REPORT ON REVIEW OF INTERIM FINANCIAL INFORMATION

To the Board of Directors
Dubai Islamic Bank P.J.S.C.
Dubai
United Arab Emirates

Introduction

We have reviewed the accompanying condensed consolidated statement of financial position of **Dubai Islamic Bank P.J.S.C.** (the "Parent") and its subsidiaries (together referred to as the "Bank") as at 30 September 2013 and the related condensed consolidated statements of income, comprehensive income, changes in equity and cash flows for the nine-month period then ended. Management of the Bank is responsible for the preparation and presentation of this interim financial information in accordance with International Accounting Standard 34, *Interim Financial Reporting* ("IAS 34"). Our responsibility is to express a conclusion on this interim financial information based on our review.

Scope of review

We conducted our review in accordance with International Standard on Review Engagements 2410, "Review of Interim Financial Information Performed by the Independent Auditor of the Entity." A review of interim financial information consists of making inquiries, primarily of persons responsible for financial and accounting matters, and applying analytical and other review procedures. A review is substantially less in scope than an audit conducted in accordance with International Standards on Auditing and consequently does not enable us to obtain assurance that we would become aware of all significant matters that might be identified in an audit. Accordingly, we do not express an audit opinion.

Conclusion

Based on our review, nothing has come to our attention that causes us to believe that the accompanying interim financial information is not prepared, in all material respects in accordance with IAS 34.

Deloitte & Touche (M.E.)

The accompanying notes form an integral part of these condensed consolidated financial statements.

Notes to the condensed consolidated financial statements for the nine-month period ended 30 September 2013

1. General information

Dubai Islamic Bank (Public Joint Stock Company) (the “Parent”) was incorporated by an Amiri Decree issued on 29 Safar 1395 Hijri, corresponding to 12 March 1975 by His Highness, the Ruler of Dubai, to provide banking and related services based on Islamic Sharia’a principles. It was subsequently registered under the Commercial Companies Law number 8 of 1984 (as amended) as a Public Joint Stock Company. The registered head office of the Bank is at P.O. Box 1080, Dubai, United Arab Emirates.

These condensed consolidated financial statements combine the activities of the Parent and its subsidiaries as disclosed in Note 19 to these condensed consolidated financial statements (together referred to as the “Bank”).

2. Application of new and revised International Financial Reporting Standards (IFRSs)

(a) New and revised IFRSs affecting the reported financial performance or/and financial position

The following new and revised IFRSs have been applied in the current period and have affected the amounts reported in these condensed consolidated financial statements:

- IFRS 10 *Consolidated Financial Statements* and IAS 27 (as revised in 2011) *Separate Financial Statements*

IFRS 10 and IAS 27 (as revised in 2011) replaces the parts of IAS 27 *Consolidated and Separate Financial Statements* that deal with consolidated financial statements and SIC 12 *Consolidation – Special Purpose Entities*. Under IFRS 10, there is only one basis for consolidation, which is control. In addition, IFRS 10 includes a new definition of control that contains three elements: (a) power over an investee, (b) exposure, or rights, to variable returns from its involvement with the investee, and (c) the ability to use its power over the investee to affect the amount of the investor’s returns. Extensive guidance has been added in IFRS 10 to deal with complex scenarios.

In light of the new definitions and guidance of IFRS 10 and IAS 27 (as revised in 2011), the management has reassessed the control conclusion for its investees. As a consequence, the management has changed its control conclusion in respect of its investment in the following:

Name of subsidiary	Principal activity	Place of incorporation and operation	Proportion and ownership interest and voting power held by the Bank	
			2013	2012
Deyaar Development P.J.S.C. (“Deyaar”)	Real estate development	U.A.E.	44.9%	44.9%

The Bank applied acquisition accounting to the investment at 1 July 2010, as if Deyaar had been consolidated from that date.

Although the Bank owns less than 50% of Deyaar, the Bank has de-facto control over Deyaar because it is exposed to significant variable returns from its involvement with Deyaar and has power and rights to affect the amount of its returns. In prior years, the investment in Deyaar was accounted for as an associate using the equity method.

