

DFM Registers Centroid Solutions as Trading System Vendor

Dubai Financial Market (DFM) announced that it has registration Centroid Solutions DMCC as a Trading System Vendor, bringing the number of registered vendors to 5 companies.

The registration process aims to facilitate DFM-licensed brokerage firms' access to state-of-art solutions for e trading systems, hence improving services provided investors in the market.

It is noteworthy that Centroid Solutions is a fintech company that offers a complete suite of technology solutions and infrastructure, specifically designed to help brokers to optimize their business performance, expand product offering and facilitate business growth.
