Report on Interim Condensed Consolidated Financial Information to the Board of Directors of Al Madina for Finance and Investment Company – K.S.C.P

Introduction

We have reviewed the accompanying interim condensed consolidated financial position of Al Madina for Finance and Investment Company – K.S.C.P "the Parent Company" and its subsidiaries (together "the Group") as at 30 June 2017, and the related interim condensed consolidated statements of income and statement of comprehensive income for the three months and six months period then ended and the related interim condensed statement of changes in equity and cash flows for the six months period then ended. The Group's management is responsible for the preparation and presentation of this interim condensed consolidated financial information in accordance with the basis of presentation as disclosed in Note 2. Our responsibility is to express a conclusion on this interim condensed consolidated financial information based on our review.

Scope of Review

We conducted our review in accordance with the International Standard on Review Engagements 2410, "Review of Interim Financial Information Performed by the Independent Auditor of the Entity". A review of interim condensed consolidated financial information consists of making inquiries, primarily of persons responsible for financial and accounting matters, and applying analytical and other review procedures. A review is substantially less in scope than an audit conducted in accordance with International Standards on Auditing, and consequently does not enable us to obtain assurance that we would become aware of all significant matters that might be identified in an audit. Accordingly, we do not express an audit opinion.

Conclusion

Based on our review, nothing has come to our attention that causes us to believe that the accompanying interim condensed consolidated financial information is not prepared, in all material respects, in accordance with the basis of presentation as disclosed in Note 2.

Report on Other Legal and Regulatory Requirements

Further, based on our review, the interim condensed consolidated financial information is in agreement with the books of account of the Group. We further report that, to the best of our knowledge and belief, we have not become aware of any violations of the Companies Law no. 1 of 2016, as amended, and its Executive Regulation or of the Parent Company's Memorandum of Incorporation and Articles of Association, as amended, during the six months period ended 30 June 2017 that might have had a material effect on the business of the Group or on its consolidated financial position.

We further report that, during the course of our review, to the best of our knowledge and belief, we have not become aware of any material violations of the provisions of Law No. 32 of 1968, as amended, and its Executive Regulations, concerning currency, the Central Bank of Kuwait and the organization of banking business and its related regulations or of the provisions of Law No. 7 of 2010, concerning the Capital Markets Authority and its related regulations during the six months period ended 30 June 2017 that might have had a material effect on the business of the Group or on its consolidated financial position, except as disclosed in note 10 to this interim condensed consolidated financial information regarding Wakala payable obtained from investment funds, which is in violation of the instructions of Central Bank of Kuwait

The attached notes on pages 7 to 17 form an integral part of this interim condensed consolidated financial information.

1. Incorporation of the Group

Al Madina for Finance and Investment Company "the Parent Company" and its subsidiaries ("the Group") is a Public Kuwaiti Shareholding Company incorporated in Kuwait on 1980 and is registered as an investment company with the Central Bank of Kuwait on 27 April 2005. The shares of the Company were listed on Kuwait Stock Exchange in 24 April 2006.

The Group's head office is domiciled at Al-Soor Street - Al-Mirqab - Kuwait.

The principle activities of the Parent Company are investing activities, finance and management of funds and rights, trading and leasing of properties. The activities of the Parent Company are carried out in accordance with Noble Islamic Sharia principles.

The Annual General Assembly meeting of the shareholders of the Parent Company held on 13 June 2017 approved the consolidated financial statements for the year ended 31 December 2016.

The interim condensed consolidated financial information was approved for issuance by the Board of Directors on 9 August 2017.

2. Basis of preparation and accounting policies

This interim condensed consolidated financial information has been prepared in accordance with International Accounting Standard No. (34), "Interim Financial Reporting" except as noted below:

The annual financial statements for the year ended 31 December 2016 were prepared in accordance with International Financial Reporting Standards (IFRS) as adopted for use by the State of Kuwait for financial services institutions regulated by the Central Bank of Kuwait (CBK). These regulation requires adoption of all IFRS except for the IAS 39, Financial Instruments: Recognition and Measurement, requirement for a collective provision, which has been replaced by the CBK's requirement for a minimum general provision made on all applicable credit facilities (net of certain categories of collateral) that are not provided specifically.

