**Directors' report**

The Board of Directors have pleasure in presenting their report and the reviewed condensed consolidated interim financial information for the period ended March 31, 2026.

**Principal activities of the Group**

The principal activities of Dubai Islamic Insurance & Reinsurance Company (AMAN) - (P.J.S.C) (the "Company") and its subsidiaries (collectively referred to as the "Group") are fire insurance, health insurance, reinsurance, accidents & civil liabilities, credit & saving insurance, life reinsurance, life insurance, motor, marine, aviation & transport insurance and other types of insurance.

**Financial review**

The table below summarizes the results for three months period ended March 31, 2026 and March 31, 2025 denoted in Arab Emirates Dirham (AED).

	Three months period ended March 31,	
	2026 (Unaudited)	2025 (Unaudited)
Net profit/ (loss) for the period	2,330,402	(1,675,039)
Basic and diluted earnings/(loss) per share	0.0103	(0.0074)

**Role of the Directors**

The Directors are the Group's principal decision-making forum. The Directors have the overall responsibility for leading and supervising the Group for delivering sustainable shareholders' value through its guidance and supervision of the Group's business. The Directors set the strategies and policies of the Group. They monitor performance of the Group's business, guide and supervise its management.

**Events after period end**

There have been no events subsequent to the condensed consolidated interim statement of financial position date that would significantly affect the amounts reported in the condensed consolidated interim financial information as at and for the three months period ended March 31, 2026.

**Statement of Directors' responsibilities**

The applicable requirements require the Directors to prepare the condensed consolidated interim financial information for each financial period which presents fairly in all material respects, the consolidated financial position of the Group and its consolidated financial performance for the period then ended.

The condensed consolidated interim financial information for the period under review, has been prepared in conformity and in compliance with the relevant statutory requirements and other governing laws. The Directors confirm that sufficient care has been taken for the maintenance of proper and adequate accounting records that disclose with reasonable accuracy at any time, the condensed consolidated interim financial position of the Group and enables them to ensure that the condensed consolidated interim financial information complies with the requirements of applicable statute. The Directors also confirm that the accounting policies and methods of computation adopted in preparing this condensed consolidated interim financial information are consistent with those used in the audited consolidated financial statements for the year ended December 31, 2025, which are the latest audited consolidated financial statements available, that reflect fairly the form and substance of the transactions carried out during the period under review and reasonably present the Group's financial conditions and results of its operations.

This condensed consolidated interim financial information was approved by the Board and signed by the authorized representative of the Group.

Jamal Ahmed Mohamed Al Jasmi  
Chairman

**Independent auditor's review report on condensed consolidated interim financial information**

To,

The Shareholders

Dubai Islamic Insurance &amp; Reinsurance Company (AMAN) - (P.J.S.C)

P.O. Box : 157

Dubai, United Arab Emirates

**Introduction**

We have reviewed the accompanying condensed consolidated interim financial information of Dubai Islamic Insurance & Reinsurance Company (AMAN) - (P.J.S.C) (the "Parent Company") and its subsidiaries (together the "Group") which comprise the condensed consolidated interim statement of financial position as at March 31, 2026, and the condensed consolidated interim statement of profit or loss and other comprehensive income, condensed consolidated interim statement of changes in equity, condensed consolidated interim statement of cash flows for the three months period then ended and notes to the condensed consolidated interim financial information. Management is responsible for the preparation and fair presentation of this condensed consolidated interim financial information in accordance with International Accounting Standard 34, "Interim Financial Reporting" ("IAS 34"). Our responsibility is to express a conclusion on this condensed consolidated interim financial information based on our review.

**Scope of Review**

We conducted our review in accordance with the International Standard on Review Engagements 2410, "Review of Interim Financial Information Performed by the Independent Auditor of the Entity". A review of interim consolidated financial information consists of making inquiries, primarily of persons responsible for financial and accounting matters, and applying analytical and other review procedures. A review is substantially less in scope than an audit conducted in accordance with International Standards of Auditing and consequently does not enable us to obtain assurance that we would become aware of all significant matters that might be identified in an audit. Accordingly, we do not express an audit opinion.

