Review report on the interim condensed consolidated financial information

Introduction

We have reviewed the accompanying interim condensed consolidated financial information of Ekttitab Holding Company - K.S.C Public - Kuwait (the Parent Company) and its subsidiary (together referred to as "the Group") –which comprise the related interim condensed consolidated statement of financial position as of June 30, 2016 and the interim condensed consolidated statements of income, comprehensive income, changes in equity and cash flows for the six months period then ended. Management of the Parent Company is responsible for the preparation and presentation of this interim condensed consolidated financial information in accordance with International Accounting Standard No. (34) "Interim Financial Reporting". Our responsibility is to express a conclusion on this interim condensed consolidated financial information based on our review.

Scope of review

We conducted our review in accordance with the International Standard on Review Engagements 2410 "Review of Interim Financial Information performed by the Independent Auditors of the Entity".

A review of interim condensed consolidated financial information consists of making inquiries, primarily of persons responsible for financial and accounting matters, and applying analytical and other review procedures. A review is substantially less in scope than an audit conducted in accordance with International Standards on Auditing and consequently does not enable us to obtain assurance that we would become aware of all significant matters that might be identified in an audit. Accordingly, we do not express an audit opinion.

Conclusion

Based on our review, nothing has come to our attention that causes us to believe that the accompanying interim condensed consolidated financial information is not prepared, in all material respects, in accordance with International Accounting Standard No. (34) "Interim Financial Reporting".

Report on review of other legal and regulatory matters

Furthermore, based on our review, the interim condensed consolidated financial information is in agreement with the books of "the Parent Company". We further report that nothing has come to our attention indicating any contravention during the six month period ended June 30, 2016 of the Companies' Law no. 1 of year 2016 and related Executive Regulations (note 1) and its regulation and "the Parent company's" memorandum and articles of association that might have had a material effect on the business of "the Parent company" or on its interim condensed consolidated statement of financial position.

This interim condensed consolidated financial information was approved for issuance by the Board of Directors on .... 2016.

2. Significant Accounting Policies

2/1) Basis of preparation

The interim condensed consolidated financial information of "the Group" has been prepared in accordance with IAS 34, "***Interim Financial Reporting***". Accordingly, it does not include all of the information and footnotes required for complete consolidated financial statements prepared in accordance with International Financial Reporting Standards.

The accounting policies used in the preparation of this interim condensed consolidated financial information are consistent with those used in the preparation of the annual audited consolidated financial statements of "the Group" for the year ended December 31, 2015.

During the period "the Group" has adopted all the standards that came into effect for annual periods beginning January 1, 2016. The adoption of these standards did not have any material impact on this interim condensed consolidated financial information.
In the opinion of management, all adjustments (consisting of normal recurring accruals) considered necessary for fair presentation have been included. Operating results for the interim period are not necessarily indicative of the results that may be expected for the year ending December 31, 2016. For further information, refer to the annual audited consolidated financial statements and notes thereto for the year ended December 31, 2015.

This interim condensed consolidated financial information is presented in Kuwaiti Dinars ("KD") which is the functional and presentation currency of "the Group".

Amendments to IFRSs which are effective for annual accounting period starting from January 1, 2016 did not have any material impact on the accounting policies, financial position or performance of "the Group".

2/2) Critical judgments and estimates

The preparation of interim condensed consolidated financial information requires management to make judgments, estimates and assumptions that affect the application of accounting policies and the reported amounts of assets and liabilities, income and expense. Actual results may differ from these estimates.

In preparing this interim condensed consolidated financial information, the significant judgments made by management in applying "the Group's" accounting policies and the key sources of estimation uncertainty were the same as those applied to the annual audited consolidated financial statements as at and for the year ended December 31, 2015.

Fair value of financial instruments
The fair value is the amount for which an asset could be exchanged, or a liability settled, between knowledgeable, willing parties in an arm's length transaction. The Group has used the assumptions and accepted methods in the assessment of fair values of financial instruments. The fair values of the Group's financial assets and financial liabilities are determined as follows:

- The fair values of financial assets and financial liabilities with standard terms and conditions and traded on active market are determined with reference to quoted market prices.
- The fair values of other financial assets and financial liabilities (excluding derivative instruments) are determined in accordance with generally accepted pricing models based on discounted cash flows analysis using prices from observable current market transactions and dealer quotes for similar instrument.

Fair value of the non-derivative financial instruments is not materially different from its respective carrying value.

The following table presents financial assets and liabilities measured at fair value in the consolidated statement of financial position in accordance with the fair value hierarchy, where the hierarchy classifies the financial assets and liabilities to three levels based on the importance of the inputs used in the measurement of the fair value of the financial assets and liabilities.

The hierarchy levels of fair value are set out below:
- Level 1: prices included (unadjusted) in active markets for identical assets or liabilities.
- Level 2: Inputs other than quoted prices included within level 1 that are observable for the asset or liability, either directly (as prices) or indirectly (inputs relating to prices).
- Level 3: inputs for assets and liabilities that are not based on observable market information (non observable information).

The level within which the financial asset or liability is classified is determined based on the lowest level of significant inputs to the fair value measurement.