**Notes to the condensed consolidated financial statements
for the nine-month period ended 30 September 2013 (continued)**

**2. Application of new and revised International Financial Reporting Standards (IFRSs)
(continued)**

**(a) New and revised IFRSs affecting the reported financial performance or/and financial position
(continued)**

As at 1 July 2010, the fair value of net identifiable assets was as follows:

	1 July 2010 (Unaudited) AED'000
Fair value of net identifiable assets	5,097,786
The Bank's share of the fair value of net identifiable assets	2,286,357
The Bank's investment carrying amount	(2,788,743)
Net impact on the Bank's retained earnings	(502,386)

- IFRS 11 *Joint Arrangements* and IAS 28 (as revised in 2011) *Investments in Associates and Joint Ventures*

IFRS 11 and IAS 28 (as revised in 2011) replace IAS 31 *Interests in Joint Ventures* and SIC 13 *Jointly Controlled Entities - Non-monetary Contributions by Venturers*. IFRS 11 deals with how a joint arrangement of which two or more parties have joint control should be classified. Under IFRS 11, joint arrangements are classified as joint operations or joint ventures, depending on the rights and obligations of the parties to the arrangements. In contrast, under IAS 31, there are three types of joint arrangements: jointly controlled entities, jointly controlled assets and jointly controlled operations. In addition, joint ventures under IFRS 11 are required to be accounted for using the equity method of accounting, whereas jointly controlled entities under IAS 31 can be accounted for using the equity method of accounting or proportionate accounting.

The application of IFRS 11 and IAS 28 (as revised in 2011) resulted in changes in the accounting of the Bank's jointly controlled entity that was previously accounted for using the proportionate consolidation method. As per the new requirements, all jointly controlled entities were deconsolidated and accounted for using the equity method of accounting.

The impact of the adoption of the abovementioned new and revised standards on the comparative amounts is disclosed in Note 27 to these condensed consolidated financial statements.

(b) Amendments to IFRSs affecting presentation and disclosure only

The following revised IFRSs have been adopted in these condensed consolidated financial statements. The application of these revised IFRSs has affected the presentation and disclosure only and did not result in any impact on the reported amounts.

**Notes to the condensed consolidated financial statements
for the nine-month period ended 30 September 2013 (continued)**

**2. Application of new and revised International Financial Reporting Standards (IFRSs)
(continued)**

(b) Amendments to IFRSs affecting presentation and disclosure only (continued)

- Amendments to IAS 1 *Presentation of Financial Statements*

The amendments require items of other comprehensive income to be grouped into two categories in the other comprehensive income section: (a) items that will not be reclassified subsequently to profit or loss and (b) items that may be reclassified subsequently to profit or loss when specific conditions are met. The amendments have been applied retrospectively, and hence the presentation of items of other comprehensive income has been modified to reflect the changes. Other than the above mentioned presentation changes, the application of the amendments to IAS 1 does not result in any impact on profit or loss, other comprehensive income and total comprehensive income.

- Amendments to IAS 34 *Interim Financial Reporting*

The amendments require additional disclosures for the fair value of the financial instruments as required by IFRS 13 *Fair Value Measurement* and IFRS 7 *Financial Instruments* (Note 23).

(c) New and revised IFRSs applied with no material effect on the condensed consolidated financial statements

The following revised IFRSs have been adopted in these condensed consolidated financial statements. The application of these revised IFRSs has not had any material impact on the amounts reported for the current and prior periods but may affect the accounting for future transactions or arrangements.

- Amendments to IFRS 7 *Financial Instruments : Disclosure - Enhancing Disclosures about Offsetting of Financial Assets and Financial Liabilities*
- IFRS 12 *Disclosure of interests in other entities*
- IFRS 13 *Fair Value Measurement*
- IAS 19 (as amended in 2011) *Employee Benefits*
- Amendments to IAS 32 *Financial Instruments: Presentation - Offsetting of Financial Assets and Financial Liabilities*
- Amendments to IAS 1 *Presentation of Financial Statements - comparative information*
- Amendments to IAS 16 *Property, Plant and Equipment - servicing equipment*
- Amendments to IAS 32 *Financial Instruments - Presentation - tax effect of equity distribution*
- IFIRC 20 *Stripping Costs in the Production Phase of a Surface Mine*

(d) New and revised standards in issue but not yet effective

The Bank has not applied the following new and revised standards that have been issued but are not yet effective:

New and revised IFRSs

**Effective for annual periods
beginning on or after**

- Amendments to IFRS 10 *Consolidated Financial Statements - 1 January 2014 amendments for investment entities*

**Notes to the condensed consolidated financial statements
for the nine-month period ended 30 September 2013 (continued)**

**2. Application of new and revised International Financial Reporting Standards (IFRSs)
(continued)**

(d) New and revised standards in issue but not yet effective (continued)

<u>New and revised IFRSs</u>	<u>Effective for annual periods beginning on or after</u>
• Amendments to IFRS 12 <i>Disclosure of interests in Other Entities - amendments for investment entities</i>	1 January 2014
• Amendments to IAS 27 <i>Separate Financial Statements (as amended in 2011) - amendments for investment entities</i>	1 January 2014
• Amendments to IAS 32 <i>Financial instruments: Presentation - amendments relating to the offsetting of assets and liabilities</i>	1 January 2014
• Amendments to IAS 36 <i>Impairment of Assets – Amendments arising from Recoverable Amount Disclosures for Non-Financial Asset</i>	1 January 2014
• Amendments to IAS 39 <i>Financial Instruments: Recognition and Measurement – Amendments for novation of derivatives</i>	1 January 2014
• IFRIC 21 <i>Levies</i>	1 January 2014

As of date of issuance of these condensed consolidated financial statements, management are still in the process of evaluating the impact of these new and revised standards on the condensed consolidated financial statements.

