Review report on the interim condensed consolidated financial information

Introduction

We have reviewed the accompanying interim condensed consolidated financial information of Ekttitab Holding Company K.S.C (Public)- Kuwait "the parent company" and its subsidiary (together referred to as "the Group") which comprise the interim condensed consolidated statement of financial position as of June 30, 2013 and the related interim condensed consolidated statements of income, comprehensive income, cash flows and changes in equity for the six-months period then ended. The parent company's management is responsible for the preparation and presentation of this interim condensed consolidated financial information in accordance with International Accounting Standard No. (34) "Interim Financial Reporting". Our responsibility is to express a conclusion on this interim condensed consolidated financial information based on our review.

Scope of review

We conducted our review in accordance with the International Standard on Review Engagements 2410 "Review of Interim Financial Information performed by the Independent Auditors of the Entity".
A review of interim condensed consolidated financial information consists of making inquiries, primarily of persons responsible for financial and accounting matters, and applying analytical and other review procedures. A review is substantially less in scope than an audit conducted in accordance with International Standards on Auditing and consequently does not enable us to obtain assurance that we would become aware of all significant matters that might be identified in an audit. Accordingly, we do not express an audit opinion.

Conclusion

Based on our review, nothing has come to our attention that causes us to believe that the accompanying interim condensed consolidated financial information is not prepared, in all material respects, in accordance with International Accounting Standard No. (34) "Interim Financial Reporting".

Explanatory paragraph

We draw attention to note (7) to the interim condensed consolidated financial information which describes the uncertainty related to the outcome of the lawsuits between the Company and the creditors of Murabahat and Tawaruq contracts that are due and unpaid.

Other matters

The interim condensed consolidated financial information for the period ended June 30, 2012 were reviewed by another auditor's; whose report dated August 13, 2012.

Report on review of other legal and regulatory matters

Furthermore, based on our review, the interim condensed consolidated financial information is in agreement with the books of the parent company. Also, to the best of our knowledge and belief, no violations of the Companies' law no. 25 of year 2012, nor of the Articles and Memorandum of Association of the parent company have occurred during the six months period ended June 30, 2013 that might have had a material effect on the business of the parent company or on its consolidated financial position.

Notes to Interim Condensed Consolidated Financial Information For the six months ended June 30, 2013 (Unaudited)
(All amounts are in Kuwaiti Dinars unless otherwise stated)

1. Company's Overview

Ekttitab Holding Company (the Company) - K.S.C. (Public) - established in 1999. The Company is registered in the Commercial Register under No. 105414, and listed in Kuwait Stock Exchange on December 19, 2005.

The Company's office is located at Jassim Al Asfour Building – Kuwait city, P. O. Box 2799 Safat 13028 State of Kuwait.

The Company's activities are represented in carrying out all transactions related to establishing and acquiring companies with limited liability, Kuwaiti shareholding and foreign companies, borrowings and acting as grantor for such companies.

This interim condensed consolidated financial information include the financial information of the Company and its subsidiary (together referred to as "the Group"):

			Ownership %		
Company's name	**Legal form**	**Incorporation country**	**June 30, 2013**	December 31, 2012 (audited)	June 30, 2012
Petro Integrated Business Holding Company	K.S.C.C	Kuwait	**96.25**	92.5	100

The financial information of the subsidiary as at June 30, 2013 was consolidated based on financial statements prepared by the management. The total assets of this Company amounted to KD 15,880,545 as at June 30, 2013 (KD 6,578,220 as at December 31, 2012 as at June 30, 2012: 5,748,837) and net losses of KD 163,579 for the period ended June 30, 2013 (profit KD 743,738 for the period ended June 30, 2012).

During the period, the parent company increased its ownership percentage in the subsidiary Petro Integrated Business Holding Company share capital to become its ownership percentage 96.25% through the re-issuing new capital and fully paid by the parent company at cost.

The Companies Law issued on November 26, 2012 by Decree Law no 25 of 2012 (the "Companies Law"), which was published in the Official Gazette on November 29, 2012, cancelled the Commercial Companies Law No 15 of 1960. The Companies Law was subsequently amended on March 27, 2013 by Decree Law no 97 of 2013 (the Decree).

According to article 2 and 3 of the Decree, Executive Regulations which shall be issued by the Minister of Industry and Commerce will determine the basis and rules which the Company shall adopt to regularise its affairs with the Companies Law as amended.

This interim condensed consolidated financial information was approved for issuance by the Board of Directors on August 5, 2013.

2. Basis of preparation of interim financial information

This interim condensed consolidated financial information has been prepared in accordance with International Accounting Standard (34) "Interim financial reporting".

The interim condensed consolidated financial information does not contain all information and disclosures required for complete financial statements prepared in accordance with the International Financial Reporting Standards. In the opinion of management, all adjustments consisting of normal recurring accruals considered necessary for a fair presentation have been included in the interim financial information. The operation results for the period ended June 30, 2013 are not necessarily indicative of the results that may be expected for the financial year ending December 31, 2013. For further information, refer to the consolidated financial statements and its related disclosures for the year ended December 31, 2012.

