REPORT ON REVIEW OF INTERIM FINANCIAL INFORMATION

Board of Directors
Damac Properties Dubai Co. PJSC
Dubai
United Arab Emirates

Introduction

We have reviewed the accompanying condensed consolidated statement of financial position of **Damac Properties Dubai Co. PJSC** (the "Company") **and its subsidiaries** (together the "Group") as at 30 June 2016 and the related condensed consolidated statements of comprehensive income, changes in equity and cash flows for the six month period then ended. Management is responsible for the preparation and presentation of this interim financial information in accordance with International Accounting Standard 34 '*Interim Financial Reporting*' ("IAS 34"). Our responsibility is to express a conclusion on this interim financial information based on our review.

Scope of review

We conducted our review in accordance with the International Standard on Review Engagements 2410, "*Review of Interim Financial Information Performed by the Independent Auditor of the Entity*". A review of interim financial information consists of making inquiries, primarily of persons responsible for financial and accounting matters, and applying analytical and other review procedures. A review is substantially less in scope than an audit conducted in accordance with International Standards on Auditing and consequently does not enable us to obtain assurance that we would become aware of all significant matters that might be identified in an audit. Accordingly, we do not express an audit opinion.

Conclusion

Based on our review, nothing has come to our attention that causes us to believe that the accompanying interim financial information is not prepared, in all material respects in accordance with IAS 34.

Notes to the condensed consolidated financial statements For the six month period ended 30 June 2016

1. General information

Damac Properties Dubai Co. PJSC (the "Company" or the "Parent") was incorporated in Dubai on 20 June 1976 as a Public Stock Company and operates in the United Arab Emirates under a trade license issued in Dubai. The address of the Company's registered office is P.O. Box 12265, Dubai, United Arab Emirates.

The majority shareholder is Mr. Hussain Sajwani (the "Chairman").

The Parent and its subsidiaries (collectively the "Group") are involved in the development of properties in the Middle East.

2. Application of new and revised International Financial Reporting Standards ("IFRSs")

2.1 New and revised IFRSs applied with no material effect on the condensed consolidated financial statements

The following new and revised IFRSs, which became effective for annual periods beginning on or after 1 January 2016, have been adopted in these condensed consolidated financial statements. The application of these revised and new IFRSs has not had any material impact on the amounts reported for the current and prior years but may affect the accounting for future transactions or arrangements.

- IFRS 14 *Regulatory Deferral Accounts*
- Amendments to IAS 1 *Presentation of Financial Statements* relating to disclosure initiative.
- Amendments to IFRS 11 *Joint Arrangements* relating to accounting for acquisitions of interests in joint operations.
- Amendments to IAS 16 *Property, Plant and Equipment* and IAS 38 *Intangible Assets* relating to clarification of acceptable methods of depreciation and amortisation.
- Amendments to IAS 16 *Property, Plant and Equipment* and IAS 41 *Agriculture* relating to bearer plants.
- Amendments to IAS 27 *Separate Financial Statements* relating to accounting investments in subsidiaries, joint ventures and associates to be optionally accounted for using the equity method in separate financial statements.
- Amendments to IFRS 10 *Consolidated Financial Statements*, IFRS 12 *Disclosure of Interests in Other Entities* and IAS 28 *Investment in Associates and Joint Ventures* relating to applying the consolidation exception for investment entities.
- Annual Improvements to IFRSs 2012 - 2014 Cycle covering amendments to IFRS 5, IFRS 7, IAS 19 and IAS 34.

Notes to the condensed consolidated financial statements
For the six month period ended 30 June 2016 (continued)

2. Application of new and revised International Financial Reporting Standards ("IFRSs") (continued)

2.2 New and revised IFRSs in issue but not yet effective and not early adopted

The Group has not yet applied the following new and revised IFRSs that have been issued but are not yet effective:

New and revised IFRSs	Effective for annual periods beginning on or after
Amendments to IAS 7 *Statement of Cash Flow* clarify that entities shall provide disclosures that enable users of financial statements to evaluate changes in liabilities arising from financing activities.	1 January 2017
Amendments to IAS 12 *Income Taxes* relating to recognition of deferred tax assets for unrealised losses	1 January 2017
Finalised version of IFRS 9 [IFRS 9 *Financial Instruments* (2014)] was issued in July 2014 incorporating requirements for classification and measurement, impairment, general hedge accounting and derecognition. This amends classification and measurement requirement of financial assets and introduces new expected loss impairment model. A new measurement category of fair value through other comprehensive income (FVTOCI) will apply for debt instruments held within a business model whose objective is achieved both by collecting contractual cash flows and selling financial assets. A new impairment model based on expected credit losses will apply to debt instruments measured at amortised costs or FVTOCI, lease receivables, contract assets and certain written loan commitments and financial guarantee contract.	1 January 2018
Amendments to IFRS 2 *Share-based Payment* to clarify the standard in relation to the accounting for cash-settled share-based payment transactions that include a performance condition, the classification of share-based payment transactions with net settlement features, and the accounting for modifications of share-based payment transactions from cash-settled to equity-settled.	1 January 2018
IFRS 16 *Leases* provides a single lessee accounting model, requiring lessees to recognise assets and liabilities for all leases unless the lease term is 12 months or less or the underlying asset has a low value.	1 January 2019
Amendments to IFRS 7 *Financial Instruments: Disclosures* relating to disclosures about the initial application of IFRS 9	When IFRS 9 is first applied
IFRS 7 *Financial Instruments: Disclosures* relating to the additional hedge accounting disclosures (and consequential amendments) resulting from the introduction of the hedge accounting chapter in IFRS 9	When IFRS 9 is first applied
Amendments to IFRS 10 *Consolidated Financial Statements* and IAS 28 *Investments in Associates and Joint Ventures* (2011) relating to the treatment of the sale or contribution of assets from and investor to its associate or joint venture.	Effective date deferred indefinitely