3. Summary of significant accounting policies

(a) Basis of preparation

These condensed consolidated financial statements are prepared in accordance with International Accounting Standard 34, “*Interim Financial Reporting*” issued by the International Accounting Standards Board and also complies with the applicable requirements of the laws in the U.A.E.

The condensed consolidated financial statements are presented in U.A.E. Dirhams (AED) since that is the currency in which the majority of the Bank’s transactions are denominated.

These condensed consolidated financial statements do not include all the information required in full consolidated financial statements and should be read in conjunction with the Bank’s consolidated financial statements for the year ended 31 December 2012 except for the impact of change in accounting policies for investment in subsidiaries and jointly controlled entities which are disclosed in Note 2 and note 27 to these condensed consolidated financial statements. In addition, results for the period from 1 January 2013 to 30 September 2013 are not necessarily indicative of the results that may be expected for the financial year ending 31 December 2013.

These condensed consolidated financial statements have been prepared on the historical cost basis, except for the revaluation of certain financial instruments.

**Notes to the condensed consolidated financial statements
for the nine-month period ended 30 September 2013 (continued)**

3. Summary of significant accounting policies (continued)

(a) Basis of preparation (continued)

The accounting policies used in the preparation of these condensed consolidated financial statements are consistent with those used in the audited annual consolidated financial statements for the year ended 31 December 2012 except for change in accounting policies relating to investment in subsidiaries, jointly controlled entities and definition and framework for measurement of fair value resulting from adoption of IFRS 10, IFRS 11 and IFRS 13.

As required by the Securities and Commodities Authority of the U.A.E. ("SCA"), accounting policies relating to investments in equities and sukuk; and investment properties have been disclosed in the condensed consolidated financial statements.

(b) Estimates

The preparation of these condensed consolidated financial statements requires management to make judgments, estimates and assumptions that affect the application of accounting policies and the reported amounts of assets, liabilities, income and expense. Actual amount may differ from these estimates.

In preparing these condensed consolidated financial statements, the significant judgments made by management in applying the Bank's accounting policies, and the key sources of estimates uncertainty were the same as those which were applied to the consolidated financial statements as at and for the year ended 31 December 2012 except those estimates that are related to application of IFRS 10 and 11, as mentioned in Note 2 to these condensed consolidated financial statements.

(c) Financial risk management

The Bank's financial risk management objectives and policies are consistent with those disclosed in the consolidated financial statements as at and for the year ended 31 December 2012.

(d) Basis of consolidation

These condensed consolidated financial statements incorporate the financial statements of the Bank and entities controlled by the Bank. Control is achieved where the Bank has:

- power over an investee,
- exposure, or rights, to variable returns from its involvement with the investee, and
- the ability to use its power over the investee to affect the amount of the investor's returns.

The Bank reassesses whether or not it controls an investee if facts and circumstances indicate that there are changes to one or more of the three elements of control listed above.

When the Bank has less than a majority of the voting rights of an investee, it has power over the investee when the voting rights are sufficient to give it the practical ability to direct the relevant activities of the investee unilaterally. The Bank considers all relevant facts and circumstances in assessing whether or not the Bank's voting rights in an investee are sufficient to give it power, including:

**Notes to the condensed consolidated financial statements
for the nine-month period ended 30 September 2013 (continued)**

3. Summary of significant accounting policies (continued)

(d) Basis of consolidation (continued)

- the size of the Bank's holding of voting rights relative to the size and dispersion of holdings of the other vote holders;
- potential voting rights held by the Bank, other vote holders and other parties;
- rights arising from other contractual arrangements; and
- any additional facts and circumstances that indicate that the Bank has, or does not have, the current ability to direct the relevant activities at the time that decisions need to be made, including voting patterns and previous shareholders' meetings.

Consolidation of a subsidiary begins when the Bank obtains control over the subsidiary and ceases when the Bank loses control of the subsidiary. Specifically, income and expenses of a subsidiary acquired or disposed of during the financial period are included in the consolidated income statement from the date the Bank gains control until the date when the Bank ceases to control the subsidiary.

Profit or loss and each component of other comprehensive income are attributable to the owners of the Parent and to the non-controlling interests even if this results in the non-controlling interests having a deficit balance.

When necessary, adjustments are made to the financial statements of subsidiaries to bring their accounting policies into line with the Bank's accounting policies.

All intragroup assets, liabilities, equity, income, expenses and cash flows relating to transactions between members of the Bank are eliminated in full on consolidation.