The interim condensed financial information does not contain all information and disclosures required for full financial statements prepared in accordance with IFRS and should be read in conjunction with the Group's annual financial statements for the year ended 31 December 2016. Further operation results for the six months period ended 30 June 2017 are not necessarily indicative of the results that may be expected for the financial year ending 31 December 2017.

2.1. The amendments became effective as of 1 January 2017

The following new and revised IFRSs, which became effective for annual periods beginning on or after 1 January 2017, have been adopted in these financial statements. The application of these revised IFRSs has not had any material impact on the amounts reported for the current and prior years but may affect the accounting for future transactions or arrangements.

- Amendments to IAS 12 *Income Taxes* relating to the recognition of deferred tax assets for unrealised losses
- Amendments to IAS 7 *Statement of Cash Flows* to provide disclosures that enable users of financial statements to evaluate changes in liabilities arising from financing activities
- Annual Improvements to IFRS Standards 2014–2016 Cycle – Amendments to IFRS 12

2.2 New and revised IFRS in issue but not yet effective

The Group has not yet applied the following new and revised IFRSs that have been issued but are not yet effective:

New and revised IFRSs	Effective for annual periods beginning on or after
Annual Improvements to IFRS Standards 2014 – 2016 Cycle amending IFRS 1 and IAS 28	1 January 2018
IFRIC 22 *Foreign Currency Transactions and Advance Consideration* The interpretation addresses foreign currency transactions or parts of transactions where: • there is consideration that is denominated or priced in a foreign currency; • the entity recognises a prepayment asset or a deferred income liability in respect of that consideration, in advance of the recognition of the related asset, expense or income; and • the prepayment asset or deferred income liability is non-monetary.	1 January 2018
Amendments to IAS 40 *Investment Property*: Amends paragraph 57 to state that an entity shall transfer a property to, or from, investment property when, and only when, there is evidence of a change in use. A change of use occurs if property meets, or ceases to meet, the definition of investment property. A change in management's intentions for the use of a property by itself does not constitute evidence of a change in use. The paragraph has been amended to state that the list of examples therein is non-exhaustive.	1 January 2018
Amendments to IFRS 7 *Financial Instruments: Disclosures* relating to disclosures about the initial application of IFRS 9	When IFRS 9 is first applied
IFRS 7 *Financial Instruments: Disclosures* relating to the additional hedge accounting disclosures (and consequential amendments) resulting from the introduction of the hedge accounting chapter in IFRS 9	When IFRS 9 is first applied
IFRS 9 *Financial Instruments* (revised versions in 2009, 2010, 2013 and 2014) IFRS 9 issued in November 2009 introduced new requirements for the classification and measurement of financial assets. IFRS 9 was subsequently amended in October 2010 to include requirements for the classification and measurement of financial liabilities and for derecognition, and in November 2013 to include the new requirements for general hedge accounting. Another revised version of IFRS 9 was issued in July 2014 mainly to include a) impairment requirements for financial assets and b) limited amendments to the classification and measurement requirements by introducing a 'fair value through other comprehensive income' (FVTOCI) measurement category for certain simple debt instruments. A finalised version of IFRS 9 which contains accounting requirements for financial instruments, replacing IAS 39 *Financial Instruments: Recognition and Measurement*. The standard contains requirements in the following areas: • **Classification and measurement**: Financial assets are classified by reference to the business model within which they are held and their contractual cash flow characteristics. The 2014 version of IFRS 9 introduces a 'fair value through other comprehensive income' category for certain debt instruments. Financial liabilities are classified in a similar manner to under IAS 39, however there are differences in the requirements applying to the measurement of an entity's own credit risk.	1 January 2018

New and revised IFRSs	Effective for annual periods beginning on or after
• **Impairment**: The 2014 version of IFRS 9 introduces an 'expected credit loss' model for the measurement of the impairment of financial assets, so it is no longer necessary for a credit event to have occurred before a credit loss is recognised • **Hedge accounting**: Introduces a new hedge accounting model that is designed to be more closely aligned with how entities undertake risk management activities when hedging financial and non-financial risk exposures. • **Derecognition**: The requirements for the derecognition of financial assets and liabilities are carried forward from IAS 39.	
IFRS 15 *Revenue from Contracts with Customers* In May 2014, IFRS 15 was issued which established a single comprehensive model for entities to use in accounting for revenue arising from contracts with customers. IFRS 15 will supersede the current revenue recognition guidance including IAS 18 *Revenue*, IAS 11 *Construction Contracts* and the related interpretations when it becomes effective. The core principle of IFRS 15 is that an entity should recognize revenue to depict the transfer of promised goods or services to customers in an amount that reflects the consideration to which the entity expects to be entitled in exchange for those goods or services. Specifically, the standard introduces a 5-step approach to revenue recognition: • Step 1: Identify the contract(s) with a customer. • Step 2: Identify the performance obligations in the contract. • Step 3: Determine the transaction price. • Step 4: Allocate the transaction price to the performance obligations in the contract. • Step 5: Recognise revenue when (or as) the entity satisfies a performance obligation. Under IFRS 15, an entity recognises when (or as) a performance obligation is satisfied, i.e. when 'control' of the goods or services underlying the particular performance obligation is transferred to the customer. Far more prescriptive guidance has been added in IFRS 15 to deal with specific scenarios. Furthermore, extensive disclosures are required by IFRS 15.	1 January 2018
Amendments to IFRS 15 *Revenue from Contracts* with Customers to clarify three aspects of the standard (identifying performance obligations, principal versus agent considerations, and licensing) and to provide some transition relief for modified contracts and completed contracts.	1 January 2018
IFRS 16 *Leases* IFRS 16 specifies how an IFRS reporter will recognise, measure, present and disclose leases. The standard provides a single lessee accounting model, requiring lessees to recognise assets and liabilities for all leases unless the lease term is 12 months or less or the underlying asset has a low value. Lessors continue to classify leases as operating or finance, with IFRS 16's approach to lessor accounting substantially unchanged from its predecessor, IAS 17.	1 January 2019

New and revised IFRSs	Effective for annual periods beginning on or after
Amendments to IFRS 10 *Consolidated Financial Statements* and IAS 28 *Investments in Associates and Joint Ventures* (2011) relating to the treatment of the sale or contribution of assets from and investor to its associate or joint venture.	Effective date deferred indefinitely. Adoption is still permitted.

Management anticipates that these new standards, interpretations and amendments will be adopted in the Group's financial information as and when they are effective.

3. Cash and bank balance

	Kuwaiti Dinars		
	30 June 2017	31 December 2016 (Audited)	30 June 2016

Total assets	38,433,542	38,413,623

19. Contingent liabilities and assets

Contingent liabilities

- There are legal disputes between the Group and certain portfolio clients in respect of liquidation of those parties' accounts amounting to KD 5.6 million approximately as at 30 June 2017 (KD 5.6 million approximately as at 31 December 2016 and KD 5.6 million approximately as at 30 June 2016). There is a legal decision issued from the court of cassation to enforce the Group to pay due amount in one of the case, in addition there is an executive confiscation on certain assets of the Group amounted to KD 6.2 million approximately as at 30 June 2017 (KD 9.1 million approximately as at 31 December 2016) in favor to the portfolio clients. The Group's has signed a settlement agreement to settle these obligations against payment of KD 3.5 Million. Till the current period, the Group has paid an amount of KD 2.8 Million from the settlement amount and provided the necessary provisions for unpaid amounts.

