Report on review of interim condensed consolidated financial information

To the board of directors of
International Financial Advisors Holding – KPSC
Kuwait

Introduction
We have reviewed the interim condensed consolidated statement of financial position of International Financial Advisors Holding – KPSC ("the Parent Company") and its subsidiaries ("the Group") as at 30 June 2021 and the related interim condensed consolidated statements of profit or loss, profit or loss and other comprehensive income, changes in equity and cash flows for the six-month period then ended. Management is responsible for the preparation and presentation of this interim condensed consolidated financial information in accordance with International Accounting Standard 34 "Interim Financial Reporting". Our responsibility is to express a conclusion on this interim condensed consolidated financial information based on our review.

Scope of Review
Except as explained in the following paragraph, we conducted our review in accordance with International Standard on Review Engagements 2410, "Review of Interim Financial Information Performed by the Independent Auditor of the Entity". A review of interim financial information consists of making inquiries, primarily of persons responsible for financial and accounting matters, and applying analytical and other review procedures. A review is substantially less in scope than an audit conducted in accordance with International Standards on Auditing and consequently does not enable us to obtain assurance that we would become aware of all significant matters that might be identified in an audit. Accordingly, we do not express an audit opinion.

Basis for Qualified Conclusion
As a result of the legal cases on borrowings amounting to KD8,555,000 (refer note 12a), we were unable to perform our review procedures on borrowings of KD8,555,000 included in the interim condensed consolidated financial information. Had we been able to perform our review procedures on borrowings, matters might have come to our attention indicating that adjustments might be necessary to the interim condensed consolidated financial information.

Qualified Conclusion
Except for the adjustments to the interim condensed consolidated financial information that we might have become aware of had it not been for the situation described above, based on our review, nothing has come to our attention that causes us to believe that the accompanying interim condensed consolidated financial information is not prepared, in all material respects, in accordance with International Accounting Standard 34 "Interim Financial Reporting".

Report on review of other legal and regulatory requirements
Based on our review, the interim condensed consolidated financial information is in agreement with the books of the Parent Company. We further report that, to the best of our knowledge and belief, no violations of the Companies Law No. 1 of 2016 and its Executive Regulations, or of the Memorandum of Incorporation and Articles of Association of the Parent Company, as amended, have occurred during the six-month period ended 30 June 2021 that might have had a material effect on the business or financial position of the Parent Company.

Report on review of interim condensed consolidated financial information of International Financial Advisors Holding – KPSC (continued)

Report on review of other legal and regulatory requirements (continued)

We further report that, during the course of our review, we have not become aware of any material violations of the provision of Law No. 7 of 2010 concerning the Capital Market Authority and its related regulations during the six-month period ended 30 June 2021 that might have had a material effect on the business or financial position of the Parent Company.

Notes to the interim condensed consolidated financial information

1 Incorporation and activities of the Parent Company

International Financial Advisors Holding – KPSC [Formerly: International Financial Advisors - KPSC] ("the Parent Company") is a Kuwaiti Public Shareholding Company incorporated on 31 January 1974 under the Commercial Companies Law No. 15 of 1960 and amendments thereto. The Parent Company is listed on Boursa Kuwait and Dubai Financial Market.

The Securities Activities Licence issued by the Capital Markets Authority ("CMA") expired on 29 March 2018 under which the Parent Company carried out certain investment activities. Management did not renew the licence. Accordingly, the CMA notified the Parent Company on 6 May 2018 that it is no longer considered a licenced entity under the CMA regulations. Consequently, the Parent Company is currently in the process of disposing the portfolios under management (Note 20).

Furthermore, during prior years, the Parent Company was subject to the supervision of the Central Bank of Kuwait ("CBK"). During 2018, it communicated to the CBK its desire to be removed from CBK register. On 13 November 2018, the CBK notified the Parent Company that its name will be removed from the CBK register only after the holding of shareholders' general assembly to change its legal status and activities.

The shareholders in their Extra-Ordinary General Assembly held on 6 January 2019 approved to change the legal status of the Parent Company to a Holding Company and amend its activities, which were registered in the commercial register on 20 January 2019. Accordingly, on 3 February 2019, the Parent Company was removed from the CBK register.

The objectives of the Parent Company were amended to become as follows:

- Management of the Parent Company's subsidiaries or participation in management of other companies in which it holds ownership stakes and providing the necessary support thereto.
- Investing funds by way of trading in shares, bonds and other financial securities.
- Acquisition of properties and movables necessary to carry out the business activities as allowable by the law.
- Financing and extending loans to investee companies and providing guarantees for third parties, provided that the share of the holding company in the investee company is not less than 20%.
- Acquisition of industrial rights and related intellectual properties or any other industrial trademarks or royalties and any other property related thereto, and renting such properties to the subsidiary companies and others whether inside Kuwait or abroad.
- Using cash surplus to invest in financial portfolios/funds managed by specialised parties.

