2016 THOMSON REUTERS LIPPER FUND AWARDS
Best Equity Fund UAE
3 and 5 Years

Fund Profile

Focus	Although the fund may participate in markets throughout the Gulf Cooperative Countries ('GCC'), its investments will be primarily focused on publicly traded equities of UAE, which present a steady and recurrent track record of earnings growth and have a potential for capital appreciation.
Management Style	The key investment criteria are the company's financial strengths, competitiveness, profitability, growth prospects and quality of management. The allocation will be based on fundamental research and will incorporate a blend of top-down and a bottom-up analytical approach.
Objective	The fund aims to provide long-term capital appreciation through investing in equity securities publicly traded, primarily in the UAE, and, to a much lesser extent, in other GCC markets.
Suitability	Units of the Fund are speculative and involve a high degree of risk. The Fund is therefore designed for sophisticated investors who are able to understand the risks involved in emerging markets' equity investments, particularly in the UAE equities.