Changes in the Bank's ownership interests in subsidiaries that do not result in the Bank losing control over the subsidiaries are accounted for as equity transactions. The carrying amounts of the Bank's interests and the non-controlling interests are adjusted to reflect the changes in their relative interests in the subsidiaries. Any difference between the amount by which the non-controlling interests are adjusted and the fair value of the consideration paid/payable or received/receivable is recognised directly in equity and attributed to owners of the Parent.

(e) Investments in Islamic Sukuk

Investments in Islamic Sukuk are measured at amortised cost if both of the following conditions are met:

- the asset is held within a business model whose objective is to hold assets in order to collect contractual cash flows; and
- the contractual terms of the instrument give rise on specified dates to cash flows that are solely payments of principal and profit on the principal amount outstanding.

Investments in Islamic Sukuk meeting these criteria are measured initially at fair value plus transaction costs. They are subsequently measured at amortised cost using the effective yield method less any impairment, with profit recognised on an effective yield basis in income from investments in Islamic Sukuk in the condensed consolidated income statement.

**Notes to the condensed consolidated financial statements
for the nine-month period ended 30 September 2013 (continued)**

3. Summary of significant accounting policies (continued)

(e) Investments in Islamic Sukuk (continued)

Subsequent to initial recognition, the Bank is required to reclassify investments in Islamic Sukuk from amortised cost to fair value through profit or loss ("FVTPL"), if the objective of the business model changes so that the amortised cost criteria is no longer met.

The Bank may irrevocably elect at initial recognition to classify investment in Islamic Sukuk that meets the amortised cost criteria above as at fair value through profit or loss ("FVTPL"), if that designation eliminates or significantly reduces an accounting mismatch had the financial asset been measured at amortised cost. At the reporting date, the Bank has elected not to designate any investments in Islamic Sukuk as FVTPL under the fair value option.

(f) Other investments

Investments measured at fair value through profit or loss ("FVTPL")

Investments in equity instruments are classified as financial assets measured at FVTPL, unless the Bank designates an investment that is not held for trading as at fair value through other comprehensive income ("FVTOCI") at initial recognition.

Financial assets measured at FVTPL are measured at fair value, with any gains or losses arising on re-measurement recognised in the condensed consolidated income statement. The net gain or loss is recognised in the condensed consolidated income statement.

Dividend income on investments in equity instruments at FVTPL is recognised in condensed consolidated income statement when the Bank's right to receive the dividends is established.

Investments measured at fair value through other comprehensive income ("FVTOCI")

At initial recognition, the Bank can make an irrevocable election (on an instrument-by-instrument basis) to designate other investments as at fair value through other comprehensive income ("FVTOCI"). Designation at FVTOCI is not permitted if the equity investment is held for trading.

Other investments are held for trading if:

- it has been acquired principally for the purpose of selling it in the near term;
- on initial recognition it is part of a portfolio of identified financial instruments that the Bank manages together and has evidence of a recent actual pattern of short-term profit-taking; or
- it is a derivative that is not designated and effective as a hedging instrument or a financial guarantee.

Investments in equity instruments at FVTOCI are initially measured at fair value plus transaction costs. Subsequently, they are measured at fair value with gains and losses arising from changes in fair value recognised in other comprehensive income and accumulated in the investments fair value reserve. Where the asset is disposed of, the cumulative gain or loss previously accumulated in the investments fair value reserve is not reclassified to the condensed consolidated income statement, but is reclassified to retained earnings directly.

Dividends on these investments in equity instruments are recognised in condensed consolidated income statement when the Bank's right to receive the dividends is established, unless the dividends clearly represent a recovery of part of the cost of the investments.

**Notes to the condensed consolidated financial statements
for the nine-month period ended 30 September 2013 (continued)**

3. Summary of significant accounting policies (continued)

(g) Investments in associates and jointly controlled entities

The results and assets and liabilities of associates and jointly controlled entities are incorporated in these consolidated financial statements using the equity method of accounting. Under the equity method, an investment in associates and jointly controlled entities is initially recognised in the consolidated statement of financial position at cost and adjusted thereafter to recognise the Bank's share of the profit or loss and other comprehensive income of the associates and jointly controlled entities. When the Bank's share of losses of associates and jointly controlled entities exceeds the Bank's interest in that associates and jointly controlled entities (which includes any long-term interests that, in substance, form part of the Bank's net investment in the associates and jointly controlled entities), the Bank discontinues recognizing its share of further losses. Additional losses are recognised only to the extent that the Bank has incurred legal or constructive obligations or made payments on behalf of the associates and jointly controlled entities.

Any excess of the cost of acquisition over the Bank's share of the net fair value of the identifiable assets, liabilities and contingent liabilities of associates and jointly controlled entities recognised at the date of acquisition is recognised as goodwill, which is included within the carrying amount of the investment. Any excess of the Bank's share of the net fair value of the identifiable assets, liabilities and contingent liabilities over the cost of acquisition, after reassessment, is recognised immediately in the condensed consolidated income statement.

