

Quote by HE Saeed Mohammed Al Tayer, MD & CEO of DEWA on Zayed Humanitarian Day 2022

Dubai, UAE, 19 April 2022:

“The late Founding Father Sheikh Zayed bin Sultan Al Nahyan, may his soul rest in peace, instilled in Emiratis the traits to improve the lives of all people wherever they are, help alleviate their suffering, and provide all the necessities for a decent life. Charity and the good initiatives launched by the late Sheikh Zayed are a valuable legacy that we work to maintain and develop, guided by Emirati values. This supports the vision of HH Sheikh Mohammed bin Rashid Al Maktoum, Vice President and Prime Minister of the UAE and Ruler of Dubai, to build a developmental approach that ensures sustainability of support and empowerment for pioneers of humanitarianism. The UAE has presented a unique model during the COVID-19 pandemic for charitable work. It has doubled its support for the needy and helps others around the world. This reflects the roots of the UAE’s humanitarianism for the needy everywhere. It also underlines the social awareness and solidarity to advance the worthy values of the UAE and promoting Zayed’s legacy of benevolence and hope on earth,” said **HE Saeed Mohammed Al Tayer, MD & CEO of Dubai Electricity and Water Authority (DEWA).**

“DEWA follows the approach of His Highness to make a sustainable impact by providing support and giving back to the larger community. DEWA has adopted clear Corporate Social Responsibility strategies and developed an integrated framework to meet the best local and international practices, legislation, and laws, to raise the happiness of all society. DEWA intends be one of the largest supporters of volunteerism in the UAE and Dubai. It is doing this by launching several humanitarian and voluntary initiatives to support integrated and sustainable volunteerism in the country. As part of its social responsibility, DEWA launched 380 initiatives between 2013 and 2021, and its employees recorded around 162,493 volunteer hours in humanitarian and social initiatives, benefitting 36,514,842 people inside and outside the UAE,” added **Al Tayer.**
