REPORT ON REVIEW OF INTERIM CONSOLIDATED FINANCIAL INFORMATION

The Board of Directors
Al Mazaya Holding Company K.S.C.P.
State of Kuwait

Introduction

We have reviewed the accompanying interim condensed consolidated statement of financial position of Al Mazaya Holding Company K.S.C.P. (The Parent Company) and its subsidiaries (the Group) as of June 30, 2024 and the related interim condensed consolidated statements of profit or loss, profit or loss and other comprehensive income, changes in equity and cash flows for the six months period then ended. Management of the Parent Company is responsible for the preparation and presentation of this interim consolidated financial information in accordance with International Accounting Standard 34, "Interim Financial Reporting". Our responsibility is to express a conclusion on this interim consolidated financial information based on our review.

Scope of Review

We conducted our review in accordance with International Standard on Review Engagements 2410, "Review of Interim financial information performed by the Independent Auditor of the Entity." A review of interim consolidated financial information consists of making inquiries, primarily of persons responsible for financial and accounting matters, and applying analytical and other review procedures. A review is substantially less in scope than an audit conducted in accordance with International Standards on Auditing and consequently does not enable us to obtain assurance that we would become aware of all significant matters that might be identified in an audit. Accordingly, we do not express an audit opinion.

Conclusion

Based on our review, nothing has come to our attention that causes us to believe that the accompanying interim consolidated financial information is not prepared, in all material respects, in accordance with International Accounting Standard 34.

Emphasis of Matter

We would like to draw attention to Note 3 to the interim consolidated financial information, which states that during the period ended June 30, 2024, Al Mazaya Holding Company - K.S.C.P. (Parent Company) and First Dubai Real Estate Development Company - K.S.C.P. (Subsidiary) had completed their Merger by Amalgamation, where Al Mazaya Holding Company - K.S.C.P. was the "Merging" company and First Dubai Real Estate Development Company - K.S.C.P. was the "Merged" company. Our conclusion is not modified in respect to this matter.

Report on other Legal and Regulatory Requirements

Furthermore, based on our review the interim consolidated financial information is in agreement with the books of account of the Parent Company. We further report that, to the best of our knowledge and belief, we have not become aware of any violations of the Companies Law No. 1 of 2016 and its Executive Regulations, as amended, or of the Parent Company's Memorandum of Incorporation and Articles of Association, as amended during the six months period ended June 30, 2024 that might have had a material effect on the Group's financial position or results of its operations.

Furthermore, during our review we have not become aware of any material violations of the provisions of Law 7 of 2010, as amended, relating to the Capital Markets Authority and its related regulations during the six months for the period ended June 30, 2024 that might have had a material effect on the Group's financial position or results of its operations.

14. Contingent liabilities and legal cases

As at June 30, 2024, the Group is contingently liable in respect of letters of guarantee amounting to KD 173,493 (December 31, 2023 - KD 193,492, June 30, 2023 - 277,312).

During the year ended December 31, 2020, two subsidiaries of the group had filed lawsuits before the courts of the Emirate of Dubai in the United Arab Emirates against some investors regarding the development of real estate projects in the Emirate of Dubai in the United Arab Emirates. During the year ended December 31, 2021, the Court of Cassation upheld the judgment issued by the Court of Appeal, which had previously upheld the judgment of the Court of First Instance issued in favor of the two subsidiaries of the group about their entitlement to a total amount of AED 19,780,852, in addition to the legal interest of 9% from the date of the judicial claim till full settlement, whereby the entitlement of those subsidiaries including the legal interest until December 31, 2021 had amounted to AED 26,007,266 (equivalent to KD 2,178,430) according to the latest calculations for that entitlement by the court, and hence, the management of those subsidiaries had decided to reverse the provisions recorded in their books against their full entitled amount according to the Court's verdict including the legal interest up till December 31, 2021 which is reported as provisions no longer required in the consolidated statement of profit or loss for the year ended December 31, 2021. The subsidiaries of the group initiated legal execution procedures against those investors for the fulfilment of that verdict along with its legal interest, which resulted in the collection of almost 89% from the total amount due to the two subsidiaries till June 30, 2024, whereas the remaining amount is currently under collection by the Group's two subsidiaries in the United Arab Emirates. As a result of those lawsuits, the defendants filed a counter-lawsuit against the Parent Company, the two subsidiaries and others demanding for the payment of AED 261,026,454 (equivalent to KD 21,864,191) in addition to the legal interest of 5% from the date of the judicial claim till full settlement, in addition to demanding payment of AED 50,000,000 (equivalent to KD 4,188,118) as compensation for lost profits. A court verdict was issued by the Court of First Instance in favor of the defendants (Parent Company, the two subsidiaries, and others) to disregard this lawsuit because of the previous judgement in that lawsuit, and obligating the plaintiffs to pay the deferred fees yet to be paid for that lawsuit. The plaintiff had appealed in front of Court of Appeal against the Court of First Instance's verdict, and the lawsuit is still currently under hearing in front of the legal courts. The Group's independent legal counsel believes that the Group has a solid standing in those lawsuits based on the ruling issued in the Group's favor by the Court of First Instance, and hence, no provisions were booked against those lawsuits as of the date of the accompanying interim consolidated financial information.

