REPORT ON REVIEW OF INTERIM FINANCIAL INFORMATION

The Board of Directors
Arabian Scandinavian Insurance Company P.L.C.
Dubai
United Arab Emirates

Introduction

We have reviewed the accompanying condensed statement of financial position of **Arabian Scandinavian Insurance Company P.L.C. (the "Company"), Dubai, United Arab Emirates,** as at 31 March 2014 and the related condensed statements of income, comprehensive income, changes in equity and cash flows for the three month period then ended. Management is responsible for the preparation and presentation of this interim financial information in accordance with International Accounting Standard 34: *"Interim Financial Reporting"*. Our responsibility is to express a conclusion on this interim financial information based on our review.

Scope of Review

We conducted our review in accordance with International Standard on Review Engagements 2410, *"Review of Interim Financial Information Performed by the Independent Auditor of the Entity."* A review of interim financial information consists of making inquiries, primarily of persons responsible for financial and accounting matters, and applying analytical and other review procedures. A review is substantially less in scope than an audit conducted in accordance with International Standards on Auditing and consequently does not enable us to obtain assurance that we would become aware of all significant matters that might be identified in an audit. Accordingly, we do not express an audit opinion.

Conclusion

Based on our review, nothing has come to our attention that causes us to believe that the accompanying interim financial information is not prepared, in all material respects, in accordance with International Accounting Standard 34: *"Interim Financial Reporting"*.

2. Application of new and revised International Financial Reporting Standards ("IFRSs")

2.1 New and revised IFRSs applied with no material effect on the condensed financial statements

The following new and revised IFRSs have been adopted in these condensed financial statements. The application of these revised and new IFRSs has not had any material impact on the amounts reported for the current and prior years but may affect the accounting for future transactions or arrangements.

New and revised IFRSs	Effective for annual periods beginning on or after
• Amendments to IAS 32 Financial Instruments: Presentation relating to application guidance on the offsetting of financial assets and financial liabilities.	1 January 2014
• Amendments to IAS 36 recoverable amount disclosures The amendments restrict the requirements to disclose the recoverable amount of an asset or CGU to the period in which an impairment loss has been recognized or reversed. They also expand and clarify the disclosure requirements applicable when an asset or CGU's recoverable amount has been determined on the basis of fair value less costs of disposal.	1 January 2014
• Amendments to IAS 39 Financial Instruments: Recognition and Measurement, Novation of Derivatives and Continuation of Hedge Accounting The amendment allows the continuation of hedge accounting when a derivative is novated to a clearing counterparty and certain conditions are met.	1 January 2014
• IFRIC 21 – Levies: Interpretation was developed to address the concerns about how to account for levies that are based on financial data of a period that is different from that in which the activity that give rise to the payment of the levy occurs.	1 January 2014

Notes to the condensed financial statements
for the period ended 31 March 2014 (continued)

2. Application of new and revised International Financial Reporting Standards ("IFRSs") (continued)

2.1 New and revised IFRSs applied with no material effect on the condensed financial statements (continued)

New and revised IFRSs	Effective for annual periods beginning on or after
• Amendments to IFRS 10, IFRS 12 and IAS 27 – Guidance on Investment Entities. On 31 October 2012, the IASB published a standard on investment entities, which amends IFRS 10, IFRS 12, and IAS 27 and introduces the concept of an investment entity in IFRSs. The amendments establish an exception to IFRS 10's general consolidation principle for investment entities, requiring them to "measure particular subsidiaries at fair value through profit or loss, rather than consolidate them." In addition, the amendments outline required disclosures for reporting entities that meet the definition of an investment entity.	1 January 2014

2.2 New and revised International Financial Reporting Standards (IFRSs) in issue but not yet effective and not early adopted

The Company has not early applied the following new standards, amendments and interpretations that have been issued but not yet effective:

