

Press Release

World Day for Safety and Health at Work,

Empower: We dedicate our efforts to the Health and Safety of our Employees every day

Dubai, UAE 28 April 2025: Emirates Central Cooling Systems Corporation PJSC (Empower), the world's largest district cooling services provider, reaffirmed its continuous dedication to the well-being of its employees and proactive risk management, having recorded zero workplace injuries in 2024. This achievement highlights the effectiveness of Empower's comprehensive health, safety, and environment (HSE) strategy.

In celebration of World Day for Safety and Health at Work, Empower announced the successful completion of 1,799 comprehensive HSE inspections across all its sites last year, reinforcing the robustness of its model work environment for team health and safety.

The company conducted 1,513 inspections at its plant sites, 128 targeted inspections focusing on high-risk work environments, and 158 detailed inspections for tasks requiring immediate attention — all underlining Empower's dedication to maintaining a safe workplace.

Additionally, Empower delivered 1,544 specialized safety training sessions, attended by 7,906 participants and totaling 3,438 working hours. These sessions covered essential topics including safety protocols, environmental responsibility, and regulatory compliance.

This ongoing training reflects Empower's strong commitment to raising awareness and fostering a safer work environment. As a result, the company achieved an impressive 6,017,626 safe working hours in 2024, further validating the effectiveness of its preventive measures.

To ensure the sustainability of its safety standards, Empower has adopted a comprehensive Quality, Health, Safety, and Environment (QHSE) policy, implemented across all departments and subject to continuous monitoring.

His Excellency Ahmad bin Shafar, CEO of Empower, stated: On the occasion of the World Day for Safety and Health at Work, we reaffirm our unwavering commitment to implementing the highest standards of health and safety across all our operations. This commitment is part of our responsibility toward our employees, partners, clients, and the community as a whole. Empower is dedicated to providing a safe and healthy working environment based on an integrated management and operational strategy that ensures efficiency, quality, sustainability, and reliability. He added that Empower places occupational safety and health culture at the core of its priorities, continuously staying abreast of the latest developments in the field due to its vital role in protecting lives and assets, enhancing the work environment, boosting operational efficiency, and achieving institutional excellence.
