and the fair value of the investment has been determined based on net asset values reported by the fund manager as of the reporting date.

e) International managed portfolios and funds

The underlying investments of international managed portfolios and funds represent quoted and unquoted securities. They are valued based on fund managers' report.

Notes to the interim condensed consolidated financial information (continued)

16 Discontinued operations

The Group's discontinued operations comprise of operations of two of its subsidiaries (George Wilson Industrial Limited disposed in September 2012 and BI Composites Limited put into administration in November 2012) and the operating losses of those two subsidiaries are summarised below:

	Three months ended 30 Sept. 2012 KD '000 (Restated)	Nine months ended 30 Sept. 2012 KD '000 (Restated)
Sales	1,159	3,857
