### Report on Review of Interim Condensed Consolidated Financial Statements To the shareholders of Union Properties P.J.S.C

#### Introduction

We have reviewed the accompanying interim condensed consolidated statement of financial position of Union Properties P.J.S.C (the "Company") and its subsidiaries (the "Group") as at 31 March 2023, and the related interim condensed consolidated statement of profit or loss and other comprehensive income, interim condensed consolidated statement of cash flows and interim condensed consolidated statement of changes in equity for the three month period then ended and other related explanatory notes. Management is responsible for the preparation and fair presentation of these interim condensed consolidated financial statements in accordance with International Accounting Standard 34 "Interim Financial Reporting". Our responsibility is to express a conclusion on the interim condensed consolidated financial statements based on our review.

### Scope of Review

We conducted our review in accordance with the International Standard on Review Engagements 2410, "Review of Interim Financial Information Performed by the Independent Auditor of the Entity". A review of interim financial information consists of making inquiries, primarily of persons responsible for financial and accounting matters, and applying analytical and other review procedures. A review is substantially less in scope than an audit conducted in accordance with International Standards on Auditing and consequently does not enable us to obtain assurance that we would become aware of all significant matters that might be identified in an audit. Accordingly, we do not express an audit opinion.

#### Conclusion

Based on our review, nothing has come to our attention that causes us to believe that the accompanying interim condensed consolidated financial statements are not prepared, in all material respects, in accordance with International Accounting Standard 34 "Interim Financial Reporting".

### Report on Review of Interim Condensed Consolidated Financial Statements To the shareholders of Union Properties P.I.S.C

### **Emphasis of Matter**

### - Material uncertainty related to going concern

We draw attention to note 3 of these interim condensed consolidated financial statements, which states that, the Group has reported a profit of AED 12.291 million for the three month period ended 31 March 2023, and as at that date has accumulated losses of AED 2,888 million, which exceeds 50% of its issued share capital. Furthermore, the Group's current liabilities exceed its current assets by AED 1,186 million as at that date. These conditions indicate the existence of a material uncertainty that may cast a significant doubt on the Group's ability to continue as a going concern.

As per article 309 of the UAE Federal Law No (32) of 2021, the management of the Group has prepared a short and medium term strategy plan, which is approved by the shareholders to financially support the Group and its operations for the foreseeable future. On this basis, the interim condensed consolidated financial statements are prepared on a going concern assumption. Our conclusion is not modified in respect of this matter.

#### Valuation of investment properties

We draw attention to note 6 of these interim condensed consolidated financial statements. During the previous years, the Group had undertaken a survey of the Masterplan for Dubai Motorcity and had submitted a formal request to the concerned regulatory authorities for the issuance of revised affection plans with amended Gross Floor Areas (the "GFA's"). Further, in accordance with the directions of the Dubai Development Authority, the Group had appointed approved independent third-party surveyors to perform a detailed survey of the entire land bank at the Dubai Motorcity. Based on the official third-party surveyor reports, the Group obtained an attestation from relevant parties for an additional GFA and thereafter also obtained an approval of the Traffic Impact Study from the Road and Transport Authority. Based on surveyor reports, valuations and approvals received from the experts and authorities, the management had continued with inclusion of the additional GFA to the value of AED 711.1 million in investment properties under the Motorcity land, despite a pending formal approval from the relevant parties, in the Group's interim condensed consolidated financial statements as at 31 March 2023 (31 December 2022; AED 711.1 million).

Subsequent to the period-end, the Company has registered a real estate claim before Dubai Courts against the relevant parties for failure to issue the required approval. Our conclusion is not modified in respect of this matter.

### Other Matter

The interim condensed consolidated financial statements of the Group as at and for the three month period ended 31 March 2022 were reviewed by another auditor, who expressed an unmodified conclusion on those interim condensed consolidated financial statements on 12 May 2022.

### Fair value hierarchy

The table below analyses financial instruments carried at fair value, by valuation method. The different levels have been defined as follows:

- Level 1: Quoted prices (unadjusted) in active markets for identical assets or liabilities;
- Level 2: Inputs other than quoted prices included within Level 1 that are observable for the asset or liability, either directly (i.e., as prices) or indirectly (i.e., derived from prices); and
- Level 3: Inputs for the asset or liability that are not based on observable market data (unobservable inputs).

The Group holds investments at fair value through profit or loss. The fair value of quoted securities is determined by reference to their quoted bid prices as at the reporting date. Investments in marketable securities are stated at cost where no observable market data is available. Accordingly, the fair value hierarchy is set out as below:

|  | Level 1      | Level 2 | Level 3 | Total   |