The Parent Company has the right to carry out its activities inside Kuwait or abroad whether directly or through power of attorney.

The Parent Company is authorized to have interest in or participate with any party or institution carrying out similar activities or those parties who will assist the company in achieving its objectives whether in Kuwait or abroad. The Parent Company has the right to establish, participate in or acquire such institutions.

The Group comprises the Parent Company and its subsidiaries.

The address of the Parent Company's registered office is PO Box 4694, Safat 13047, State of Kuwait.

This interim condensed consolidated financial information for the six-month period ended 30 June 2021 was authorised for issue by the Parent Company's board of directors on 12 August 2021.

Notes to the interim condensed consolidated financial information (continued)

2 Basis of preparation

The interim condensed consolidated financial information of the Group for the six-month period ended 30 June 2021 has been prepared in accordance with International Accounting Standard 34 "Interim Financial Reporting". The accounting polices used in the preparation of these interim condensed consolidated financial statements information are consistent with those used in the preparation of the annual consolidated financial statements for the year ended 31 December 2020, except for the changes described in Note 3.

The annual consolidated financial statements for the year ended 31 December 2020 were prepared in accordance with the International Financial Reporting Standards ("IFRS") promulgated by the International Accounting Standards Board ("IASB"), and Interpretations issued by the International Financial Reporting Interpretations Committee ("IFRIC") of the IASB.

The interim condensed consolidated financial information has been presented in Kuwaiti Dinars which is the functional and presentation currency of the Parent Company.

The interim condensed consolidated financial information does not include all information and disclosures required for complete financial statements prepared in accordance with the International Financial Reporting Standards. In the opinion of the Parent Company's management, all adjustments consisting of normal recurring accruals considered necessary for a fair presentation have been included.

Operating results for the six-month period ended 30 June 2021 are not necessarily indicative of the results that may be expected for the financial year ending 31 December 2021. For further details, refer to the consolidated financial statements and its related disclosures for the year ended 31 December 2020.

The Group has consolidated the financial information of its subsidiaries using interim condensed financial information and management accounts as at 30 June 2021.

3 Changes in accounting policies

3.1 New and amended standards adopted by the Group

No new amendments or standards were effective for the current period.

However, the IFRS 16 Leases amendment relating to Covid19 Rent Related Concessions has been extended until 30 June 2022. The practical expedient allows lessees to elect to not carry out an assessment to decide whether a COVID-19 related rent concession received is a lease modification. The lessee is permitted to account for the rent concession as if the change is not a lease modification.

3.2 IASB Standards issued but not yet effective

At the date of authorisation of this interim condensed consolidated financial information, certain new standards, amendments and interpretations to existing standards have been published by the IASB but are not yet effective, and have not been adopted early by the Group.

Notes to the interim condensed consolidated financial information (continued)

3 Changes in accounting policies (continued)

3.2 IASB Standards issued but not yet effective (continued)

Management anticipates that all of the relevant pronouncements will be adopted in the Group's accounting policies for the first period beginning after the effective date of the pronouncements. Information on new standards, amendments and interpretations that are expected to be relevant to the Group's interim condensed consolidated financial information is provided below. Certain other new standards and interpretations have been issued but are not expected to have a material impact on the Group's interim condensed consolidated financial information.

Standard or Interpretation	*Effective for annual periods beginning*
IFRS 10 and IAS 28 Sale or Contribution of Assets between an Investor and its Associate or Joint Venture - Amendments	No stated date
IAS 1 Amendments- Classification of current and non-current	1 January 2023
IAS 1 Amendments- Disclosure of accounting policies	1 January 2023
IAS 8 Amendments- Definition of accounting estimates	1 January 2023
IAS 16 – Amendments – Proceeds before intended use	1 January 2022
IAS 37 – Amendments – Onerous contracts -Cost of fulfilling a contract	1 January 2022
Annual Improvements 2018-2020 Cycle	1 January 2022

IFRS 10 and IAS 28 Sale or Contribution of Assets between an Investor and its Associate or Joint Venture - Amendments

The Amendments to IFRS 10 Consolidated Financial Statements and IAS 28 Investments in Associates and Joint Ventures (2011) clarify the treatment of the sale or contribution of assets from an investor to its associate or joint venture, as follows:

- require full recognition in the investor's financial statements of gains and losses arising on the sale or contribution of assets that constitute a business (as defined in IFRS 3 Business Combinations)
- require the partial recognition of gains and losses where the assets do not constitute a business, i.e. a gain or loss is recognised only to the extent of the unrelated investors' interests in that associate or joint venture.

These requirements apply regardless of the legal form of the transaction, e.g. whether the sale or contribution of assets occurs by an investor transferring shares in a subsidiary that holds the assets (resulting in loss of control of the subsidiary), or by the direct sale of the assets themselves.

