Your Excellency,

Reference to your letter LD-NM-2014 related to the confirmation of the published news of Air Arabia's Banks negotiation for Aircraft financing.

We would like to bring to your kind attention that Aircraft financing negotiations are a common practice in the Airline business. It is also worth mentioning that this was an answer to one of the journalist during the Arab Aviation and Media summit that took place on the 24/09/2014

Thank you and best regards,

Abdelrahman Bin Taliah