Notes to the condensed consolidated financial statements For the six month period ended 30 June 2016 (continued)

2. Application of new and revised International Financial Reporting Standards ("IFRSs") (continued)

2.2 New and revised IFRSs in issue but not yet effective and not early adopted (continued)

Management anticipates that these new standards, interpretations and amendments will be adopted in the Group's condensed consolidated financial statements for the period of initial application and adoption of these new standards, interpretations and amendments, except for IFRS 9, may have no material impact on the condensed consolidated financial statements of the Group in the period of initial application.

The application of the finalised version of IFRS 9 may have a significant impact on amounts reported and disclosures made in the Group's condensed consolidated financial statements in respect of the Group's financial assets and financial liabilities. However, it is not practicable to provide a reasonable estimate of effects of the application until the Group performs a detailed review.

2.3 New and revised IFRSs in issue but not yet effective that has been early adopted

IFRS 15 *Revenue from Contracts with Customers* was issued in May 2014 and is effective for annual periods commencing on or after 1 January 2018, with early adoption permitted. The Group reviewed the impact of IFRS 15 on its revenue from operations and had elected to early adopt it with effect from 1 January 2015. Refer note 3.3.

The Group had opted for modified retrospective application of the standard as permitted by IFRS 15 upon early adoption. Accordingly the standard has been applied to the year ended 31 December 2015 (the initial application period). Modified retrospective application requires the recognition of the cumulative impact of adoption on all contracts that are not yet complete as at 1 January 2015 in the form of an adjustment to the opening balance of retained earnings as at that date.

Adjustments to the consolidated statement of financial position as at 1 January 2015 are detailed below:

	31 December 2014 (Audited) AED'000	Adjustments/ reclassification (Audited) AED'000	1 January 2015 (Audited) AED'000
Assets			
Development properties	8,553,738	(597,396)	7,956,342

3. Summary of significant accounting policies

As required by the Securities and Commodities Authority of U.A.E. ("SCA") Notification No.2624/2008 dated 12 October 2008, certain required accounting policies have been disclosed in the condensed consolidated financial statements.

Notes to the condensed consolidated financial statements
For the six month period ended 30 June 2016 (continued)

3. Summary of significant accounting policies (continued)

3.1 Basis of preparation

The condensed consolidated financial statements of the Group are prepared under the historical cost basis except for certain financial instruments which are measured at fair value. Historical cost is generally based on the fair value of the consideration given in exchange for assets.

These condensed consolidated financial statements are prepared in accordance with International Accounting Standard 34: *Interim Financial Reporting* ("IAS 34") issued by the International Accounting Standard Board (IASB) and also comply with the applicable requirements of the U.A.E. Commercial Law.

The accounting policies used in the preparation of these condensed consolidated financial statements are consistent with those used in the audited annual consolidated financial statements for the year ended 31 December 2015.

These condensed consolidated financial statements do not include all the information and disclosures required in full consolidated financial statements and should be read in conjunction with the Group's consolidated financial statements for the year ended 31 December 2015. In addition, results for the period from 1 January 2016 to 30 June 2016 are not necessarily indicative of the results that may be expected for the financial year ending 31 December 2016.

3.2 Property and equipment

Property and equipment is stated at cost less accumulated depreciation and any identified impairment loss. The cost of property and equipment is the purchase consideration together with any incidental costs of acquisition.

Cost includes professional fees and, for qualifying assets, borrowing costs capitalised in accordance with the Group's accounting policy. Depreciation of these assets commences when the assets are ready for their intended use.

Depreciation is recognised so as to write off the cost other than freehold land and properties under construction, over their estimated useful lives, using the straight-line method. The estimated useful lives, residual values and depreciation method are reviewed at each year end, with the effect of any changes in estimate accounted for on a prospective basis.

The following useful lives are used in the calculation of depreciation:

	Years
Furniture and fixtures	6
Tools and office equipment	6
Motor vehicles	6

An item of property and equipment is derecognised upon disposal or when no future economic benefits are expected to arise from the continued use of the asset.

The gain or loss arising on the disposal or retirement of an item of property and equipment is determined as the difference between the sales proceeds and the carrying amount of the asset and is recognised in the condensed consolidated statement of comprehensive income.