The requirements of International Financial Reporting Standards are applied to determine whether it is necessary to recognise any impairment loss with respect to the Bank's investment in associates and jointly controlled entities. When necessary, the entire carrying amount of the investment (including goodwill) is tested for impairment in accordance with IAS 36 *Impairment of Assets* as a single asset by comparing its recoverable amount (higher of value in use and fair value less costs to sell) with its carrying amount. Any impairment loss recognised forms part of the carrying amount of the investment. Any reversal of that impairment loss is recognised in accordance with IAS 36 to the extent that the recoverable amount of the investment subsequently increases.

The Bank continues to use the equity method when an investment in an associate becomes an investment in a jointly controlled entity or an investment in jointly controlled entity becomes an investment in an associate. There is no remeasurement to fair value upon such changes in ownership interests.

Upon disposal of associates and jointly controlled entities that results in the Bank losing significant influence over that associates and jointly controlled entities, any retained investment is measured at fair value at that date and the fair value is regarded as its fair value on initial recognition as a financial asset in accordance with IFRS 9. The difference between the previous carrying amount of the associates and jointly controlled entities attributable to the retained interest and its fair value is included in the determination of the gain or loss on disposal of the associates and jointly controlled entities. In addition, the Bank accounts for all amounts previously recognised in other comprehensive income in relation to that associates and jointly controlled entities on the same basis as would be required if that associates and jointly controlled entities had directly disposed of the related assets or liabilities. Therefore, if a gain or loss previously recognised in other comprehensive income by that associates and jointly controlled entities would be reclassified to profit or loss on the disposal of the related assets or liabilities, the Bank reclassifies the gain or loss from equity to profit or loss (as a reclassification adjustment) when it loses significant influence over that associates and jointly controlled entities.

When a Bank's entity transacts with its associates and jointly controlled entities, profits and losses resulting from the transactions with the associates and jointly controlled entities are recognised in the Bank's consolidated financial statements only to the extent of interests in the associates and jointly controlled entities that are not related to the Bank.

**Notes to the condensed consolidated financial statements
for the nine-month period ended 30 September 2013 (continued)**

3. Summary of significant accounting policies (continued)

(h) Investment properties

Properties held for rental or capital appreciation purposes as well as those held for undetermined future use are classified as investment properties. Investment properties are measured at cost less accumulated depreciation and any accumulated impairment losses. Depreciation on investment in buildings is charged on a straight-line basis over 25 years.

Investment properties are derecognised when either they have been disposed of or when the investment property is permanently withdrawn from use and no future economic benefit is expected from its disposal. Any gains or losses on the retirement or disposal of an investment property are recognised in the condensed consolidated income statement in the period of retirement or disposal.

Transfers are made to investment properties when, and only when there is change in use evidenced by ending of owner-occupation, commencement of an operating lease to another party or ending of construction or development. Transfers are made from investment properties when, and only when, there is change in use evidenced by commencement of owner-occupation or commencement of development with a view to sell.

(i) Non-current assets held for sale

Non-current assets and disposal groups are classified as held for sale if their carrying amount will be recovered principally through a sale transaction rather than through continuing use. This condition is regarded as met only when the asset (or disposal group) is available for immediate sale in its present condition subject only to terms that are usual and customary for sales of such asset (or disposal group) and its sale is highly probable. Management must be committed to the sale which should be expected to qualify for recognition as a comparable sale within one year from the date of classification.

When the Bank is committed to a sale plan involving disposal of an investment, or a portion of an investment, in an associate or a jointly controlled entity, the investment or the portion of the investment that will be disposed of is classified as held for sale when the criteria described above are met, and the Bank discontinues the use of the equity method in relation to the portion that is classified as held for sale. Any retained portion of an investment in an associate or a jointly controlled entity that has not been classified as held for sale continues to be accounted for using the equity method. The Bank discontinues the use of equity method at the time of disposal and when the disposal results in the Bank losing significant influence or joint control over the associate or jointly controlled entity. After the disposal takes place, the Bank accounts for any retained interest in the associate or jointly controlled entity in accordance with IFRS 9 unless the retained interest continues to be an associate or a jointly controlled entity, in which case the Bank uses the equity method [Note 3(g)].

Non-current assets (or disposal groups) classified as held for sale are measured at the lower of their previous carrying amount and fair value less costs to sell.