The accounting policies used in the preparation of the interim condensed consolidated financial information are consistent with those used in the preparation of the consolidated financial statements for the year ended December 31, 2012, except for the adoption of the new and amended IFRS that have become effective from January 1, 2013:

IFRS 7 Financial Instruments: Disclosures - Transfers of Financial Assets

The amendment requires additional disclosure about financial assets that have been transferred but not derecognised to enable the user of the Company's financial statements to understand the relationship with those assets that have not been derecognised and their associated liabilities. In addition, the amendment requires disclosures about the entity's continuing involvement in derecognised assets to enable the users to evaluate the nature of, and risks associated with, such involvement. The Company does not have any assets with these characteristics so there has been no effect on the interim condensed consolidated financial information of the Group.

IFRS 10 Consolidated Financial Statements

IFRS 10 replaces the parts of IAS 27 Consolidated and Separate Financial Statements that deal with consolidated financial statements and of SIC-12 Consolidation – Special Purpose Entities.

Under IFRS 10, there is only one basis for consolidation, that is, control. In addition, IFRS 10 includes a new definition of control that contains three elements: (a) power over an investee, (b) exposure, or rights, to variable returns from its involvement with the investee, and (c) the ability to use its power over the investee to affect the amount of the investor's returns. The adoption of this standard has not resulted in any significant impact on the consolidated financial position or performance of the Group.

IFRS 11 Joint Arrangements

The standard replaces IAS 31 "Interests in Joint Ventures". The standard removes the option to account for jointly controlled entities (JCEs) using proportionate consolidation. Instead, JCEs must be accounted for using the equity method. The standard has no significant effect on the interim condensed consolidated financial information.

IFRS 12 Disclosure of Involvement with Other Entities

IFRS 12 is a disclosure standard and is applicable to entities that have interests in subsidiary, joint arrangements, associates and/or unconsolidated structured entities. In general, the disclosure requirements in IFRS 12 are more extensive than those in the current standards. The Group will review before the year end and may disclose any additional disclosure in the annual financial statements of the Group.

As a consequence of the new IFRS 11 and IFRS 12; IAS 28 has been renamed IAS 28 "Investments in Associates and Joint Ventures", and describes the application of the equity method to investments in joint ventures in addition to associates. The adoption of this standard has not resulted in any impact on the financial position or performance of the Group.

IFRS 13 Fair Value Measurement

IFRS 13 establishes a single source of guidance under IFRS for all fair value measurements. IFRS 13 does not change when an entity is required to use fair value, but rather provides guidance on how to measure fair value under IFRS when fair value is required or permitted. The application of IFRS 13 has not materially impacted the fair value measurements carried out by the Group.

IFRS 13 also requires specific disclosures on fair values, some of which replace existing disclosure requirements in other standards, including IFRS 7 Financial Instruments: Disclosures. Some of these disclosures are specifically required for financial instruments by IAS 34, thereby affecting the interim condensed consolidated financial information period. The Group provides these disclosures in Note 13. The requirements of IAS 34 and transition provisions of IFRS 13 do not require comparative information for periods before initial application of IFRS 13. Consequentially, the Group does not provide the comparative information.

IAS 1 Presentation of Financial Statement

The amendments to IAS 1 require items of other comprehensive income to be grouped into two categories in the other comprehensive income section: (a) items that will not be reclassified subsequently to profit or loss and (b) items that may be reclassified subsequently to profit or loss when specific conditions are met. The amendment affects presentation only and has no impact on the Company's financial position or performance.

Other amendments to IFRSs which are effective for annual accounting period starting from January 1, 2013 did not have any material impact on the accounting policies, consolidated financial position or performance of the Group.

Fair value of financial instruments
The fair value is the amount for which an asset could be exchanged, or a liability settled, between knowledgeable, willing parties in an arm's length transaction. The Group has used the assumptions and accepted methods in the assessment of fair values of financial instruments. The fair values of the Group's financial assets and financial liabilities are determined as follows:

- The fair values of financial assets and financial liabilities with standard terms and conditions and traded on active market are determined with reference to quoted market prices.
- The fair values of other financial assets and financial liabilities (excluding derivative instruments) are determined in accordance with generally accepted pricing models based on discounted cash flows analysis using prices from observable current market transactions and dealer quotes for similar instrument.

Fair value of the non-derivative financial instruments is not materially different from its respective carrying value.

The following table presents financial assets and liabilities measured at fair value in the consolidated statement of financial position in accordance with the fair value hierarchy, where the hierarchy classifies the financial assets and liabilities to three levels based on the importance of the inputs used in the measurement of the fair value of the financial assets and liabilities.

The hierarchy levels of fair value are set out below:

- Level 1: prices included (unadjusted) in active markets for identical assets or liabilities.
- Level 2: Inputs other than quoted prices included within level 1 that are observable for the asset or liability, either directly (as prices) or indirectly (inputs relating to prices).
- Level 3: inputs for assets and liabilities that are not based on observable market information (non observable information).

The level within which the financial asset or liability is classified is determined based on the lowest level of significant inputs to the fair value measurement.
