REPORT ON REVIEW OF INTERIM FINANCIAL INFORMATION

The Board of Directors
Emirates Islamic Bank PJSC
Dubai
United Arab Emirates

Introduction

We have reviewed the accompanying condensed consolidated statement of financial position of **Emirates Islamic Bank PJSC, Dubai, United Arab Emirates** (the "Bank") **and its Subsidiaries** (together referred to as the "Group") as at 30 September 2023 and the related condensed consolidated income statement, condensed consolidated statement of comprehensive income, condensed consolidated statement of changes in equity and condensed consolidated statement of cash flows for the nine months period then ended. Management is responsible for the preparation and presentation of this interim financial information in accordance with International Accounting Standard 34 *Interim Financial Reporting* ("IAS 34"). Our responsibility is to express a conclusion on this interim financial information based on our review.

Scope of review

We conducted our review in accordance with International Standard on Review Engagements 2410, "*Review of Interim Financial Information Performed by the Independent Auditor of the Entity*". A review of interim financial information consists of making inquiries, primarily of persons responsible for financial and accounting matters, and applying analytical and other review procedures. A review is substantially less in scope than an audit conducted in accordance with International Standards on Auditing and consequently does not enable us to obtain assurance that we would become aware of all significant matters that might be identified in an audit. Accordingly, we do not express an audit opinion.

Conclusion

Based on our review, nothing has come to our attention that causes us to believe that the accompanying interim financial information is not prepared, in all material respects, in accordance with IAS 34.

18 ASSETS AND LIABILITIES MEASURED AT FAIR VALUE

Fair value of assets and liabilities

The table below analyses assets and liabilities measured at fair value on a recurring basis. The different levels in the fair value hierarchy have been defined as follows:

- Level 1: quoted prices (unadjusted) in principal markets for identified assets or liabilities.
- Level 2: valuation using inputs other than quoted prices included within Level 1 that are observable for the assets or liabilities, either directly (i.e., as prices) or indirectly (i.e., derived from prices).
- Level 3: valuation using inputs for the assets or liabilities that are not based on observable market data (unobservable inputs).

The fair value of financial instruments classified as level 3 are, in certain circumstances, measured using valuation techniques that incorporate assumptions that are not evidenced by the prices from observable current market transactions in the same instrument and are not based on observable market data. The Group employs valuation techniques, depending on the instrument type and available market data. For example, in the absence of active market, an investment's fair value is estimated on the basis of an analysis of the investee's financial position and results, risk profile and other factors. Favourable and unfavourable changes in the value of financial instruments are determined on the basis of changes in the value of the instruments as a result of varying the levels of the unobservable parameters, quantification of which is judgmental.

During the period ended 30 September 2023 no financial assets were transferred from Level 1 to Level 2 or from Level 2 to Level 1 (2022: AED Nil).

For comparative information please refer to the Group's consolidated financial statements for the year ended 31 December 2022.

20 IBOR TRANSITION (PROFIT RATE BENCHMARK REFORMS)

The Group closely monitors the market and the output from the various industry working groups managing the transition to new benchmark profit rates. Exposures to USD, GBP, JPY, CHF and EUR IBORs have been transitioned to alternative benchmarks.

21 CORPORATE TAX IN THE UAE

On 9 December 2022, the United Arab Emirates (UAE) Ministry of Finance ("MOF") released Federal Decree-Law No 47 of 2022 on the Taxation of Corporations and Businesses, Corporate Tax Law ("CT Law") to enact a new CT regime in the UAE. The new CT regime has become effective for accounting periods beginning on or after 1 June 2023.

As the Group's accounting year ends on 31 December, accordingly the effective implementation date for the Group will start from 1 January 2024 to 31 December 2024, with the first return to be filed on or before 30 September 2025.

The CT Law confirms the rate of 9% to be applied to taxable income exceeding a specified threshold. The Group may be subject to application of Global Minimum Tax rate of 15% which is dependent on the implementation of Base Erosion Profit Shifting (BEPS 2) - Pillar Two rules by the countries where the Group operates and a top-up tax regime by UAE MOF.

As per the Group's assessment, there is no deferred tax impact on account of the CT Law in the interim financial statements for the period ended 30 September 2023. The Group will continue to assess the possible impact of the CT Law on the Group consolidated financial statements, from current and deferred tax perspective, based on clarifications and guidance on the implementation of CT Law.