**Notes to the condensed consolidated financial statements
for the nine-month period ended 30 September 2013 (continued)**

4. Cash and balances with central banks

(a) The analysis of the Bank's cash and balances with central banks is as follows:

	30 September 2013 (Unaudited) AED'000	31 December 2012 (Audited) AED'000 (Restated)
Cash in hand	1,538,635	1,732,034
Balances with the central banks:		
Current accounts	849,424	1,336,509
Reserve requirements with central banks [Note 4(c)]	5,033,719	4,186,484
International murabihat with the Central Bank of the U.A.E.	14,080,656	8,218,972
Total	21,502,434	15,473,999

(b) The geographical analysis of the cash and balances with central banks is as follows:

	30 September 2013 (Unaudited) AED'000	31 December 2012 (Audited) AED'000 (Restated)
Within the U.A.E.	21,348,397	15,332,999
Outside the U.A.E.	154,037	141,000
Total	21,502,434	15,473,999

(c) The reserve requirements are kept with the Central Banks of the U.A.E. and Pakistan in the respective local currencies and US Dollar. These reserves are not available for use in the Bank's day to day operations, and cannot be withdrawn without the approval of the respective central banks. The level of reserve required changes every month in accordance with the requirements of the respective central banks' directives.

Outside the U.A.E.	4,586,273	2,585,589
Total	79,585,425	66,725,523

(c) Depositors' investment risk reserve represents a portion of the depositors' share of profits set aside as a reserve. This reserve is paid to the depositors with the approval of the Bank's Fatwa and Sharia'a Supervisory Board.

12. Sukuk financing instruments

(a) The analysis of the Bank's sukuk financing instruments is as follows:

	30 September 2013 (Unaudited) AED'000	31 December 2012 (Audited) AED'000 (Restated)
Sukuk financing instruments issued by the Parent [Note 12(b)]	1,836,500	1,836,500
Sukuk financing instruments issued by a subsidiary	970,847	2,837,460
Total	2,807,347	4,673,960

(b) In May 2012, the Bank, through a Sharia'a compliant financing arrangement, established a Trust Certificate Issuance Programme for USD 2,500 million (the "Programme"). As part of the Programme, the first series of the trust certificates amounting to USD 500 million (AED 1,837 million) were issued and listed on Irish Stock Exchange in May 2012 and will mature in May 2017.

The terms of the Programme include transfer of certain identified assets (the "Co-Owned Assets") including original leased and musharakat assets, Sharia'a compliant authorised investments and any replaced assets of the Bank to DIB Sukuk Limited, Cayman Islands (the "Issuer"). These assets are under the control of the Bank and shall continue to be serviced by the Bank.

The Issuer will pay the semi-annually distribution amount from returns received in respect of the Co-Owned Assets. Such proceeds are expected to be sufficient to cover the semi-annually distribution amount payable to the sukuk holders on the semi-annually distribution dates. Upon maturity of the sukuk, the Bank has undertaken to repurchase the assets at the exercise price.

**Notes to the condensed consolidated financial statements
for the nine-month period ended 30 September 2013 (continued)**

13. Medium term wakalat finance

On 4 April 2013, after obtaining the necessary regulatory and government approvals, the Bank repaid Ministry of Finance medium term wakalat finance amounting to AED 3,753 million, in full before its contractual maturity in December 2016.

14. Equity

(a) Share capital

As at 30 September 2013 (Unaudited), 3,953,751,107 authorised ordinary shares of AED 1 each (31 December 2012 (Audited & Restated): 3,797,054,290 ordinary shares of AED 1 each) were fully issued and paid up [Note 19(b)].

(b) Tier 1 sukuk

In March 2013, the Bank through a Shari'a compliant sukuk arrangement issued Tier 1 sukuk amounting to USD 1,000 million (AED 3,673 million) at a par value of USD 1,000 (AED 3,673) per sukuk. Tier 1 sukuk was issued as approved by the Bank's shareholders in the Extraordinary General Meeting conducted on 4 March 2013.

Tier 1 sukuk is a perpetual security in respect of which there is no fixed redemption date and constitutes direct, unsecured, subordinated obligations (senior only to share capital) of the Bank subject to the terms and conditions of the Mudaraba Agreement. The Tier 1 sukuk is listed on the Irish Stock Exchange and callable by the Bank after the six-year period ending in March 2019 (the "First Call Date") or any profit payment date thereafter subject to certain redemption conditions.

The terms of the Programme include transfer of certain identified assets of the Bank to DIB Tier 1 Sukuk Ltd, Cayman Islands (the "Issuer"). These assets are under the control of the Bank and shall continue to be serviced by the Bank.

Tier 1 sukuk bears a fixed Mudaraba profit rate of 6.25% per annum payable semi-annually in arrears until the First Call Date. After that, the profit rate will be reset based on then prevailing 6 year U.S. Mid Swap Rate plus initial margin of 495.5 basis points.

At the Issuer's sole discretion, the Issuer may, elect not to make any Mudaraba profit distributions as expected and the event is not considered an event of default. If the Issuer makes a non-payment election or a non-payment event occurs, then the Bank will not (a) declare or pay any distribution or dividend or make any other payment on, and will procure that no distribution or dividend or other payment is made on ordinary shares issued by the Bank, or (b) directly or indirectly redeem, purchase, cancel, reduce or otherwise acquire ordinary shares issued by the Bank.

