REPORT ON REVIEW OF CONDENSED CONSOLIDATED INTERIM FINANCIAL STATEMENTS TO THE SHAREHOLDERS OF DUBAI INSURANCE COMPANY (PSC)

Introduction

We have reviewed the accompanying condensed consolidated interim financial statements of Dubai Insurance Company (PSC) (the "Company") and its subsidiary (collectively referred to as the "Group"), which comprise the consolidated interim statement of financial position as at 31 March 2018 and the related consolidated interim statements of income, comprehensive income, changes in equity and cash flows for the three-month period then ended and explanatory notes. Management is responsible for the preparation and presentation of these condensed consolidated interim financial statements in accordance with International Financial Reporting Standard IAS 34 Interim Financial Reporting ("IAS 34"). Our responsibility is to express a conclusion on these condensed consolidated interim financial statements based on our review.

Scope of Review

We conducted our review in accordance with International Standard on Review Engagements 2410, "Review of Interim Financial Information Performed by the Independent Auditor of the Entity". A review of interim financial information consists of making inquiries, primarily of persons responsible for financial and accounting matters, and applying analytical and other review procedures. A review is substantially less in scope than an audit conducted in accordance with International Standards on Auditing and consequently does not enable us to obtain assurance that we would become aware of all significant matters that might be identified in an audit. Accordingly, we do not express an audit opinion.

Conclusion

Based on our review, nothing has come to our attention that causes us to believe that the accompanying condensed consolidated interim financial statements are not prepared, in all material respects, in accordance with IAS 34.

1 CORPORATE INFORMATION

Dubai Insurance Company (PSC) (the "Company") is a public shareholding Company registered under the Federal Law No. 8 of 1984 (as amended) and the UAE Federal Law No. (6) of 2007 relating to commercial companies in the UAE. The Federal Law No.2 of 2015, concerning Commercial Companies has come into effect from 28 June 2015, replacing the existing Federal Law No.8 of 1984. The Company mainly issues short term insurance contracts in connection with motor, marine, fire, engineering, general accident and medical risks (collectively known as general insurance) and group life and individual life risk (collectively referred to as life assurance). The Company also invests its funds in investment securities and properties. The registered address of the Company is P.O. Box 3027, Dubai, United Arab Emirates. The Company operates in United Arab Emirates and most of the insurance policies are issued in the United Arab Emirates. The shares of the Company are listed on the Dubai Financial Market.

During 2010, the Company established a new subsidiary for investment purposes. These consolidated financial statements incorporate the financial statements of the Company and its subsidiary (collectively referred to as the "Group").

2 BASIS OF PREPARATION AND ACCOUNTING POLICIES

2.1 BASIS OF PREPARATION

The interim condensed consolidated financial statements of the Group are prepared in accordance with International Financial Reporting Standard IAS 34, Interim Financial Reporting ("IAS 34").

Interim reporting
The accounting policies used in the preparation of the interim condensed consolidated financial statements are consistent with those used in the preparation of the financial statements for the year ended 31 December 2017 except for adoption of the below mentioned accounting policies implemented by management from 1 January 2018.

Deferred Acquisition Cost
Those direct and indirect costs incurred during the financial period arising from acquiring or renewing of insurance contracts, are deferred to the extent that these costs are recoverable out of future premiums from insurance contract. All other acquisition costs are recognized as an expense during the period.

Subsequent to initial recognition, this DAC asset for insurance contracts is amortised over the period in which the related revenues are earned. The deferred acquisition costs for reinsurers are amortised in the same manner as the underlying asset amortization and is recorded in the statement of profit or loss.

Deferred Commission Income
Commission income are deferred and recognized as revenue over the period in which the related services are performed.

Management has applied the above change in accounting policies during the period and have performed assessment of the changes, and noted no significant impact on the amounts reported in these interim condensed consolidated financial statements.

Changes in accounting estimates
The accounting estimates used in the preparation of these financial statements are consistent with those used in the preparation of the financial statements for the year ended 31 December 2017.

New standards, interpretations and amendments
The new and revised relevant IFRSs effective in the current period had no significant impact on the amounts reported and disclosures in these interim condensed consolidated financial statements.

2 BASIS OF PREPARATION AND ACCOUNTING POLICIES (continued)

2.1 BASIS OF PREPARATION (continued)

Amendments to IFRS 4 Applying IFRS 9 Financial Instruments with IFRS 4 Insurance Contracts
In September 2016, the IASB issued amendments to IFRS 4 to address issues arising from the different effective dates of IFRS 9 and the new insurance contracts standard (IFRS 17). The amendments introduce two alternative options of applying IFRS 9 for entities issuing contracts within the scope of IFRS 4: a temporary exemption; and an overlay approach. The temporary exemption enables eligible entities to defer the implementation date of IFRS 9 for annual periods beginning before 1 January 2021 and continue to apply IAS 39 to financial assets and liabilities. An entity may apply the temporary exemption from IFRS 9 if: (i) it has not previously applied any version of IFRS 9, other than only the requirements for the presentation of gains and losses on financial liabilities designated as FVPL; and (ii) its activities are predominantly connected with insurance on its annual reporting date that immediately precedes 1 April 2016. The overlay approach allows an entity applying IFRS 9 to reclassify between profit or loss and other comprehensive income an amount that results in the profit or loss at the end of the reporting period for certain designated financial assets being the same as if an entity had applied IAS 39 to these designated financial assets. An entity can apply the temporary exemption from IFRS 9 for annual periods beginning on or after 1 January 2018. An entity may start applying the overlay approach when it applies IFRS 9 for the first time.

