INTERIM CONDENSED CONSOLIDATED FINANCIAL
INFORMATION AND REVIEW REPORT
FOR THE NINE MONTH PERIOD ENDED
30 SEPTEMBER 2016

Report on Review of Interim Condensed Consolidated Financial Information

The Board of Directors
SHUAA Capital PSC
Dubai
United Arab Emirates

Introduction

We have reviewed the accompanying interim consolidated statement of financial position of **SHUAA Capital PSC and its Subsidiaries** (the “Group”) as of 30 September 2016 and the related interim consolidated statements of income, comprehensive income, cash flows and changes in equity for the nine month period then ended. The Directors of the Group are responsible for the preparation and presentation of this interim condensed consolidated financial information in accordance with International Accounting Standard 34 ‘Interim Financial Reporting’ (“IAS 34”). Our responsibility is to express a conclusion on this interim condensed consolidated financial information based on our review.

Scope of review

We conducted our review in accordance with the International Standard on Review Engagements 2410, “Review of Interim Financial Information Performed by the Independent Auditor of the Entity.” A review of interim financial information consists of making inquiries, primarily of persons responsible for financial and accounting matters, and applying analytical and other review procedures. A review is substantially less in scope than an audit conducted in accordance with International Standards on Auditing and consequently does not enable us to obtain assurance that we would become aware of all significant matters that might be identified in an audit. Accordingly, we do not express an audit opinion.

Conclusion

Based on our review, nothing has come to our attention that causes us to believe that the accompanying interim condensed consolidated financial information is not prepared, in all material respects in accordance with IAS 34.

2. SIGNIFICANT ACCOUNTING POLICIES

The interim condensed consolidated financial information of the Group has been prepared in accordance with IAS 34, *Interim Financial Reporting*.

The interim condensed consolidated financial information is presented in thousands of United Arab Emirates Dirhams since that is the country in which the Parent is domiciled and the majority of the Group’s business is transacted.

The interim condensed consolidated financial information has been prepared on the historical cost convention as modified for the measurement at fair value of certain financial instruments.

The accounting policies adopted, methods of computation, critical accounting judgments and key sources of estimation uncertainty are consistent with those followed in the preparation of the Group’s annual consolidated financial statements for the year ended 31 December 2015, except for the adoption of new standards effective as of 1 January 2016, which are detailed below. The application of the new standards did not have any material impact on the amounts reported for the current and prior periods.

Effective for annual periods
beginning on or after

Amendments to IAS 16 Property, Plant and Equipment and IAS 38 Intangible Assets clarify the acceptable methods of depreciation and amortisation.

1 January 2016

Amendments to IFRS 11 Joint Arrangements clarify accounting for acquisitions of Interests in Joint Operations.

1 January 2016

Amendments to IFRS 10 Consolidated Financial Statements and IAS 28 Investments in Associates and Joint Ventures clarify that the recognition of the gain or loss on the sale or contribution of assets between an investor and its associate or joint venture depends on whether the assets sold or contributed constitute a business.

1 January 2016

2. SIGNIFICANT ACCOUNTING POLICIES - continued

	<u>Effective for annual periods beginning on or after</u>
<i>Amendments to IAS 27 Separate Financial Statements</i> allow an entity to account for investments in subsidiaries, joint ventures and associates either at cost, in accordance with IAS 39/IFRS 9 or using the equity method in an entity's separate financial statements.	1 January 2016
<i>Amendments to IFRS 10, IFRS 12 and IAS 28</i> clarifying certain aspects of applying the consolidation exception for investment entities.	1 January 2016
<i>Amendments to IAS 1 Presentation of Financial Statements</i> to address perceived impediments to preparers exercising their judgment in presenting their financial reports.	1 January 2016
<i>Amendments to IAS 19 Employee Benefits</i> clarify the requirements that relate to how contributions from employees or third parties that are linked to service should be attributed to periods of service.	1 January 2016

The Group has not applied any of the new and revised IFRS that have been issued but are not yet effective. The Group anticipates that these new standards (i.e. IFRS 9, IFRS 15 and IFRS 16) will be adopted in the Group's consolidated financial statements in the year of initial application and that the application of such standards may have significant impact on amounts reported in respect of the Group's financial statements. However, it is not practicable to provide a reasonable estimate of that effect until a detailed review has been completed.

The interim condensed consolidated financial information does not include all the information required for full annual consolidated financial statements and should be read in conjunction with the Group's audited consolidated financial statements as at and for the year ended 31 December 2015. In addition, results for the nine month period ended 30 September 2016 are not necessarily indicative of the results that may be expected for the financial year ending 31 December 2016.

The Group's financial risk management objectives and policies are consistent with those disclosed in the audited consolidated financial statements as at and for the year ended 31 December 2015.

All significant inter-group company balances, income and expenses are eliminated on consolidation.

No income of a seasonal nature was recorded in the interim consolidated statement of income for the nine month periods ended 30 September 2016 and 30 September 2015.

3. FAIR VALUE OF FINANCIAL INSTRUMENTS

The Group uses the following hierarchy for determining and disclosing the fair value of financial instruments by valuation technique:

- Level 1: quoted (unadjusted) prices in active markets for identical assets or liabilities;
- Level 2: other techniques for which all inputs which have a significant effect on the recorded fair value are observable, either directly or indirectly; and
- Level 3: techniques which use inputs which have a significant effect on the recorded fair value that are not based on observable market data.

The following table shows an analysis of financial assets recorded at fair value by level of the fair value hierarchy:

Financial assets recorded at fair value

The following is a description of the determination of fair value for financial instruments which are recorded at fair value using valuation techniques. These incorporate the Group's estimate of assumptions that a market participant would make when valuing the instruments.