IASB has postponed the effective date indefinitely until other projects are completed. However, early implementation is allowed. Management anticipates that the application of these amendments may have an impact on the Group's interim condensed consolidated financial information in future should such transactions arise.

IAS 1 Amendments - Classification of current or non-current

The amendments to IAS 1 clarify the classification of a liability as either current or non-current is based on the entity's rights at the end of the reporting period. Stating management expectations around whether they will defer settlement or not does not impact the classification of the liability. It has added guidance about lending conditions and how these can impact classification and has included requirements for liabilities that can be settled using an entity's own instruments.

Notes to the interim condensed consolidated financial information (continued)

3 Changes in accounting policies (continued)

3.2 IASB Standards issued but not yet effective (continued)

IAS 1 Amendments - Classification of current or non-current (continued)
Management does not anticipate that the adoption of the amendments in the future will have a significant impact on the Group's interim condensed consolidated financial information .

IAS 1 Amendments – Disclosure of accounting policies
The amendments to IAS 1 require entities to disclose material accounting policies instead of significant accounting policies. The amendments clarify that accounting policy information may be material because of its nature, even if the related amounts are immaterial.

Management does not anticipate that the adoption of the amendments in the future will have a significant impact on the Group's interim condensed consolidated financial information.

IAS 8 Amendments – Definition of accounting estimates
The amendments to IAS 8 inserted the definition of accounting estimates replacing the definition of a change in accounting estimates. Accounting estimates are now defined as monetary amounts in financial statements that are subject to measurement uncertainty.

Management does not anticipate that the adoption of the amendments in the future will have a significant impact on the Group's interim condensed consolidated financial information.

IAS 16 Amendments - Proceeds before intended use
The amendment prohibits an entity from deducting from the cost of property, plant and equipment amounts received from selling items produced while the entity is preparing the asset for its intended use. Instead, an entity will recognise such sales proceeds and related cost in profit or loss.

Management does not anticipate that the adoption of the amendment in the future will have a significant impact on the Group's interim condensed consolidated financial information.

IAS 37 Amendments – Onerous contracts- Cost of fulfilling a contract
The amendments specify which costs an entity includes when assessing whether a contract will be loss-making.

The amendments clarify that for the purpose of assessing whether a contract is onerous, the cost of fulfilling the contract includes both the incremental costs of fulfilling that contract and an allocation of other costs that relate directly to fulfilling contracts.

The amendments are only to be applied to contracts for which an entity has not yet fulfilled all of its obligations at the beginning of the annual period in which it first applies the amendments.

Management does not anticipate that the adoption of the amendment in the future will have a significant impact on the Group's interim condensed consolidated financial information.

3 Changes in accounting policies (continued)

3.2 IASB Standards issued but not yet effective (continued)

Annual Improvements 2018-2020 Cycle
Amendment to IAS 1 simplifies the application of IFRS 1 by a subsidiary that becomes a first-time adopter after its parent in relation to the measurement of cumulative translation differences. Subsidiary that is a first-time adopter later than its parent might have been required to keep two parallel sets of accounting records for cumulative translation differences based on different dates of transition to IFRSs. However, the amendment extends the exemption to cumulative translation differences to reduce costs for first-time adopters.

Amendment to IFRS 9 relates to the '10 per cent' Test for Derecognition of Financial Liabilities – In determining whether to derecognise a financial liability that has been modified or exchanged, an entity assesses whether the terms are substantially different. The amendment clarifies the fees that an entity includes when assessing whether the terms of a new or modified financial liability are substantially different from the terms of the original financial liability.

Lease Incentives – amendment to illustrative examples – The IASB was informed about the potential for confusion in applying IFRS 16 Leases because of how Illustrative Example 13 accompanying IFRS 16 had illustrated the requirements for lease incentives. Before the amendment, Illustrative Example 13 had included as part of the fact pattern a reimbursement relating to leasehold improvements; the example had not explained clearly enough the conclusion as to whether the reimbursement would meet the definition of a lease incentive in IFRS 16. The IASB decided to remove the potential for confusion by deleting from Illustrative Example 13 the reimbursement relating to leasehold improvements.

Management does not anticipate that the adoption of the amendments in the future will have a significant impact on the Group's interim condensed consolidated financial information.

4 Judgements and estimates

The preparation of interim condensed consolidated financial information requires management to make judgements, estimates and assumptions that affect the application of accounting policies and the reported amounts of assets and liabilities, income and expense. Actual results may differ from these estimates.

In preparing this interim condensed consolidated financial information, the significant judgements made by management in applying the Group's accounting policies and the key sources of estimation uncertainty were the same as those that applied to the annual audited consolidated financial statements as at and for the year ended 31 December 2020.