- There is a lawsuit of settlement of accounts from one of the investment properties creditor. Creditor filed a case against the company but it was rejected in the court of first instance and then creditor had appealed against that ruling and the case was referred to the experts. The proceedings were suspended till the Parent Company are subject to the law of stability.

Contingent assets

- During the period, the Court of Appeal of Abu Dhabi, United Arab Emirates issued a Judgment in one of the existing cases against certain foreign parties in favor of the Group and one of its associates to pay an amount of AED 76 Million approximately in addition to pay delay interests 5% per year. They have filed an Appeal against this Judgment and the Court of Cassation affirmed the Judgment the Court of Appeal's Judgment obligating the litigant to pay the debt. It is currently in process of executing this Judgment.

20. Fair value estimation

Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date, i.e. an exit price. The fair value measurement assumes that the transaction to sell the asset or transfer the liability takes place either:

- In the principal market for the asset or liability; or
- In the absence of a principal market, in the most advantageous market for the asset or liability

The principal or the most advantageous market must be accessible to by the Company.

The fair value of an asset or a liability is measured using the assumptions that market participants would use when pricing the asset or liability, assuming that market participants act in their economic best interest.

The Group uses valuation techniques that are appropriate in the circumstances and for which sufficient data are available to measure fair value, maximizing the use of relevant observable inputs and minimizing the use of unobservable inputs.

All assets and liabilities for which fair value is measured or disclosed in the financial statements are categorized within the fair value hierarchy, described as follows, based on the lowest level input that is significant to the fair value measurement as a whole:

Level 1 - Quoted (unadjusted) market prices in active markets for identical assets or liabilities

Level 2 - Valuation techniques for which the lowest level input that is significant to the fair value measurement is directly or indirectly observable

Level 3 - Valuation techniques for which the lowest level input that is significant to the fair value measurement is unobservable

The fair value of financial instruments other than short term financial instruments carried at amortised cost is estimated by discounting the future contractual cash flows at the current market interest rates for similar financial instruments.

Impairment

A financial asset is impaired if its carrying amount is greater than its estimated recoverable amount. An assessment is made at each statement of financial position date to determine whether there is objective evidence that a specified asset, or a group of similar assets, may be impaired. If such evidence exists any impairment loss is recognised in the statement of profit or loss and other comprehensive income.

Fair value of the Group's financial assets and financial liabilities that are measured at fair value on a recurring basis:

	Kuwaiti Dinars						
	Fair value as at			Fair value hierarchy	Valuation technique(s) and Key input(s)	Significant unobservable input(s)	Relationship of unobservable inputs to fair value
	30 June 2017	31 December 2016 (Audited)	30 June 2016				
Financial investments at fair value – profit or loss							
Local quoted shares	1,820,054	936,038	667,658	Level 1	Bid price	-	-
Local unquoted shares	-	-	324,239	Level 2	Discounted cash flows	-	-
Local funds units	352,345	355,475	1,039,499	Level 2	NAV	-	-
Local unquoted shares	529	85,528	200,959	Level 3	N/A	Discount Rate: 8%	Increase of discount rate and decrease of fair value
Available for sale investments							
Local quoted shares	2,078,916	2,130,270	2,282,490	Level 1	Bid price	-	-

The fair value of other financial assets and liabilities approximates their carrying amount as at the interim condensed consolidated financial information date.

21. Off balance sheet items

The Group manages portfolios on behalf of others, which are not included in the interim condensed consolidated financial information of the Group. The net assets of these portfolios amounted to KD 16,674,472 as at 30 June 2017 (KD 2,601,323 as at 31 December 2016 and KD 7,057,345 as at 30 June 2016).

22. Comparatives

Certain prior period amounts have been regrouped to confirm with current period presentation, but with no effect on previously reported net profit or equity.