**Basis for Qualified Conclusion**

We draw attention to Note 7 to the condensed consolidated interim financial information, which indicates that, as of March 31, 2026, the Group held unit-linked investments recorded at fair value through profit or loss of policyholder amounting to AED 575,772,962. We were unable to perform review procedures to confirm the existence and valuation of these unit-linked investments, along with the related unit-linked life liabilities of AED 636,390,847 included in takaful contract liabilities (Note 6). A portion of these unit-linked investments were issued by entities related to the Third-Party Administrator (TPA) without receiving prior approval of the Group's management. Further, those units-issuing entities are currently under liquidation. Management was unable to obtain the balance confirmation or the net asset valuation from the custodian bank as of March 31, 2026 and as a result, the valuation of these units might be adversely affected on account of the fact that the issuing entities are under liquidation. Consequently, this could potentially result in the Group's takaful contract liabilities further exceeding the value of the underlying assets and we were unable to determine the adjustments necessary to the balances of those units and underlying unit linked liabilities as at March 31, 2026.

**Independent auditor's review report on condensed consolidated interim financial information**

**To the Shareholders of Dubai Islamic Insurance & Reinsurance Company (AMAN) - (P.J.S.C)  
Report on the review of condensed consolidated interim financial information (continued)**

**Qualified Conclusion**

Based on our review, except for the possible effects of the matter described in the "Basis for Qualified Conclusion" paragraph, nothing has come to our attention that causes us to believe that the accompanying condensed consolidated interim financial information does not present fairly, in all material respects, the consolidated financial position of the Group as at March 31, 2026, and its consolidated financial performance and its consolidated cash flows for the period then ended, in accordance with International Accounting Standard (IAS) 34 Interim Financial Reporting.

**Material Uncertainty Related to Going Concern**

We draw attention to Note 2 of the condensed consolidated interim financial information, which indicates that the Group had accumulated losses of AED 172,320,264 as at that date (December 31, 2025: AED 174,528,758), which represents 76.33% (December 31, 2025: 77.31%) of the Group's share capital. Additionally, as disclosed in Note 25 of this condensed consolidated interim financial information, as of March 31, 2026, the Group has Minimum Capital Requirement (MCR) Solvency Margin Deficit in solvency capital requirements as stipulated by the Central Bank of the U.A.E. by the amounts of AED 58,583,769 (December 31, 2025: AED 58,720,723). Further, such accumulated losses have resulted in erosion of the Company's equity in excess of 50%. This has led to non-compliance by the Group with the solvency ratio as required by financial regulations for insurance companies issued by Central Bank of the U.A.E.

These events, along with other matters set forth in Note 2, indicate that material uncertainty exists that may cast significant doubt on the Group's ability to continue as a going concern. Our review conclusion is not modified as a result of the above matter.

**Emphasis of Matter**

We draw attention to Note 14 of the condensed consolidated interim financial information, which discloses information on assets held by a related party for the beneficial interest of the Group, the Group held assets classified as held for sale amounting to AED 1,583,321 as at March 31, 2026, including AED 1,008,976 representing cash and cash equivalents. These balances remain unchanged and are presented with the same balances as at December 31, 2025. Our review conclusion is not modified as a result of the above matter.

#### 1 Legal status and business activities

- 1.1 Dubai Islamic Insurance & Reinsurance Company (AMAN) - (P.J.S.C.) (the "Company") is registered as a public shareholding company in Dubai, United Arab Emirates. The Company carries out general takaful, retakaful and life takaful business in accordance with the teachings of Islamic Sharia's. The Company is also licensed to engage in retakaful and life takaful business. The Company operates through its registered address at P.O. Box 157, Dubai, United Arab Emirates (U.A.E.). The Company's ordinary shares are listed on the Dubai Financial Market, United Arab Emirates.
- 1.2 The Company obtained its commercial license on March 12, 2003 and commenced operations on April 8, 2003. The Company issues takaful contracts in connection with motor, marine, fire and engineering, general accident and medical risks and life takaful risks. The Company also invests in investment securities and properties.
- 1.3 The Company's business activities are subject to the supervision of its Internal Sharia's Committee consisting of three members appointed by the shareholders. The Internal Sharia's Committee performs a supervisory role in order to determine whether the operations of the Company are conducted in accordance with Sharia's rules and principles.
- 1.4 The Company with its non-operational subsidiaries (collectively referred to as the "Group") are presented in these condensed consolidated interim financial information. At December 31, 2025 and March 31, 2026, the Company had the following non-operational subsidiaries:

#### Group structure

Name of subsidiaries	Country of incorporation	Principal activities	Legal and effective interests	
			March 2026 (Unaudited)	December 2025 (Audited)
Nawat Investments L.L.C.	United Arab Emirates	Investment in commercial, industrial and agricultural enterprises and management	100%	100%
Technik Auto Service Centre Co. L.L.C	United Arab Emirates	Vehicles' repair services	100%	100%
Amity Health L.L.C.	United Arab Emirates	Medical billing services	90%	90%

- 1.5 The Group neither made social contributions during the period ended March 31, 2026 nor the year ended December 31, 2025.

#### 2 Going concern

The Group incurred a profit/ (loss) of AED 2,330,402 for the three months period ended March 31, 2026 (March 31, 2025: AED (1,675,039)) and had accumulated losses of AED 172,320,264 as at that date (December 31, 2025: AED 174,528,758), which represents 76.33% (December 31, 2025: 77.31%) of the Group's share capital.

Additionally, as disclosed in Note 25 to this condensed consolidated interim financial information, as of March 31, 2026, the Group has Minimum Capital Requirement (MCR) Solvency Deficit in solvency capital requirements as stipulated by the Central Bank of the U.A.E. by the amounts of AED 58,583,769 (December 31, 2025: AED 58,720,723). To address the solvency deficit, the Group's management initially submitted a recovery plan to the regulatory authorities which involved a substantial capital injection by means of a rights issue however, the plan was subsequently changed, because it was envisaged that shareholders were unlikely to support a capital injection in the prevailing economic and financial circumstances. The new plan, which was subject to the regulatory approval, envisaged selling the portfolios of the takaful business to other takaful companies and, aided partly by the proceeds resulting from the sale of the takaful portfolios and partly by the sale of other assets, generating enough capital to transform the Group into a viable investment firm to safeguard and preserve shareholders' value. The Group had informed the Regulator of its revised plans and received both in-principle and no-objection approvals to proceed with the above sale negotiations.

---

## 2 Going concern (continued)

During the General Assembly meeting held on February 6, 2023, the shareholders issued a special resolution approving the board of directors' decision to exit and sell the entire takaful portfolio and authorising the Group's board of directors to complete all procedures with authorities and policyholders to exit takaful business and transform the Group into an investment group. As a result, the Group signed two portfolio transfer agreements (PTA) with Islamic Arab Insurance Co. (SALAMA) P.J.S.C. to transfer the general, medical, and family takaful portfolio and with Abu Dhabi National Takaful Company P.S.C. to transfer the individual life portfolio. The proceeds resulting from the execution of these agreements were expected to improve the Group's liquidity and generate enough capital to transform the Company into a viable investment firm to safeguard and preserve shareholders' value.

On August 1, 2024, management received a notice terminating the insurance portfolio transfer agreement between the Group and Abu Dhabi National Takaful Company P.S.C. as a result, the Group's management sent a formal objection letter to Abu Dhabi National Takaful Company P.S.C. stating that the Group's management expects the portfolio transfer by August 31, 2024 and on September 5, 2024 the Group announced to the Dubai Financial Market that the PTA had not been validly terminated according to its terms and conditions. The Group is taking appropriate action to address this development and protect the rights of all stakeholders.

On September 26, 2024, the Islamic Arab Insurance Co. (SALAMA) P.J.S.C. declared in DFM the termination of Partial Acquisition Agreement with the Group. Accordingly, on September 27, 2024, the Group declared to DFM that Salama decided to terminate the Acquisition agreement. The Group is currently evaluating alternative strategies to address this development.

Further, the Group's Third-Party Administrator (TPA) and system provider for the individual life portfolio is now under liquidation in Germany and DIFC. The TPA previously made certain investments on behalf of the Group which were recorded at fair value through profit or loss. These investments were made in sukuk unit-linked investments, a portion of which were issued by entities related to the TPA Group without receiving prior approval of the Group's management and these entities are currently in liquidation. As a result, the valuation of these investments could be adversely affected by the liquidation process and this could potentially result in the Group's liabilities being over and above the value of the underlying assets. The Group is taking appropriate action to address this development and protect the rights of all stakeholders.