Notes to the condensed consolidated financial statements
For the six month period ended 30 June 2016 (continued)

3. Summary of significant accounting policies (continued)

3.3 Development properties

Properties acquired, or being developed with the intention of sale are classified as development properties. These are stated at the lower of cost and net realisable value.

Cost principally includes the cost of the land and construction cost and all other costs which are necessary to get the properties ready for sale. Net realisable value represents the estimated selling value, based on sales relevant in the year, less costs to be incurred in selling the properties.

Provisions are recognised when the Group has a present obligation (legal or constructive) as a result of a past event, it is probable that the Group will be required to settle the obligation, and a reliable estimate can be made of the amount of the obligation.

3.4 Revenue recognition

IFRS 15 *Revenue from Contracts with Customers* outlines a single comprehensive model of accounting for revenue arising from contracts with customers and supersedes current revenue recognition guidance found across several Standards and Interpretations within IFRSs. It establishes a new five-step model that will apply to revenue arising from contracts with customers.

Step 1 Identify the contract with a customer: A contract is defined as an agreement between two or more parties that creates enforceable rights and obligations and sets out the criteria for each of those rights and obligations.
Step 2 Identify the performance obligations in the contract: A performance obligation in a contract is a promise to transfer a good or service to the customer.
Step 3 Determine the transaction price: Transaction price is the amount of consideration to which the Group expects to be entitled in exchange for transferring the promised goods and services to a customer, excluding amounts collected on behalf of third parties.
Step 4 Allocate the transaction price to the performance obligations in the contract: For a contract that has more than one performance obligation, the Group will allocate the transaction price to each performance obligation in an amount that depicts the consideration to which the Group expects to be entitled in exchange for satisfying each performance obligation.
Step 5 Recognise revenue as and when the entity satisfies a performance obligation.

The Group recognises revenue over time if any one of the following criteria is met:

- the customer simultaneously receives and consumes the benefits provided by the Group's performance as the Group performs; or
- the Group's performance creates or enhances an asset that the customer controls as the asset is created or enhanced; or
- the Group's performance does not create an asset with an alternative use to the Group and the entity has an enforceable right to payment for performance obligation completed to date.

The Group allocates the transaction price to the performance obligations in a contract based on the input method which requires revenue recognition on the basis of the Group's efforts or inputs to the satisfaction of the performance obligations. The Group estimates the total costs to complete the projects in order to determine the amount of revenue to be recognised.

Notes to the condensed consolidated financial statements
For the six month period ended 30 June 2016 (continued)

3. Summary of significant accounting policies (continued)

3.4 Revenue recognition (continued)

When the Group satisfies a performance obligation by delivering the promised goods and services, it creates a contract asset based on the amount of consideration earned by the performance. Where the amount of consideration received from a customer exceeds the amount of revenue recognised, this gives rise to a contract liability.

Revenue is measured at the fair value of consideration received or receivable, taking into account the contractually agreed terms of payment excluding taxes and duties. The Group assesses its revenue arrangements against specific criteria to determine if it is acting as principal or agent and has concluded that it is acting as a principal in all of its revenue arrangements.

Revenue is recognised in the condensed consolidated financial statements to the extent that it is probable that the economic benefits will flow to the Group and the revenue and costs, if and when applicable, can be measured reliably.

3.5 Basis of consolidation

The Company consolidated 100% of the operations, assets and liabilities of the subsidiaries listed below (together the "Group"):

Entity	Country of incorporation	Principal activities	Legal and economic interest
Najah Company Limited	British Virgin Islands	Holding company	100%
Al Khazna Company Limited	British Virgin Islands	Holding company	100%
Imtiaz Holding Limited	British Virgin Islands	Holding company	100%
Sahira Company Limited	British Virgin Islands	Holding company	100%
Al Firdous Holding Limited	British Virgin Islands	Holding company	100%
Damac Real Estate Development Limited, DIFC ("DRED")	United Arab Emirates	Holding company	100%

3.6 Financial risk management

The Group's financial risk management objectives and policies are consistent with those disclosed in the consolidated financial statements for the year ended 31 December 2015.

4. Critical accounting judgements and key sources of estimation of uncertainty

The preparation of condensed consolidated financial statements requires management to make judgements, estimates and assumptions that affect the application of accounting policies and the reported amounts of assets and liabilities, income and expense. Actual results may differ from these estimates.

In preparing these condensed consolidated financial statements, the significant judgements made by management in applying the Group's accounting policies and the key sources of estimation uncertainty were the same as those that applied to the consolidated financial statements for the year ended 31 December 2015.

Notes to the condensed consolidated financial statements For the six month period ended 30 June 2016 (continued)

5. Segment analysis

Information reported to the Board for the purpose of the resource allocation and assessment of performance is primarily determined by the nature of the different activities that the Group engages in, rather than the geographical location of these operations. The Group currently comprises a single reportable operating segment, being property development.

Geographic information for the Group is split between operations in the U.A.E. "Domestic" and operations in other jurisdictions "International".