New and revised IFRSs	Effective for annual periods beginning on or after
• Amendments to IAS 19 *Employee Benefits* - to clarify the requirements that relate to how contributions from employees or third parties that are linked to service should be attributed to periods of service.	1 July 2014
• Annual Improvements to IFRSs 2010 - 2012 Cycle ▪ IFRS 2 Share Based Payments - definition of 'vesting condition'. ▪ IFRS 3 Business Combinations - accounting for contingent consideration. ▪ IFRS 8 Operating Segments - aggregation of segments, reconciliation of segment assets. ▪ IAS 16 Property Plant and Equipment - proportionate restatement of accumulated depreciation on revaluation. ▪ IAS 24 Related Party Disclosures - management entities. ▪ IAS 38 Intangible Assets - proportionate restatement of accumulated amortization on revaluation.	1 July 2014

Notes to the condensed financial statements
for the period ended 31 March 2014 (continued)

2. Application of new and revised International Financial Reporting Standards ("IFRSs") (continued)

2.2 New and revised International Financial Reporting Standards (IFRSs) in issue but not yet effective and not early adopted (continued)

New and revised IFRSs	Effective for annual periods beginning on or after
• Annual Improvements to IFRSs 2011 - 2013 Cycle	1 July 2014
▪ IFRS 1 First Time Adoption of International Financial Reporting Standards - meaning of effective IFRSs.	
▪ IFRS 3 Business Combinations - scope exception for joint ventures.	
▪ IFRS 13 Fair Value Measurement - scope of the portfolio exception.	
▪ IAS 40 Investment Property - interrelationship between IFRS 3 and IAS 40.	

Management anticipates that these new standards, interpretations and amendments will be adopted in the Company's financial statements for the period beginning 1 January 2015 or as and when they are applicable and adoption of these new standards, interpretations and amendments may have no material impact on the financial statements of the Company in the period of initial application.

3. Summary of significant accounting policies

3.1 Basis of preparation

These condensed financial statements have been prepared in accordance with International Accounting Standard (IAS) 34, *"Interim Financial Reporting"* and also comply with the applicable requirements of the laws in the U.A.E.

The condensed financial statements are presented in U.A.E. Dirhams (AED) since that is the currency in which the majority of the Company's transactions are denominated.

These condensed financial statements have been prepared on the historical cost basis, except for the revaluation of certain financial instruments and investment properties.

The accounting policies, presentation and methods used in these condensed financial statements are consistent with those used in the audited financial statements for the year ended 31 December 2013.

3. Summary of significant accounting policies (continued)

3.1 Basis of preparation (continued)

These condensed financial statements do not include all the information required for full annual financial statements and should be read in conjunction with the Company's audited annual financial statements as at and for the year ended 31 December 2013. In addition, results for the three month period ended 31 March 2014 are not necessarily indicative of the results that may be expected for the financial year ending 31 December 2014.

The accounting policies in respect of investment properties, investment in securities and property and equipment disclosed in the annual audited financial statements are stated below as required by Securities and Commodities Authority notification dated 12 October 2008.

3.2 Investment properties

Investment property, which is property held to earn rentals and/or for capital appreciation (including property under construction for such purposes), is stated at its fair value at the end of each reporting period. Gains or losses arising from changes in the fair value of investment property are included in the profit or loss.

3.3 Investment in securities

Investment in securities of the Company are recognised and derecognised on trade date where the purchase or sale of a financial asset is under a contract whose terms require delivery of the financial asset within the timeframe established by the market concerned, and are initially measured at fair value, plus transaction costs, except for those financial assets classified as at fair value through profit or loss, which are initially measured at fair value.

Investments of the Company are classified as either as financial assets at fair value through profit or loss (FVTPL) or as "financial assets at fair value through other comprehensive income (FVTOCI)".

3.3.1 Financial assets at fair value through profit or loss (FVTPL)

Investments in equity instruments are mandatorily classified as at FVTPL, unless the Company designates an investment that is not held for trading as at fair value through other comprehensive income (FVTOCI) on initial recognition.

Financial assets at FVTPL are measured at fair value at the end of each reporting period, with any gains or losses arising on remeasurement recognised in profit or loss.

Dividend income on investments in equity instruments at FVTPL is recognised in profit or loss when the Company's right to receive the dividends is established in accordance with IAS 18 Revenue.