(c) Other reserves

Other reserves include AED 11.4 million treasury shares (6,330,545 shares) reacquired by the Bank as a result of the Bank's acquisition of a subsidiary's non-controlling interests during the period ended 30 September 2013.

21. Deyaar Development P.J.S.C. (Note 2)	Real estate development	U.A.E.	44.9%	44.9%

(b) On 3 January 2013, the Bank's Board of Directors announced its intention to acquire 100% of Tamweel P.J.S.C. ("Tamweel") shares by offering DIB shares in exchange for Tamweel shares to the non-controlling shareholders. The Bank obtained the approval of its shareholders in the Extraordinary Annual General Meeting conducted on 4 March 2013 and subsequently obtained all required approvals from the regulatory authorities, including The U.A.E. Ministry of Finance, Securities and Commodities Authority of the U.A.E., the U.A.E. Central Bank and Dubai Financial Market.

During the period ended 30 September 2013, the Bank issued 156.7 million shares at a par value of AED 1 per share to the non-controlling interest of Tamweel, who have accepted the Bank's offer of swapping 10 new DIB shares for every 18 Tamweel shares. This transaction increased the Bank's percentage of equity in Tamweel to 86.5% and the difference of AED 327.0 million between the fair value of the 156.7 million DIB shares and the carrying amount of non-controlling interest acquired was recognized in retained earnings.

21. Segmental information

Reportable segments

- (a) Reportable segments are identified on the basis of internal reports about the components of the Bank that are regularly reviewed by the Bank's chief operating decision maker in order to allocate resources to the segment and to assess its performance.
- (b) The Bank's reportable segments are organised into five major segments as follows:
- Retail and business banking: Principally handling small and medium businesses and individual customers' deposits, providing consumer and commercial murabahats, ijarah, credit card and funds transfer facilities and trade finance facilities.
 - Corporate and investment banking: Principally handling financing and other credit facilities and deposit and current accounts for corporate and institutional customers and investment banking services.
 - Real estate: Property development and other real estate investments.
 - Treasury: Principally responsible for managing bank's overall liquidity and market risk and provides treasury services to customers. Treasury also runs its own Islamic debt and specialises financial instruments book to manage the above risks.
 - Other: Functions other than above core lines of businesses.
- (c) The accounting policies of the reportable segments are the same as the Bank's accounting policies. Transactions between segments are conducted at estimated profit rates which approximate to market rates on an arm's length basis.

	30 September 2013 (Unaudited) AED'000	30 September 2012 (Unaudited) AED'000 (Restated)
Salaries and other benefits	16,193	15,327
End of service benefits	3,512	2,857

**Notes to the condensed consolidated financial statements
for the nine-month period ended 30 September 2013 (continued)**

23. Fair value of financial instruments

Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. Differences can therefore arise between book value under historical cost method and fair value estimates.

(a) Fair value of financial instruments measured at amortised cost

Except as detailed in the following table, the management considers that the carrying amounts of financial assets and financial liabilities recognised in the condensed consolidated financial statements approximate their fair values.

	Carrying amount AED'000	Fair value AED'000
30 September 2013 (Unaudited)		
<i>Financial assets:</i>		
Investments in Islamic sukuk	<u>10,531,250</u>	<u>10,993,299</u>
 31 December 2012 (Audited & Restated)		
<i>Financial assets:</i>		
Investments in Islamic sukuk	<u>11,088,662</u>	<u>11,488,181</u>

(b) Valuation techniques and assumptions applied for the purposes of measuring fair value

Valuation of financial instruments recorded at fair value, is based on quoted market prices and other valuation techniques.

The fair values of financial assets and financial liabilities are determined as follows:

- the fair value of financial assets and financial liabilities with standard terms and conditions and traded on active liquid markets is determined with reference to quoted market prices; and
- the fair value of other financial assets and financial liabilities is determined in accordance with generally accepted pricing models based on the present value calculation of the expected future cash flow analysis using prices from observable current market transactions and dealer quotes for similar instruments.

(c) Fair value measurements recognised in the consolidated statement of financial position

The Bank uses the following hierarchy for determining and disclosing the fair value of financial instruments by valuation technique:

Level 1 - Quoted prices (unadjusted) in active markets for identical financial assets or liabilities. This level includes listed equity securities classified as other investments.

Level 2 - Inputs other than quoted prices included within Level 1 that are observable for the asset or liability, either directly (that is, as prices) or indirectly (that is, derived from prices). This level includes the majority of the over the counter Islamic derivative arrangements. The sources of input parameters like variable yield curve or counterparty credit risk are obtained from Bloomberg and Reuters.

