- **The corporate online banking platform streamlines business financial transactions through an easy-to-use digital interface.**

Manama, Bahrain 10 August 2021: Al Salam bank announces the launch of its corporate banking online platform, allowing corporate clients to process their daily financial transactions online through a fully digital interface. The platform is fully developed by a skilled innovation team of young Bahraini nationals at Al Salam Bank.

This unique online platform comes armed with advanced features for swift business operations, with an easy-to-use interface. The comprehensive platform allows corporate clients to view Al Salam Bank's products and services, conduct various banking transactions such as processing intra bank, local and international payments, employee payroll, statement requests as well as initiate Wakala Deposit investments in a single click. Corporate and business banking clients using the platform will also stand to benefit from a host of other features, including unlimited daily approvals on platform-initiated transactions, settlement of bills, cheque book issuance requests and the subsequent receipt of full-fledged reports outlining activities concluded online.

Commenting on the launch of the newly developed platform, Deputy Chief Executive Officer of Al Salam Bank, Mr. Anwar Murad, said "We continue to develop our products and services with an innovative outlook to best serve our existing and new clients. As such, we are pleased to announce a completely new banking platform that will facilitate corporate transactional needs through a fully digital interface, in turn eliminating the need for branch visits. We are extremely proud of our Al Salam Bank Bahraini team who has developed this platform as the latest addition to the roster of digital innovations, and we take this opportunity to commend the exceptional team effort in launching this platform."

Mr. Ahmed Murad, Head of Corporate Banking at Al Salam Bank also stated, "We are pleased to introduce the newly developed platform to our corporate business banking clients. Upon registering for this comprehensive digital platform, our corporate customers will have access to a range of online features, ultimately assisting them with efficient and convenient business operations, and what distinguishing our platform is the pace and urgency at which it affects customer, workers, and businesses."