Notes to the condensed financial statements
for the period ended 31 March 2014 (continued)

3. Summary of significant accounting policies (continued)

3.3 Investment in securities (continued)

3.3.2 Financial assets at fair value through other comprehensive income (FVTOCI)

At initial recognition, the Company can make an irrevocable election (on an instrument-by-instrument basis) to designate investments in equity instruments as at FVTOCI. Designation at FVTOCI is not permitted if the equity investment is held for trading.

A financial asset is held for trading if:

- it has been acquired principally for the purpose of selling it in the near term; or
- on initial recognition it is part of a portfolio of identified financial instruments that the Company manages together and has evidence of a recent actual pattern of short-term profit-taking; or
- it is a derivative that is not designated and effective as a hedging instrument or a financial guarantee.

Investments in equity instruments at FVTOCI are initially measured at fair value plus transaction costs. Subsequently, they are measured at fair value with gains and losses arising from changes in fair value recognised in other comprehensive income and accumulated in the cumulative changes in fair value reserve. The cumulative gain or loss will not be reclassified to profit or loss on disposal of the investments.

The Company has designated all investments in equity instruments that are not held for trading as at FVTOCI.

Dividends on these investments in equity instruments are recognised in profit or loss when the Company's right to receive the dividends is established in accordance with IAS 18 Revenue, unless the dividends clearly represent a recovery of part of the cost of the investment.

3.4 Property and equipment

Property and equipment are carried at cost less any accumulated depreciation and any identified impairment losses.

Depreciation is charged so as to write off the cost of assets, over their estimated useful lives, using the straight-line method. The estimated useful lives, residual values and depreciation method are reviewed at each year end, with the effect of any changes in estimate accounted for on a prospective basis.

The gain or loss arising on disposal or retirement of an item of property and equipment is determined as the difference between the sales proceeds and the carrying amount of the asset and is recognised in profit or loss.

The useful life considered in the calculations of depreciation of all assets is 4 years.

Notes to the condensed financial statements
for the period ended 31 March 2014 (continued)

4. Critical accounting judgements and key sources of estimation of uncertainty

The preparation of condensed financial statements requires management to make judgements, estimates and assumptions that affect the application of accounting policies and the reported amounts of assets and liabilities, income and expense. Actual results may differ from these estimates.

In preparing these condensed financial statements, the significant judgements made by management in applying the Company's accounting policies and the key sources of estimation uncertainty were the same as those that applied to the audited annual financial statements for the year ended 31 December 2013.

5. Property and equipment

All the properties and equipment are located in U.A.E.

6. Investment properties

Investment properties represent the fair value of the properties located in U.A.E.

As at 31 March 2014, management performed an impairment review and noted that the recoverable amount of one of the investment properties was found to be lower than its carrying value. Accordingly, the Company recognised an impairment loss of AED 687,500 during the current period (Three months period ended 31 March 2013: Nil).

Other than the impairment loss mentioned above, in the opinion of the management there has been no change in the fair value of investment properties since 31 December 2013.

Investment property amounting to AED 10,349,017 (31 December 2013: AED 11,036,517) is registered in the name of related parties in trust and for the benefit of the Company.

7. Financial investments

19. Fair value measurements

Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. As such, differences can arise between book values and the fair value estimates. Underlying the definition of fair value is the presumption that the Company is a going concern without any intention or requirement to materially curtail the scale of its operation or to undertake a transaction on adverse terms.

Valuation techniques and assumptions applied for the purposes of measuring fair value

The fair values of financial assets and financial liabilities are determined using similar valuation techniques and assumptions as used in the audited annual financial statements for the year ended 31 December 2013.

Fair value measurements recognised in the condensed statement of financial position

The following table provides an analysis of financial and non-financial instruments that are measured subsequent to initial recognition at fair value, grouped into Levels 1 to 3 based on the degree to which the fair value is observable:

- Level 1 fair value measurements are those derived from quoted prices (unadjusted) in active markets for identical assets or liabilities;

- Level 2 fair value measurements are those derived from inputs other than quoted prices included within Level 1 that are observable for the asset or liability, either directly (i.e. as prices) or indirectly (i.e. derived from prices); and

- Level 3 fair value measurements are those derived from valuation techniques that include inputs for the asset or liability that are not based on observable market data (unobservable inputs).