Held at fair value through profit or loss

Held at fair value through profit or loss investments are valued using market prices in active markets or valuation techniques which incorporate data which is both observable and non-observable. This category includes quoted and unquoted securities and funds which invest in underlying assets which are in turn valued based on both observable and non-observable data. Observable inputs include market prices (from active markets), foreign exchange rates and movements in stock market indices. Unobservable inputs include assumptions regarding expected future financial performance, discount rates and market liquidity discounts.

Available for sale

Available for sale financial assets are valued using quoted prices in active markets, valuation techniques or pricing models and consist of quoted equities, unquoted equities and unquoted funds. These assets are valued using quoted prices or models which incorporate data which is both observable and non-observable. The non-observable inputs to the models include assumptions regarding the future financial performance of the investee, its risk profile and economic assumptions regarding the industry and geographical jurisdiction in which the investee operates.

Movements in level 3 financial assets measured at fair value

During the period, there were no transfers between levels 1 through level 3.

The following table shows a reconciliation of the opening and closing balance of level 3 financial assets which are recorded at fair value:

	1 January to 30 September 2016 (9 months) Unaudited					
	Balance at 1 January 2016	Gain/(loss) through P&L	Gain/(loss) through OCI	Purchases	Sales	Transfers from/(to) levels 1 & 2

(In Thousands of U.A.E. Dirhams)

3. FAIR VALUE OF FINANCIAL INSTRUMENTS - continued

Gains and losses on level 3 financial assets included in the consolidated statement of income for the period are detailed as follows:

	1 January to 30 September 2016 (9 months) Unaudited	1 January to 30 September 2015 (9 months) Unaudited
Other investments		
Realised gains	-	89
Unrealised losses	(103)	(43)
	(103)	46

Impact on fair value of level 3 financial assets measured at fair value of changes to key assumptions

The following table shows the impact on the fair value of level 3 instruments of using reasonably possible alternative assumptions by class of instrument:

	30 September 2016 Unaudited		30 September 2015 Unaudited	
	Carrying amount	Effect of reasonably possible alternative assumptions	Carrying amount	Effect of reasonably possible alternative assumptions
Other investments				
Held at fair value through profit or loss	945	236	946	236
Available for sale	9,352	1,870	12,171	2,434
	10,297	2,106	13,117	2,670

In order to determine reasonably possible alternative assumptions, the Group adjusted key unobservable models inputs as follows:

- For debt securities, the Group adjusted the probability of default and loss given default assumptions by increasing and decreasing the fair value of the instrument by 25%.
- For fund and equity investments, the Group adjusted the liquidity discount rate assumptions used in the valuation model within a range of reasonably possible alternatives. The extent of the adjustment varied according to the characteristics of each investment.

The fair values of the Group's financial instruments are not materially different from their carrying values.

4. CASH AND DEPOSITS WITH BANKS

Cash and deposits with banks include deposits of 30,286 (31 December 2015 – 24,479) with banks, which are held as collateral against Group's banking facilities including the Central Bank of the U.A.E guarantee. For the purposes of interim consolidated statement of cash flows, cash and cash equivalents are stated net of these deposits.

5. LOANS, ADVANCES AND FINANCE LEASES

Loans, advances and finance leases comprise the following:

	30 September 2016 Unaudited	31 December 2015 Audited
Loans and advances	453,221	743,657
Finance leases	212,181	207,427

Less: Allowances for uncollectible lease payments	(18,346)	(7,474)
	212,181	207,427

(c) Margin lending

The Group extends margins to clients for the purpose of trading in quoted securities. These advances are short term in nature and are secured by the underlying securities held in custody by the Group. As at 30 September 2016, these underlying securities were valued at 77,135 (31 December 2015 – 46,603). Provisions are made for the uncovered portion of margins. As at the end of the period, the cumulative provision is 50,544 (31 December 2015 – 56,600).

6. INVESTMENTS IN SHUAA MANAGED FUNDS

Investments in SHUAA managed funds consist of the following:

	30 September 2016 Unaudited	31 December 2015 Audited
Held at fair value through profit or loss	80,863	119,694

16. SEGMENTAL INFORMATION

For management purposes, the Group is organised into five operating segments, all of which are based on business units.

Asset Management manages investment portfolios and funds in regional equities, fixed income and credit markets. Equities products span across fourteen regional stock exchanges. SHUAA Asset Management offers regional and foreign investors gateways for investment in the GCC and Arab stock markets. SHUAA Asset Management manages conventional equity and Shariah compliant portfolios and investment funds using both active and passive management styles. It also manages private equity funds.

Investment Banking provides corporate finance advisory, private placements, public offerings of equity and debt securities, mergers, acquisitions, divestitures, spinoffs, syndications and structured products.

Capital Markets provides sales and trading access to global markets for SHUAA's institutional and high net worth client base. Through Capital Markets, clients gain access to global equities and fixed income, primary issues as well as OTC derivatives, and liquidity through an extensive network of local and international counterparties. The Capital Markets Division is complemented by Investment Research which produces sectoral research coverage on listed companies across the GCC with emphasis on the UAE and Saudi equities.

Lending activities are conducted by Gulf Finance Corporation PJSC and Gulf Finance Corporation CJSC, which are primarily engaged in asset-based lending with a primary focus on Small and Medium Enterprises finance.

Corporate manages future corporate development and controls all cash and shared service expenses related to the Group. All proprietary investments are incubated within this business segment which also comprises strategy and business development, legal and compliance, finance, treasury, operations, risk management, investor relations, marketing communications and human resources.

Management monitors the operating results of the operating segments separately for the purpose of making decisions about resource allocation and performance assessment. Segment performance is evaluated based on operating profit or loss.

The following tables present consolidated financial information regarding the Group's business segments.
