### *Scope of Review*

We conducted our review in accordance with International Standard on Review Engagements 2410, "Review of Interim Financial Information performed by the Independent Auditor of the Entity." A review of interim financial information consists of making inquiries, primarily of persons responsible for financial and accounting matters, and applying analytical and other review procedures. A review is substantially less in scope than an audit conducted in accordance with International Standards on Auditing and consequently does not enable us to obtain assurance that we would become aware of all significant matters that might be identified in an audit. ### *Conclusion*

Based on our review, nothing has come to our attention that causes us to believe that the accompanying interim condensed consolidated financial information is not prepared, in all material respects, in accordance with International Accounting Standard 34, "Interim Financial Reporting".

Based on our review, the interim condensed consolidated financial information is in agreement with the books of the Parent Company. We further report that, to the best of our knowledge and belief, no violation of the Companies Law No. 1 of 2016 and its Executive Regulations, or of the Parent Company's Memorandum of Incorporation and Articles of Association, as amended, have occurred during the three-month period ended 31 March 2020 that might have had a material effect on the business or financial position of the Parent Company.

### 3 Changes in accounting policies

#### 3.1 New and amended standards adopted by the Group

A number of new and revised standards are effective for annual periods beginning on or after 1 January 2020 which have been adopted by the Group. Information on these new standards is presented below:

| <i>Standard or Interpretation</i> | <i>Effective for annual periods beginning</i> |
|-----------------------------------|-----------------------------------------------|
| IFRS 3 - Amendments               | 1 January 2020                                |
| IAS 1 and IAS 8 - Amendments      | 1 January 2020                                |

#### *IFRS 3 – Amendments*

The Amendments to IFRS 3 Business Combinations are changes to Appendix A Defined terms, the application guidance, and the illustrative examples of IFRS 3 only with respect to Definition of Business. The amendments:

- clarify that to be considered a business, an acquired set of activities and assets must include, at a minimum, an input and a substantive process that together significantly contribute to the ability to create outputs;
- narrow the definitions of a business and of outputs by focusing on goods and services provided to customers and by removing the reference to an ability to reduce costs;
- add guidance and illustrative examples to help entities assess whether a substantive process has been acquired;
- remove the assessment of whether market participants are capable of replacing any missing inputs or processes and continuing to produce outputs; and
- add an optional concentration test that permits a simplified assessment of whether an acquired set of activities and assets is not a business

The application of the amendments did not have a significant impact on the Group's interim consolidated financial information.

#### *IAS 1 and IAS 8 – Amendments*

The amendments to IAS 1 and IAS 8 clarify the definition of 'material' and align the definition used in the Conceptual Framework and the standards. The threshold for materiality influencing users has been changed from 'could influence' to 'could reasonably be expected to influence'.

The application of the amendments did not have a significant impact on the Group's interim consolidated financial information.

Several other amendments and interpretations apply for the first time in 2020, but do not have a material impact on the interim condensed consolidated financial statements of the Group.

The Group has not early adopted any other standard, interpretation or amendment that has been issued but is not yet effective.

### 4 Judgement and estimates

The preparation of interim condensed consolidated financial information requires management to make judgements, estimates and assumptions that affect the application of accounting policies and the reported amounts of assets and liabilities, income and expense. Actual results may differ from these estimates.

### 4 Judgement and estimates (continued)

In preparing this interim condensed consolidated financial information, the significant judgements made by management in applying the Group's accounting policies and the key sources of estimation uncertainty were the same as those that applied to the annual audited consolidated financial statements as at and for the year ended 31 December 2019, with the exception of the impact of Covid-19 outbreak which is described below;

#### Effect of COVID 19

The outbreak of Coronavirus ("COVID-19") pandemic and related global responses have caused material disruptions to businesses around the world, leading to an economic slowdown. Global and local equity markets have experienced significant volatility and weakness. While governments and central banks have reacted with various financial packages and reliefs designed to stabilise economic conditions, the duration and extent of the impact of the COVID-19 outbreak remains unclear at this time. Management of the Group is actively monitoring the effects COVID-19 may have on its business operations. As of 31 March 2020, the Group's management has reviewed the carrying value of its significant investment properties and associates and concluded that the carrying values of these assets as reported as of 31 December 2019 are largely unchanged as of 31 March 2020. The Group's Management has also reassessed the inputs and assumptions used for the determination of fair value of financial assets at FVTOCI and FVTPL and has determined the fair value of its significant investments based on most recent market information available to Management relating to the respective investments and recognized the resulting unrealized loss in this interim condensed consolidated financial information.