During the comparative year ended December 31, 2023, some buyers of real estate units in one of the Group's projects in the Emirate of Dubai filed a lawsuit demanding to terminate the booking forms of the subject real estate units and to refund an amount of AED 5,530,321 (equivalent to KD 463,233) in addition to the legal interest of 9% until full payment. During the period ended June 30, 2024, the Court of First Instance issued a judgment obliging the parent company and its subsidiary jointly to pay an amount of AED 2,944,130 (equivalent to KD 245,992) and the legal interest thereon at the rate of 5% annually from the date of the judicial claim until full payment. The Group, as a precautionary measure, had recorded full provisions for the value of that judicial claim in its records during the year 2023 which exceeds the verdict value that was ruled against the Group. This judgement had been appealed by its both parties, and that lawsuit is still currently under hearing in front of the legal courts as at the accompanying consolidated interim financial information date.

A subsidiary to the Parent Company in the Emirate of Dubai had filed a lawsuit (as a precautionary measure in order to avoid the statute of limitation related to the date of filing that lawsuit) against several parties demanding them to bear the costs of rectifying the defects and repairing some buildings in the Emirate of Dubai that they had previously developed for the benefit of the subsidiary during the period from 2007 to 2015, due to their responsibility for the development work and supervising the developments of those buildings for the benefit of the subsidiary as some defects that require repairs, where the Company demands to oblige the defendants with a total amount of AED 82,022,600 (equivalent to KD 6,870,406) in addition to the legal interest of 5% from the date of the judicial claim till full settlement date, in addition to demanding that some of the other defendants be obligated to an amount of AED 23,200,000 in solidarity with the first defendant parties (equivalent to the amount of KD 1,943,287) in addition to the legal interest of 5% from the date of the judicial claim till full settlement date, which represents the estimated budget of the repair costs for the subject buildings that resulted from development defects by the main contractor and subcontractors in addition to reserving the right to request compensation after assessing the damages and losses as well as obliging the defendants to pay the related fees, expenses, and attorney's fees. During the period ended June 30, 2024, the subsidiary amended its claim in that lawsuit by an additional claim amounting to AED 40,000,000 (equivalent to KD 3,342,140) as monetary and punitive compensation, this lawsuit is still pending in court as at the date of the accompanying consolidated interim financial information. In the same regard, there are some lawsuits filed against that subsidiary by some unit owners in those buildings that are being repaired to claim the termination of their unit contracts and compensation for damages, the independent legal advisor of the company believes that the subsidiary has the recourse right against the developing parties of these buildings with all these damages and compensations once ruled for by the court against the company, which is the subject of the aforementioned lawsuit filed by the subsidiary, as those lawsuits are still currently under hearing in front of the legal courts. Accordingly, no additional provisions were booked in respect of these claims as at the date of the accompanying consolidated interim financial information.

Subsequent to the accompanied interim consolidated financial information date, a subsidiary to the Group in Sultanate of Oman had filed a Criminal Complaint against some of its employees because of fraudulent activities amounting to OMR 242,604 (equivalent to KD 193,388) related to collection of sales and rental proceeds for some units. The subsidiary is currently working on completing the necessary audits and inspections through an independent certified accounting expert to determine the final amount in that regard in order to complete the related legal procedures. There is no financial impact on that subsidiary due to the existence of enough provisions previously recognized in the subsidiary's records against the uncollected amounts as of the accompanied interim consolidated financial information date.

15. Parent Company's Annual General Assembly and Board of Directors approvals

Based on the Parent Company's Ordinary General Assembly resolution on March 26, 2024 that approved and authorized the Board of Directors to distribute interim dividends (semi-annually or quarterly) and to determine the distribution rate of those interim dividends to the shareholders, the Parent Company's Board of Directors, held on May 9, 2024 had decided to distribute interim dividends as free bonus shares from treasury shares at the rate of 2.5% to the shareholders registered in the Parent Company's registry as at the record date according to their ownership interest. The related impact of those dividends has been recognized by reducing the retained earnings by KD 884,427 without increasing the Parent Company's capital or the number of issued shares on the record date of those dividends.

The Parent Company's Shareholders' Annual General Assembly, held on March 26, 2024, had approved the consolidated financial statements of the Group for the year ended December 31, 2023 as well as the following:

- Not to pay Board of Directors remuneration for the year ended December 31, 2023.

16. Fair value measurement

The Group measures financial assets such as financial assets at fair value through profit or loss, financial assets at fair value through other comprehensive income, and non-financial assets such as investment properties at fair value at the end of the financial period.

Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The fair value measurement is based on the presumption that the transaction to sell the asset or transfer the liability takes place either:

- In the principal market for the asset or liability, or
- In the absence of a principal market, in the most advantageous market for the asset or liability.

All assets and liabilities for which fair value is measured or disclosed in the financial statements are categorized within the fair value hierarchy, described as follows, based on the lowest level input that is significant to the fair value measurement as a whole:

The details of fair value measurement hierarchy are as follows:

Level 1: Quoted (unadjusted) market prices in active markets for identical assets or liabilities.

Level 2: Valuation techniques for which the lowest level input that is significant to the fair value measurement is directly or indirectly observable.
