After more than 20 years with the Arabtec team

Raja Ghanma new CEO of "Arabtec Construction"

Dubai – 31 March 2015 – "Arabtec Holding" a leading engineering and construction group of companies specializing in complex projects in the Middle East and North Africa Region, and a UAE-based group, announced the appointment of Mr. Raja Hani Ghanma as CEO for "Arabtec Construction".

The decision to appoint Mr. Ghanma was taken to support Arabtec's continuous development efforts and to maintain its dynamic strategy to achieve greater success.

"Arabtec" confirmed that it has placed its trust today in one of its most experienced staff to continue working in accordance with the solid approach established by "Arabtec Construction" over the years. This approach involves providing the best construction standards and the highest quality services in its projects inside and outside the UAE. The later appointment will empower Arabtec's presence and support the continuous achievements and business excellence.

In this context, the Company expressed its confidence that Mr. Raja Ghanma, who is a loyal member of the "Arabtec" team, is well capable of carrying out the job responsibilities at "Arabtec". Since joining "Arabtec" more than 20 years ago, Mr. Ghanma assumed many positions during all stages of business development and the growth of projects, including the supervision of many architectural developments that presently stand testament to Arabtec's professionalism and prestige.

Mr. Ghanma has about 35 years of experience in engineering and construction and has worked in "Arabtec" for more than 20 years. He is one of the founders of "Arabtec Holding" in 2004, and before being appointed as CEO of Arabtec Construction, he was the COO of Arabtec Construction. Prior to that, he was a Board member in "Arabtec Holding" from 2008 until May 2014.

Mr. Raja holds a B.Sc. Degree in Civil Engineering from the University of Texas in the United States in 1979 and M.Sc. Degree in Civil Engineering from the same university in 1980.

He will continue to work in accordance with the Company's ambitious strategy towards further accomplishments, and to upgrade its performance to ensure more developments and enhance its stability in the long term.

- THE END –

About Arabtec Holding

A leading engineering and construction group of companies specializing in complex projects in the Middle East and North Africa region, including high-rise commercial and residential development, infrastructure and oil and gas.

The UAE-based group's impressive list of completed projects includes iconic buildings such as the world's tallest building, the Burj Khalifa in Dubai, and Abu Dhabi landmark, the Emirates Palace Hotel; as well as other technically challenging work on airports and related infrastructure.

Arabtec was the first private construction firm to go public when it was listed on the Dubai Financial Market in 2005. Today, Arabtec Holding consists of many subsidiaries, with specializations spanning all segments of the construction cycle. The group is currently working on some of the most prestigious projects in the Middle East, such as the Louvre Museum in Abu Dhabi, and is expanding into other regions. The group is also expanding in the oil and gas, power and related infrastructure sectors.

Arabtec's strong track record and commitment to timely and cost-efficient delivery has contributed to its rapid growth in recent years and a reputation for quality that has often translated into a market-led pricing premium for completed projects.