5 Advisory fees

Advisory fees represent services provided by the Parent Company to related parties that include KD855,000 related to agreements between these related parties and one of the Group's subsidiaries. The fees were recognised as due from related parties who confirmed that the services were provided and completed prior to the reporting date.

a) During a prior year, the Parent Company filed a legal case against the local bank to determine the amount due to the bank. The court referred the case to the experts' department and the hearing was scheduled to be held on 23 June 2021 which was postponed till 3 November 2021. In the meantime, during the year ended 31 December 2020, the local bank obtained a cautionary order in its favour which was suspended as the Parent Company objected its execution. The Court of First Instance rejected the objection which was upheld by the Court of Appeal on 15 December 2020. The Parent Company has filed an appeal with the Court of Cassation, however, no hearing has been scheduled as of the date of the issue of this interim condensed consolidated financial information.

Management of the Parent Company believes that the bank is unable to execute the contracts until the final ruling of the original case is made which is currently with the experts' department of Ministry of Justice.

e) The Group has pledged part of its equity interest in First Takaful Insurance Company – KPSC, a subsidiary, against certain due to related parties' balances.

19 Fair value measurement

19.1 Fair value hierarchy

Fair value represents the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date.

Notes to the interim condensed consolidated financial information (continued)

19 Fair value measurement (continued)

19.1 Fair value hierarchy (continued)

Financial assets and financial liabilities measured at fair value in the interim condensed consolidated statement of financial position are grouped into six levels of a fair value hierarchy. The six levels are defined based on the observability of significant inputs to the measurement, as follows:

- Level 1 fair value measurements are those derived from quoted prices (unadjusted) in active markets for identical assets or liabilities;
- Level 2 fair value measurements are those derived from inputs other than quoted prices that are observable for the asset or liability, either directly (i.e. as prices) or indirectly (i.e. derived from prices); and
- Level 3 fair value measurements are those derived from valuation techniques that include inputs for the asset or liability that are not based on observable market data (unobservable inputs).

19.2 Fair value measurement of financial instruments

The carrying amounts of the Group's financial assets and liabilities as stated in the interim condensed consolidated statement of financial position may also be categorized as follows:

	30 June 2021 (Unaudited) KD	31 Dec. 2020 (Audited) KD	30 June 2020 (Unaudited) KD

19 Fair value measurement (continued)

19.2 Fair value measurement of financial instruments (continued)

Measurement at fair value
The methods and valuation techniques used for the purpose of measuring fair value are unchanged compared to the previous reporting period.

a) Quoted securities
All the listed equity securities are publicly traded in stock exchanges. Fair values have been determined by reference to their quoted bid prices at the reporting date.

b) Unquoted securities
The consolidated financial statements include holdings in unlisted securities which are measured at fair value. Fair value is estimated using a discounted cash flow model or other valuation techniques which include some assumptions that are not supportable by observable market prices or rates.

c) Investment in managed funds
Investment funds managed by other mainly comprise of unquoted units and the fair value of these units has been determined based on net assets values reported by the fund manager as of the reporting date.

Level 3 fair value measurements
The Group's financial assets and liabilities classified in level 3 uses valuation techniques based on significant inputs that are not based on observable market data. The financial instruments within this level can be reconciled from beginning to ending balances as follows:

20 Fiduciary accounts

The Parent Company previously managed portfolios on behalf of others, mutual funds and maintains cash balances and securities in fiduciary accounts, which were not reflected in the interim condensed consolidated statement of financial position. However, as a result of the legal status of the Parent Company changed to a holding company, it is no longer allowed to manage portfolios. The existing portfolio balance is either currently being disposed of or transferred to other entities. Assets under management at 30 June 2021 amounted to KD1,886,790 (31 December 2020: KD862,143 and 30 June 2020: KD667,024). The Group earned management fee of KD Nil (31 December 2020: KD Nil and 30 June 2020: KD Nil) from these activities.

21 Covid19 pandemic impact

The outbreak of Coronavirus ("COVID19") pandemic and related global responses have caused material disruptions to businesses around the world, leading to an economic slowdown. Global and local markets have experienced significant volatility and weakness. While governments and central banks have reacted with various financial packages and reliefs designed to stabilise economic conditions, the duration and extent of the impact of the COVID19 outbreak, as well as the effectiveness of government and central bank responses, remains unclear at this time.

Management has updated its assumptions with respect to judgements and estimates on various account balances which may be potentially impacted due to continued uncertainties in the volatile economic environment in which the Group conducts its operations. The assessment did not result into any significant impact on this interim condensed consolidated financial information.

Management is aware that a continued and persistent disruption could negatively impact the financial position, performance and cash flows of the Group in the future. Management continues to closely monitor the market trends, its supply-chain, industry reports and cash flows to minimise any negative impact on the Group.