**Notes to the condensed consolidated financial statements
for the nine-month period ended 30 September 2013 (continued)**

23. Fair value of financial instruments (continued)

(c) Fair value measurements recognised in the consolidated statement of financial position (continued)

Level 3 - Inputs for the asset or liability that are not based on observable market data (unobservable inputs). This level includes unquoted equity investments classified as other investments with significant unobservable components.

This hierarchy requires the use of observable market data when available. The Bank considers relevant and observable market prices in its valuations where possible. The table below summarises the fair value of financial instruments of the Bank's financial instruments according to fair value hierarchy.

	Level 1 AED'000	Level 2 AED'000	Level 3 AED'000	Total AED'000
30 September 2013 (Unaudited)				
<i>Other investments measured at fair value</i>				
Investments designated at fair value through profit or loss				
Quoted equity instruments	8,463	-	-	8,463
Investments carried at fair value through other comprehensive income				
Quoted equity instruments	770,834	-	-	770,834
Unquoted equity instruments	-	-	905,122	905,122
Unquoted investment funds	-	-	470,476	470,476
<i>Other assets</i>				
Islamic derivative assets	-	23,612	-	23,612
Total financial assets measured at fair value	<u>779,297</u>	<u>23,612</u>	<u>1,375,598</u>	<u>2,178,507</u>
<i>Other liabilities</i>				
Islamic derivative liabilities	-	10,993	-	10,993
31 December 2012 (Audited & Restated)				
<i>Other investments measured at fair value</i>				
Investments designated at fair value through profit or loss				
Quoted equity instruments	1,132	-	-	1,132
Investments carried at fair value through other comprehensive income				
Quoted equity instruments	610,838	-	-	610,838
Unquoted equity instruments	-	-	990,577	990,577
Unquoted investment funds	-	-	561,750	561,750
<i>Other assets</i>				
Islamic derivative assets	-	41,288	-	41,288
Total financial assets measured at fair value	<u>611,970</u>	<u>41,288</u>	<u>1,552,327</u>	<u>2,205,585</u>
<i>Other liabilities</i>				
Islamic derivative liabilities	-	27,963	-	27,963

There were no transfers between Level 1 and 2 during the periods.

**Notes to the condensed consolidated financial statements
for the nine-month period ended 30 September 2013 (continued)**

23. Fair value of financial instruments (continued)

(d) Reconciliation of Level 3 fair value measurement of financial assets measured at fair value through other comprehensive income

	30 September 2013 (Unaudited) AED'000	31 December 2012 (Audited) AED'000 (Restated)
Balance at the beginning of the period/year	1,552,327	1,447,628
Losses recognized in other comprehensive income	(44,648)	(72,843)
Reclassified during the period/year	(34,145)	202,600
Purchased during the period/year	-	4,591
Disposed during the period/year	(97,936)	(29,649)
Balance at the end of the period/year	1,375,598	1,552,327

24. Capital adequacy ratio

	30 September 2013 (Unaudited) AED'000	31 December 2012 (Audited) AED'000 (Restated)
<i>Capital base</i>		
Tier 1 Capital	14,453,553	10,639,989
Tier 2 Capital	238,472	2,878,083
Deductions from capital	(544,870)	(477,491)
Total capital base	14,147,155	13,040,581
<i>Risk weighted assets</i>		
Credit risk	69,330,157	69,353,608
Market risk	2,281,728	1,910,767
Operational risk	3,840,839	3,840,839
Total risk weighted assets	75,452,724	75,105,214
<i>Capital adequacy ratios</i>		
Total regulatory capital expressed as a percentage of total risk weighted assets	18.7%	17.4%
Tier 1 capital to total risk weighted assets after deductions for associates	18.7%	13.9%

The capital adequacy ratio calculation is based on Basel 2 and the U.A.E. Central Bank rules and regulations.

25. Dividend

At the Annual General Meeting of the shareholders held on 4 March 2013, the shareholders approved a cash dividend of AED 0.15 per outstanding share on 31 December 2012 (for the year ended 31 December 2011: cash dividend of AED 0.125 per outstanding share).

**Notes to the condensed consolidated financial statements
for the nine-month period ended 30 September 2013 (continued)**

26. Seasonality of results

No income of seasonal nature was recorded in the condensed consolidated income statement for the nine-month periods ended 30 September 2013 and 2012.

27. Comparative amounts

The following tables summarize the impact of the adoption of the IFRS 10 and IFRS 11 on the comparative balances (i.e. 31 December 2012) and results (i.e. 30 September 2012):

Consolidated statement of financial position:

	As at 31 December 2012			
	As previously reported (Audited) AED'000	IFRS 10 adjustments (Unaudited) AED'000	IFRS 11 adjustments (Unaudited) AED'000	As restated (Unaudited) AED'000
