Review report on the interim condensed consolidated financial information

Introduction
We have reviewed the accompanying interim condensed consolidated statement of financial position of Al Salam Group Holding Company K.S.C. (Public) – "the Parent Company" as of June 30, 2017 and the statements of profit or loss, profit or loss and other comprehensive income, changes in equity and the interim condensed consolidated statements of cash flows for the six months period then ended. The management of the Group is responsible for the preparation and presentation of this interim condensed financial information in accordance with International Accounting Standard No. 34, "Interim Financial Reporting". Our responsibility is to express a conclusion on this interim condensed financial information based on our review.

Scope of review
We conducted our review in accordance with the International Standard on Review Engagements 2410 "Review of Interim Financial Information Performed by the Independent Auditors of the Entity". A review of interim condensed consolidated financial information consists of making inquiries, primarily of persons responsible for financial and accounting matters, and applying analytical and other review procedures. A review is substantially less in scope than an audit conducted in accordance with International Standards on Auditing and consequently does not enable us to obtain assurance that we would become aware of all significant matters that might be identified in an audit. Accordingly, we do not express an audit opinion.

Conclusion
Based on our review, nothing has come to our attention that causes us to believe that the accompanying interim condensed consolidated financial information is not prepared, in all material respects, in accordance with International Accounting Standard No. 34, "Interim Financial Reporting".

Report on other legal and regulatory matters
Furthermore, based on our review, the interim condensed consolidated financial information is in agreement with the accounting books of the "Parent Company". We further report that, to the best of our knowledge and belief, no violations of the Companies Law no. 1 of year 2016 and related Executive Regulations or the "Parent Company" memorandum and articles of association, as it's amendments, have occurred during the six months period ended June 30, 2017 that might have had a material effect on the business of the "Parent Company" or on its interim condensed consolidated financial position.

The Board of Directors approved this interim condensed consolidated financial information for the six months ended June 30, 2017 for issue on August 10, 2017.

2- Significant Accounting Policies

2/1 Basis of preparation

The interim condensed consolidated financial information of the Group has been prepared in accordance with IAS 34, "***Interim Financial Reporting***". Accordingly, it does not include all of the information and footnotes required for complete financial statements prepared in accordance with International Financial Reporting Standards.

The accounting policies used in the preparation of this interim condensed consolidated financial information are consistent with those used in the preparation of the annual audited consolidated financial statements of the Group for the year ended December 31, 2016.

During the period the Group has adopted all the standards that came into effect for annual periods beginning January 1, 2016. The adoption of these standards did not have any material impact on this interim condensed consolidated financial information.

In the opinion of management, all adjustments (consisting of normal recurring accruals) considered necessary for fair presentation have been included. Operating results for the interim period are not necessarily indicative of the results that may be expected for the year ending December 31, 2017. For further information, refer to the annual audited consolidated financial statements and notes thereto for the year ended December 31, 2016.

This interim condensed consolidated financial information is presented in Kuwaiti Dinars ("KD") which is the functional and presentation currency of the Group.

Amendments to IFRSs which are effective for annual accounting period starting from January 1, 2016 did not have any material impact on the accounting policies, financial position or performance of the Group.

2/2) Critical Judgments and estimates

The preparation of interim condensed consolidated financial information requires management to make judgments, estimates and assumptions that affect the application of accounting policies and the reported amounts of assets and liabilities, income and expense. Actual results may differ from these estimates.

In preparing this interim condensed consolidated financial information, the significant judgments made by management in applying the Group's accounting policies and the key sources of estimation uncertainty were the same as those applied to the annual audited consolidated financial statements as at and for the year ended December 31, 2016.

Fair value of financial instruments

Fair value of financial instruments is defined as the amounts at which the asset could be exchanged or a liability settled in a current transaction between knowledgeable willing parties in an arm's length transaction other than in forced or liquidation sale. The Group used recognized assumptions and methods to estimate the fair value of the financial instruments. The fair value of financial assets and financial liabilities are determined as follows:

- The fair value of financial assets and financial liabilities with standard terms and conditions and traded on active liquid market is determined with reference to quoted market prices.
- The fair value of other financial assets and financial liabilities (excluding derivative instruments) is determined in accordance with generally accepted pricing models based on discounted cash flow analysis using prices from identifiable current market transactions and dealer quotes for similar financial instruments.
- The fair values of financial instruments carried at amortized cost are not significantly different from their carrying values.

Fair value measurement recognized in the interim condensed consolidated statement of financial position

The Group adopted the amendments to IFRS 7 effective from January 1, 2011. These amendments require the Group to present certain information about financial instruments measured at fair value in the interim condensed consolidated statement of financial position.

The following table presents financial assets and financial liabilities measured at fair value in the interim condensed consolidated statement of financial position in accordance with the fair value hierarchy. This hierarchy group's financial assets and liabilities into three levels based on the significance of inputs used in measuring the fair value of the financial assets and financial liabilities.

The fair value hierarchy has the following levels:

- Level 1: quoted prices (unadjusted) in active markets for identical assets or liabilities;
- Level 2: inputs other than quoted prices included within Level 1 that are observable for the asset or liabilities, either directly (i.e. as prices) or indirectly (i.e. derived from prices); and
- Level 3: inputs for the assets or liabilities that are not based on observable market data (unobservable inputs).

The level within which the financial asset or liability is classified is determined based on the lowest level of significant inputs to the fair value measurement.

The financial assets and financial liabilities measured at fair value in the interim condensed consolidated statement of financial position are grouped into the fair value hierarchy as follows:
