Report on review of interim condensed consolidated financial information
To the board of directors of
Ekttitab Holding Company – KPSC
State of Kuwait

Introduction

We have reviewed the accompanying interim condensed consolidated statement of financial position of **Ekttitab Holding Company - KPSC** ("the Parent Company") and its subsidiaries ("the Group") as of 30 June 2026 and the related interim condensed consolidated statements of profit or loss, interim condensed consolidated statements profit or loss and other comprehensive income, interim condensed consolidated statements changes in equity and interim condensed consolidated statements cash flows for the Six-months period then ended.

Management is responsible for the preparation and presentation of this interim condensed consolidated financial information in accordance with International Accounting Standard 34, "Interim Financial Reporting". Our responsibility is to express a conclusion on this interim condensed consolidated financial information based on our review.

Scope of Review

Except as stated in the basis paragraph for the qualified conclusion below, we conducted our review in accordance with International Standard on Review Engagements 2410, "Review of Interim Financial Information Performed by the Independent Auditor of the Entity." A review of interim financial information consists of making inquiries, primarily of persons responsible for financial and accounting matters, and applying analytical and other review procedures. A review is substantially less in scope than an audit conducted in accordance with International Standards on Auditing and consequently does not enable us to obtain assurance that we would become aware of all significant matters that might be identified in an audit. Accordingly, we do not express an audit opinion.

Basis of Qualified Conclusion

As explained in Note (8) to the Condensed Consolidated Interim Financial Information, the Group's management did not provide us with audited financial statements for the associate company (Raya Takaful Insurance Company – KSCC) for the financial year ended 31 December 2025. Therefore, we were unable to conduct the review in accordance with the requirements of the International Standards on Auditing relating to investment in an associate company to ascertain the fairness of its financial statements, the realizability of its assets, and whether there was any material information relating to the associate company during the period, which has substantial doubts about its going concern and the conduct of its activities, given that the Insurance Regulatory Unit had cancelled the associate company's license.

Qualified Conclusion

Based on our review, except as stated in the basis paragraph for the qualified conclusion, nothing has come to our attention that necessitates the belief that the accompanying interim condensed consolidated financial information has not been prepared, in all material respects, in accordance with International Accounting Standard No. 34 "Interim Financial Report".

Basic Accounting Concept ("Going Concern Principle")

We draw attention to Note (5) to the condensed consolidated interim financial information, concerning the accounting concept, which indicates that there are material doubts about the Group's ability to continue as a going concern, as the Group's current liabilities exceeded its current assets as of 30 June 2026, by KD 718,650 (KD 549,231 as of 30 June 2025, and KD 636,738 as of 31 December 2025).

Furthermore, the accumulated losses of Petro Integrated Business Company – K.S.C. (Closed) ("a subsidiary") as of 30 June 2026 amounted to KD 2,398,097 representing 86% of the subsidiary's share capital. (KD 2,397,951 representing 86%, as of 30 June 2025 and KD 2,397,492 representing 86%, as of 31 December 2025).

Report on review of interim condensed consolidated financial information (Continued)
To the board of directors of
Ekttitab Holding Company – KPSC
State of Kuwait

Basic Accounting Concept ("Going Concern Principle") (continued)

The group's accumulated losses for the period ending 30 June 2026 amounted to KD23,815,000 representing 74.74% of the parent company's capital (KD 23,825,706 representing 74.52% as of 30 June 2025 and KD 23,825,706 representing 74.8% as of 31 December 2025). Although Kuwaiti Companies Law No. (1) of 2016 stipulated that 75% of the company's capital should be considered accumulated losses, which must be noted for the group's continuity, the negative financial indicators and the parent company's situation in light of these losses, in addition to the losses of its subsidiaries, the decrease in the value of its investments, and the decrease in the value of its assets due from related parties, necessitate this.

We note the need for the Group's management to take the necessary measures to address the accumulated losses and improve the quality of its investments and assets. Therefore, the condensed consolidated interim financial statements for the period ending 30 June 2026, have been prepared on the assumption that the Group will continue its operations on a going concern basis.

- On 4 May 2026, the Capital Markets Authority issued its decision approving the proposal of the parent company's board of directors to reduce the company's share capital to fully cover the accumulated losses as of 31 December 2025 (see Note 11). The reduction of the company's share capital is subject to the approval of the Extraordinary General Meeting of the company's shareholders and the regulatory authorities.
- On 24 May 2026, the Ordinary General Assembly of the parent company was held, during which the offsetting of part of the accumulated losses of the parent company was approved by transferring the entire balance of the statutory reserve amounting to KD 94,506 (Note 14-b).
- On 24 June 2026, the Extraordinary General Assembly of the Company was held, during which the reduction of the Company's capital from an amount of KD 31,862,423 to an amount of KD 8,131,223 (equivalent to 74.48% of the capital of the parent company) was approved (Note 15).

Report on review of other legal and regulatory requirements

Based on our review, the interim condensed consolidated financial information is in agreement with the books of the Parent Company. We further report that, to the best of our knowledge and belief, no violations of the Companies Law No. 1 of 2016 and its Executive Regulations, or of the Parent Company's Memorandum of Incorporation and Articles of Association, as amended, have occurred during the Six-months period ended 30 June 2026 that might have had a material effect on the business or financial position of the group.

We further report that, during the course of our review, to the best of our knowledge and belief, we have not become aware of any material violations of the provisions of Law No. 7 of 2010 concerning the Capital Markets Authority and its related regulations during the Six-months period ended 30 June 2026 that might have had a material effect on the business or consolidated financial position of the group.

1 Incorporation and activities

Ekttitab Holding Company – KPSC (“the Parent Company”) was established on 1999. The Parent Company’s shares are listed on Kuwait Stock Exchange on 19 December 2005.

The group includes the parent company and its subsidiaries. Details of the subsidiaries are shown in note (6).

The purposes for which the parent company was established are:

- Owning shares in Kuwaiti or foreign joint stock companies, as well as owning shares or stakes in Kuwaiti or foreign limited liability companies, or participating in establishing these companies of both types, managing them, lending to them, and guaranteeing them with others.
- Lending to companies in which it owns 20% or more of the capital to borrowing companies and guaranteeing these companies with others.
- Owning industrial property rights such as patents, industrial trademarks, industrial fees, or any other rights related to that, and leasing them to other companies to exploit them, whether inside or outside Kuwait.
- Owning movable and immovable property necessary to carry out its activity within the limits permitted by law.
- Exploiting the financial surpluses available to the company by investing them in financial portfolios managed by specialized companies and entities.

The group also operates in accordance with the provisions of Islamic Sharia.

The address of the Parent Company's registered offices is: Sharq - Muhammed Saleh Yousef Bhabani Complex – Floor 16 - State of Kuwait

The interim condensed consolidated financial information for the Six-months period ended 30 June 2026 (including comparatives) was authorized for issue by the directors of the Parent Company on 21 July 2026.

2 Basis of presentation

This interim condensed consolidated financial information of the Group for the Six-months period ended 30 June 2026 has been prepared in accordance with International Accounting Standard 34 “Interim Financial Reporting”. The accounting policies used in the preparation of this interim condensed consolidated financial information are consistent with those used in the preparation of the annual consolidated financial statements for the year ended 31 December 2025, except for the changes disclosed in Note No. (3).

The annual consolidated financial statements for the year ended 31 December 2025 have been prepared in accordance with International Financial Reporting Standards issued by the International Accounting Standards Board (IASB) and interpretations issued by the International Financial Reporting Interpretations Committee of the International Accounting Standards Board (IASB).

The interim condensed consolidated financial information has also been presented in Kuwaiti Dinars, which is the functional and presentation currency of the Group.

The interim condensed consolidated financial information does not include all the information and disclosures required for the preparation of complete financial statements in accordance with International Accounting Standards. In the opinion of the Group’s management, all adjustments consisting of normal recurring accruals that are necessary for a fair presentation have been included.

The results of operations for the Six months ended 30 June 2026 are not necessarily indicative of the results that may be expected for the fiscal year ending 31 December 2026. For further details, please refer to the consolidated financial statements for the year ended 31 December 2025 and the disclosures therein.

3 New standards and amendments to applicable standards

The accounting policies used in the preparation of the interim condensed consolidated financial information are consistent with those applied in the previous year except for the changes resulting from the adoption of certain new and amended International Financial Reporting Standards (IFRS) that are effective from 1 January 2026. The Group has not early adopted any standards, interpretations or amendments that have been issued but are not yet effective. Below is a summary of the new IFRSs or amendments to existing IFRSs that are effective for the current period:

Classification and Measurement of Financial Instruments – Amendments to IFRS 9 Financial Instruments and IFRS 7 Financial Instruments: Disclosures

The IASB issued Amendments to the Classification and Measurement of Financial Instruments in response to feedback received as part of the post-implementation review of the classification and measurement requirements in IFRS 9 Financial Instruments and related requirements in IFRS 7 Financial Instruments: Disclosures.

The IASB amended to the requirements related to:

- Settling financial liabilities using an electronic payment system; and
- Assessing contractual cash flow characteristics of financial assets, including those with environmental, social and governance (ESG)-linked features.

The IASB also amended disclosure requirements relating to investments in equity instruments designated at fair value through other comprehensive income and added disclosure requirements for financial instruments with contingent features that do not relate directly to basic lending risks and costs.

Annual Improvements to IFRS Accounting Standards - Amendments to:

IFRS 1 - First-time Adoption of International Financial Reporting Standards.

IFRS 7 - Financial Instruments: Disclosures and its accompanying Guidance on implementing IFRS 7.

IFRS 9 - Financial Instruments.

IFRS 10 - Consolidated Financial Statements; and

IAS 7 - Statement of Cash flows.

The annual improvements process aims to improve the clarity and internal consistency of IFRS® Accounting Standards. In this volume of improvements, the International Accounting Standards Board (IASB) makes minor amendments to IFRS 9 Financial Instruments and to a further four accounting standards¹. The amendments to IFRS 9 address:

- A conflict between IFRS 9 and IFRS 15 Revenue from Contracts with Customers over the initial measurement of trade receivables; and
- How a lessee accounts for the derecognition of a lease liability under paragraph 23 of IFRS 9.

The amendment on trade receivables may require some companies to change their accounting policy.

4 Judgement and estimates

The preparation of interim condensed consolidated financial information requires management to make judgements, estimates and assumptions that affect the application of accounting policies and the reported amounts of assets and liabilities, income and expense.

Actual results may differ from these estimates. In preparing this interim condensed consolidated financial information, the significant judgements made by management in applying the Group's accounting policies and the key sources of estimation uncertainty were the same as those that applied to the annual audited consolidated financial statements as at and for the year ended 31 December 2025.

**Notes to the interim condensed consolidated financial information
For the Six-months period ended 30 June 2026**

5 Basic of Accounting Concept (“Going Concern Principle”)

The condensed consolidated interim financial information for the Group for the Six-month period ended 30 June 2026 has been prepared on a going concern basis, which assumes the Group's ability to realize its assets and settle its liabilities in the ordinary course of business. As of 30 June 2026, the Group's current liabilities exceeded its current assets by KD 718,650 (KD 549,231 as of 30 June 2025 and KD 636,738 as of 31 December 2025).

As of 30 June 2026, Petro Integrated Business Company – K.S.C. (Closed) (“a subsidiary”) had accumulated losses of KD 2,398,097 representing 86% of the subsidiary's share capital. (KD 2,397,951 representing 86% of the total assets as of 30 June 2025 and KD 2,397,492 representing 86% of the total assets as of 31 December 2025). Therefore, the condensed consolidated interim financial statements for the subsidiary were prepared by the Group's management on a going concern basis. According to Article 271 of the Kuwaiti Companies Law, the company must convene a general assembly meeting to consider the company's continuity or address the accumulated losses. However, the subsidiary's continuity depends on the continued provision of financial support from the parent company.

The Group's accumulated losses for the period ending 30 June 2026, amounted to KD 23,815,000 representing 74.74% of the parent company's capital (KD 23,744,872 or 74.52%, as of 30 June 2025, and KD 23,825,706 or 74.8%, as of 31 December 2025). Although Kuwaiti Companies Law No. 1 of 2016 stipulates that 75% of a company's capital must be considered accumulated losses, this issue warrants attention for the Group's continued operation. Given the negative financial indicators, the parent company's situation in light of these losses, the losses of its subsidiaries, the decline in the value of its investments, and the decrease in the value of its receivables from related parties, we emphasize the need for the Group's management to take the necessary measures to address the accumulated losses and improve the quality of its investments and assets.

Based on the above, the condensed consolidated interim financial information for the Group for the Six-month period ending 30 June 2026, assumes that the Group will continue its operations on a going concern basis.

On 4 May 2026, the Capital Markets Authority issued its decision approving the proposal of the parent company's board of directors to reduce the company's share capital to fully cover the accumulated losses as of 31 December 2025 (see Note 11). The reduction of the company's share capital is subject to the approval of the Extraordinary General Meeting of the company's shareholders and the regulatory authorities.

On 24 May 2026, the Ordinary General Assembly of the parent company was held, during which the offsetting of part of the accumulated losses of the parent company was approved by transferring the entire balance of the statutory reserve amounting to KD 94,506 (Note 14-b).

On 24 June 2026, the Extraordinary General Assembly of the Company was held, during which the reduction of the Company's capital from an amount of KD 31,862,423 to an amount of KD 8,131,223 (equivalent to 74.48% of the capital of the parent company) was approved (Note 15).

6 Subsidiaries

The condensed consolidated interim financial statements include the financial information of the parent company and its subsidiaries for the Six-months period ended 30 June 2026. Details of the consolidated subsidiaries are set out below:

6 Subsidiaries (continued)

- All balances, material transactions, realized and unrealized profits between the parent company and its subsidiaries are eliminated upon consolidation.
- The interim financial information of the above subsidiaries has been consolidated based on management financial information prepared by the management of those companies for the Six months financial period ending 30 June 2026.
- The financial information of the subsidiary company (Ekttitab International Holding Group Co. - WLL) was collected at 100%, although the direct ownership percentage of the company according to the articles of incorporation of the subsidiary company is 50%, as the 50% percentage (indirect ownership) is registered in the name of a related party and there is an undocumented written waiver from him in Favor of the parent company.
- When preparing this interim condensed consolidated financial information as of 30 June 2026, the accumulated losses of the subsidiary (Petro Integrated Business Company – KSC (Closed) (the Parent Company) and its subsidiary (“the Group”)) based on the management financial information amounted to KD2,398,097 representing 86% of the subsidiary’s capital (see Note 5).

7 Basic and diluted loss per share attributable to the shareholders of the Parent Company

Basic and diluted loss per share is calculated by dividing the loss for the period attributable to the shareholders of the Parent Company by weighted average number of shares outstanding during the period.

6 Investment in associate (continued)

The Group's management valued its investment in the associate and its investments at fair value through other comprehensive income (Note 9), as of the valuation date of 31 December 2025 (the valuation report was issued on 30 April 2026). The investment in the associate was valued at zero Kuwaiti Dinars (KWD), and its book value was recorded at a nominal value of KD 1.

The independent external valuer used the Net Assets Adjusted Method (NAV – Going Concern Approach) for all assets under valuation (the investment in the associate and the investments at fair value through other comprehensive income).

The Group's management did not provide us with audited financial statements for the associate as of 31 December 2025. Instead, we relied on the independent external valuation report dated 30 April 2026.

The Group recognized the change in the fair value of its investments measured at fair value through other comprehensive income, based on an valuation prepared by an independent external asset appraiser. The valuation was conducted as of 31 December 2025 (the valuation report was issued on 30 April 2026), and the change was recorded under other comprehensive income.

It was also reflected directly in the condensed interim statement of changes in equity under the fair value reserve.

The independent external appraiser used the adjusted net asset value (NAV – going concern) approach for all assets assessed, namely investments in associates and investments measured at fair value through other comprehensive income.

The Group valued its investments in accordance with the requirements of IFRS (13) Fair Value Measurement. The objective of fair value measurement is to estimate the price at which an orderly sale of an asset or transfer of a liability would occur between market participants at the measurement date under current market conditions.

16 Fair value measurement

Fair value measurement of financial assets

Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the valuation date. The fair values of all financial instruments are not materially different from their carrying values. The carrying values of financial assets and liabilities that are liquid or have short-term maturities (less than three months) approximate their fair values.

The Group uses the following hierarchy to determine and disclose the fair value of financial assets by valuation technique:

- Level 1: Quoted prices (unadjusted) in active markets for identical assets or liabilities;
- Level 2: Inputs other than quoted prices included within Level 1 that are observable for the asset or liability, either directly (i.e. as prices) or indirectly (i.e. derived from prices); and
- Level 3: Inputs for the asset or liability that are not based on observable market data (i.e. unobservable inputs).

The carrying values of financial assets and liabilities carried at amortized cost are not materially different from their fair values as most of the financial assets and liabilities have short maturities or have been repriced directly based on market movements in interest rates. The valuation method and techniques used to measure fair value have not changed compared to the previous period.

The following table shows the analysis of financial instruments carried at fair value by level in the fair value hierarchy:

There were no transfers between the first, second and third levels of the hierarchy above.

Investments in quoted and unquoted shares

Investments in quoted shares represent all listed ordinary shares that are generally traded in the stock exchanges, while investments in unquoted shares represent all investments that are carried at cost or fair value as estimated by management due to the lack of information about their market value. Fair values were determined by reference to the latest price quotations at the reporting date.

Unquoted investments (included in investments at fair value through other comprehensive income) were valued by an independent external valuer (see Note 9).

Investments in portfolios and investment funds managed by others

Investments in portfolios and investment funds managed by others represent quoted and unquoted bonds, quoted and unquoted securities. The fair value was determined by reference to the latest reports received from the managers.

17 Lawsuits

There are potential lawsuits against the Group in the form of financial cases and claims pending before the courts at various levels with other parties. Their results cannot be determined until the date of preparing this condensed consolidated interim financial information, and the Group's management believes that it is not necessary to create any provisions for these lawsuits and claims until their results are determined.
