Review Report of Interim Condensed Consolidated Financial Information

The Board of Directors

Ekttitab Holding Company - K.S.C. Public

And its Subsidiaries

State of Kuwait

Introduction

We have reviewed the accompanying interim condensed consolidated statement of financial position of Ekttitab Holding Company - K.S.C. (Public) – “The parent company” and its subsidiaries (together referred to as “the Group”) as of March 31, 2022 and the related interim condensed consolidated statements of profit or loss, profit or loss and other comprehensive income, changes in equity and cash flows for the three months period then ended and notes to the interim condensed consolidated financial information. Management of the parent Company is responsible for the preparation and presentation of this interim financial information in accordance with International Accounting Standard 34, “Interim Financial Reporting”. Our responsibility is to express a conclusion on this Interim Condensed Consolidated Financial Information based on our review.

Scope of Review

We conducted our review in accordance with International Standard on Review Engagements 2410, “Review of interim financial information performed by the Independent Auditor of the Entity”. A review of Interim Condensed Consolidated Financial Information consists of making inquiries, primarily of persons responsible for financial and accounting matters, and applying analytical and other review procedures. A review is substantially less in scope than an audit conducted in accordance with International Standards on Auditing and consequently does not enable us to obtain assurance that we would become aware of all significant matters that might be identified in an audit. Accordingly, we do not express an audit opinion.

Conclusion

Based on our review, nothing has come to our knowledge that causes us to believe that the accompanying Interim Condensed Consolidated Financial Information for the three months period ended March 31, 2022 is not prepared, in all material respects, in accordance with International Accounting Standard 34 “Interim Financial Reporting”.

Emphasis of matter

We would like to draw attention to the Note No (2) on the consolidated financial information regarding the continuity of a subsidiary company (Petro integrated Business Holding Company - K.S.C closed)). This does not qualify our conclusion

Other Matter

The financial statements for the comparative period have been audited by another auditor and he expressed the qualified conclusion in his report issued May 15, 2021.

15- Fair value measurement

The Group measures financial assets such as investments at fair value through profit or loss and Financial assets at fair value through other comprehensive income and non-financial assets such as investment properties at fair value at each reporting date.

Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The fair value measurement is based on the presumption that the transaction to sell the asset or transfer the liability takes place either:

In the principal market for the asset or liability, or

In the absence of a principal market, in the most advantageous market for the asset or liability

All assets and liabilities for which fair value is measured or disclosed in the financial statements are categorized within the fair value hierarchy, described as follows, based on the lowest level input that is significant to the fair value measurement as a whole:

Level 1: Quoted (unadjusted) market prices in active markets for identical assets or liabilities.

Level 2: Valuation techniques for which the lowest level input that is significant to the fair value measurement is directly or indirectly observable.

Level 3: Valuation techniques for which the lowest level input that is significant to the fair value measurement is unobservable.

The following table shows an analysis of captions recorded at fair value by level of the fair value hierarchy:

	<u>Level 1</u>	<u>Level 2</u>	<u>Level 3</u>	<u>Total</u>

At March 31, 2022, the fair values of financial instruments approximate their carrying amounts. The management of the Group has assessed that fair value of its financial assets and liabilities approximate their carrying amounts largely due to the short-term maturities of these instruments.

During the year, there were no transfers between Level 1, Level 2 and Level 3.

For assets and liabilities that are recognized in the financial statements on a recurring basis, the Group determines whether transfers have occurred between levels in the hierarchy by re-assessing categorization based on the lowest level input that is significant to the fair value measurement as a whole at the end of each reporting period.

16- Lawsuits and possible claims