The Group has early applied the IFRS 9 from 1 January 2010 and reclassified, with effect from 1 January 2010, all available for sale securities that were still held as at fair value through OCI. Application of the other phases of the standard is effective from 2018 and therefore Management performed the impact assessment and concluded that there is no material impact on the financial statements for the period ended 31 March 2018.

These condensed consolidated financial statements do not include all disclosures and should be read in conjunction with the consolidated financial statements for the year ended 31 December 2017. In addition, results for the three months ended 31 March 2018 are not necessarily indicative of the results that may be expected for the financial year ending 31 December 2018.

IFRS 15 Revenue from Contracts with Customers
IFRS 15 was issued in May 2014 and establishes a five-step model to account for revenue arising from contracts with customers. Under IFRS 15, revenue is recognised at an amount that reflects the consideration to which an entity expects to be entitled in exchange for transferring goods or services to a customer. The new revenue standard will supersede all current revenue recognition requirements under IFRS. Either a full retrospective application or a modified retrospective application is required for annual periods beginning on or after 1 January 2018. Early adoption is permitted. The Group expects to apply IFRS 15 using the modified retrospective application. Given insurance contracts are scoped out of IFRS 15, the Group expects the main impact of the new standard to be on the accounting for income from investments. The Group does not expect the impact to be significant.

2.2 BASIS OF CONSOLIDATION

The Group comprises of the Company and the under-mentioned subsidiary company.

Subsidiary	*Principal activity*	*Country of incorporation*	*Ownership*
Vattaun Limited	Investment	British Virgin Island	100%

Basis of consolidation
The interim condensed consolidated financial statements comprise the financial statements of the Group and its subsidiary as at 31 March 2018.

Control is achieved when the Group is exposed, or has rights, to variable returns from its involvement with the investee and has the ability to affect those returns through its power over the investee. Specifically, the Group controls an investee if, and only if, the Group has:

- Power over the investee (i.e., existing rights that give it the current ability to direct the relevant activities of the investee)
- Exposure, or rights, to variable returns from its involvement with the investee
- The ability to use its power over the investee to affect its returns

2.2 BASIS OF CONSOLIDATION (continued)

Basis of consolidation (continued)

Generally, there is a presumption that a majority of voting rights result in control. To support this presumption and when the Group has less than a majority of the voting or similar rights of an investee, the Group considers all relevant facts and circumstances in assessing whether it has power over an investee, including:

- The contractual arrangement with the other vote holders of the investee
- Rights arising from other contractual arrangements
- The Group's voting rights and potential voting rights

A change in the ownership interest of a subsidiary, without a loss of control, is accounted for as an equity transaction.

If the Group loses control over a subsidiary, it derecognises the related assets (including goodwill), liabilities, non-controlling interest and other components of equity while any resultant gain or loss is recognised in profit or loss. Any investment retained is recognised at fair value.

3 BASIC AND DILUTED EARNINGS PER SHARE

Basic earnings per share are calculated by dividing the profit for the period, net of directors' fees, by the weighted average number of shares outstanding during the period as follows:

	Three months ended 31 March	
	2018	*2017*
Profit for the period (AED'000)	**10,409**	13,927
Weighted average number of shares outstanding during the period ('000)	**100,000**	100,000
Earnings per share (AED)	**0.10**	0.14

No figures for diluted earnings per share are presented as the Group has not issued any instruments which would have an impact on earnings per share when exercised.

4 PROPERTY AND EQUIPMENT

Included in property and equipment is land situated in the Emirate of Dubai, United Arab Emirates with a carrying value of AED 44,173 thousand. The Group's Board of Directors has resolved to construct the Group's head office on the land in the foreseeable future.

5 INVESTMENT PROPERTY

Investment properties represent the Company's investments in freehold land and building situated in the Emirate of Dubai, United Arab Emirates.

6 ADVANCE FOR INVESTMENT PROPERTY

This represents advance given for an investment property within United Arab Emirates, which is 74% of the total cost of the property and the remaining 26% of the total cost is capital commitment as mentioned in Note 15.

14 SEASONALITY OF RESULTS

Dividend income amounted to AED 2,150 thousand and AED 4,245 thousand for the three-month periods ended 31 March 2018 and 31 March 2017 respectively. Dividend income depends on market conditions, investment activities of the Group and declaration of profits by investee companies, which are of a seasonal nature. Accordingly, results for the period ended 31 March 2018 are not comparable to those relating to the comparative period, and are not indicative of the results that might be expected for the year ending 31 December 2018.

15 CONTINGENCIES AND COMMITMENTS

At 31 March 2018, the Company had contingent liabilities in respect of bank and other guarantees and other matters arising in the ordinary course of business from which it is anticipated that no material liabilities will arise, amounting to AED 10,450 thousand (31 December 2017: AED 10,423 thousand).

Legal claims

The Group, in common with the significant majority of insurers, is subject to litigation in the normal course of its business. The Group, based on independent legal advice, does not believe that the outcome of these court cases will have a material impact on the Group's income or financial condition.

Capital commitments

The Group's capital commitment on investment property is payable as follows:

	31 March 2018 AED'000	31 December 2017 AED'000 (Audited)
Less than 1 year	**9,398**	11,258
Between one and two years	**-**	1,472