The Group's Management has also assessed the Group's liquidity position and believes it has adequate resources to meet its liabilities. As the situation is fluid and rapidly evolving, asset carrying values remains sensitive to market fluctuations and further it is not yet clear to what extent COVID-19 will affect the Group's estimates in the remainder of 2020 and the future fair value of investment properties and investments and thus Management is continuously revising their assumptions, estimates and judgments and also monitoring their liquidity position as events unfold.

### 9 Wakala and sukuk investments

Wakala investments of KD14,324 thousand (31 December 2019 and 31 March 2019: KD14,324 thousand) placed by a local subsidiary of the Group with a local Islamic investment company matured in the last quarter of 2008. The investee company defaulted on settlement of these balances on the maturity date. However, revised maturity dates were stipulated by the court. The investee company again defaulted the payment of 2nd, 3rd, 4th and 5th instalments due in June 2014, 2015, 2016 and 2017 respectively. Full provision was made for receivable in accordance with the Central Bank of Kuwait provision rules. During the year, the subsidiary has signed settlement agreement with Investee Company and as per this agreement 50% shares of a local unlisted company (acquired company) have been transferred to the subsidiary. The acquired company along with other entities are pursuing legal action in order to execute their joint rights as per previous court verdict. The management of the subsidiary is of the opinion that the financial impact of this transaction will be adjusted upon completion of the relevant legal proceedings.

During the previous years, one of the subsidiaries of the Group assumed the financial and legal obligations on wakala investments of KD1,683 thousand (in violation of the Commercial Companies Law of 1960) that the subsidiary company had placed with the above investment company as part of the total wakala investments of KD14,324 thousand in a fiduciary capacity under a wakala agreement with certain related parties, despite having no such obligation under the wakala agreement. As noted above, the amount was fully provided in accordance with Central Bank of Kuwait rules. The subsidiary company initiated legal proceedings against the parties to recover the amount including profits thereon. During 2019 consequent to a court ruling decided in favor of the subsidiary company, the related parties entered into a settlement agreement with the subsidiary company to settle the above amount of KD1,683. The subsidiary company received partial 2nd payment of KD200 thousand during the period as per the settlement agreements and remaining amount of KD600 thousand and KD683 thousand to be received in 2020 and 2021 respectively. This has resulted in a reversal of provision on wakala investment amounting to KD200 thousand in accordance with Central Bank of Kuwait credit provisioning rules.

#### Fair value hierarchy for financial instruments measured at fair value

The following table presents the financial assets which are measured at fair value in the interim condensed consolidated statement of financial position in accordance with the fair value hierarchy.

This hierarchy groups financial assets and liabilities into three levels based on the significance of inputs used in measuring the fair value of the financial assets and liabilities. The fair value hierarchy has the following levels:

- Level 1: quoted prices (unadjusted) in active markets for identical assets or liabilities;
- Level 2: inputs other than quoted prices included within Level 1 that are observable for the asset or liability, either directly (i.e. as prices) or indirectly (i.e. derived from prices); and
- Level 3: inputs for the assets or liabilities that are not based on observable market data (unobservable inputs).

The level within which the financial asset or liability is classified is determined based on the lowest level of significant input to the fair value measurement.

The financial assets and liabilities measured at fair value in the consolidated statement of financial position are grouped into the fair value hierarchy as follows;

| Net change in fair value                        | 1,515                                      | 31,724                                  | 2,158                                      |
| Net (disposal)/additions during the period/year | (62,275)                                   | (2,568)                                 | 248                                        |
| Closing balance                                 | 204,867                                    | 265,627                                 | 238,877                                    |

Changing inputs to the level 3 valuations to reasonably possible alternative assumption would not change significantly amounts recognised in profit or loss, total assets or total liabilities or total equity.

The methods and valuation techniques used for the purpose of measuring fair values are unchanged compared to the previous reporting year/period.