In addition, the accumulated losses as at September 30, 2025 exceeded 50% of the share capital of the Group, and as per U.A.E. Federal Law No. (32) of 2021 Article 309, the Board of Directors should invite the General Assembly to convene within (30) thirty days from the date of the invitation to consider making a decision as regards the Group's continuation of its activity or dissolution prior to the expiry of its term. The Group's AGM held on September 25, 2025 issued a special resolution to continue the Group's operations.

## 3 Material accounting policy information

### 3.1 Basis of preparation

This condensed consolidated interim financial information of the Group is prepared on an accrual basis and under the historical cost basis except for financial assets carried at fair value through profit or loss, financial assets carried at fair value through other comprehensive income and investment property, which are carried at fair value.

The condensed consolidated interim financial information has been presented in United Arab Emirates Dirhams ("AED"), which is the functional currency and the presentation currency of the Group.

This condensed consolidated interim financial information is prepared in accordance with International Accounting Standard 34: "Interim Financial Reporting" issued by the International Accounting Standard Board (IASB) and comply with the applicable requirements of the U.A.E Federal Law No. 32 of 2021, as amended, relating to commercial companies, and of Federal Decree-Law No. (6) of 2025 Regarding the Central Bank, Regulation of Financial Institutions and Activities, and Insurance Business and the Insurance Authority Board of Directors' Decision No. (26) of 2014 pertinent to the Financial Regulations for Takaful Companies.

**Dubai Islamic Insurance & Reinsurance Company (AMAN) - (P.J.S.C)**

**Dubai - United Arab Emirates**

**Notes to the condensed consolidated interim financial information for the three months period ended March 31, 2026 (Unaudited)**

---

**3.1 Statement of compliance (continued)**

**3 Material accounting policy information (continued)**

**3.1 Basis of preparation (continued)**

The Group's condensed consolidated interim statement of financial position is not presented using a current/non-current classification. However, the following balances would generally be classified as current: cash and cash equivalents, prepayments and other receivables and deferred policy acquisition costs, accruals and other payables, due to policyholders. The following balances would generally be classified as non-current: property and equipment, investment properties, statutory deposit and provision for employees' end of service. The following balances are of mixed nature (including both current and non-current portions) investments at fair value through other comprehensive income, investments carried at fair value through profit or loss, assets and liabilities directly associated with assets classified as held for sale and takaful and retakaful contract liabilities and assets.

**3.2 Basis of consolidation**

The condensed consolidated interim financial information comprises the financial information of the Company and its subsidiaries as at March 31, 2026. Control is achieved when the Group is exposed, or has rights, to variable returns from its involvement with the investee and has the ability to affect those returns through its power over the investee.

Specifically, the Group controls an investee if and only if the Group has:

- Power over the investee (i.e. existing rights that give it the current ability to direct the relevant activities of the investee);
- Exposure, or rights, to variable returns from its involvement with the investee; and
- The ability to use its power over the investee to affect its returns.

The Group re-assesses whether or not it controls an investee if facts and circumstances indicate that there are changes to one or more of the three elements of control. Consolidation of subsidiaries begins when the Group obtains control over the subsidiaries and ceases when the Group loses control of the subsidiaries. Assets, liabilities, income and expenses of a subsidiaries acquired or disposed of during the period are included in the condensed consolidated interim statement of financial position and condensed consolidated interim statement of comprehensive income from the date the Group gains control until the date the Group ceases to control the subsidiaries.

Profit or loss and each component of other comprehensive income (OCI) are attributed to the equity holders of the parent of the Group and to the non-controlling interests, even if this results in the non-controlling interests having a deficit balance. When necessary, adjustments are made to the financial information of subsidiaries to bring their accounting policies into line with the Group's accounting policies. All intra-group assets and liabilities, equity, income, expenses and cash flows relating to transactions between members of the Group are eliminated in full on consolidation.

A change in the ownership interest of subsidiaries, without a loss of control, is accounted for as an equity transaction. If the Group loses control over subsidiaries, it:

- Derecognizes the assets (including goodwill) and liabilities of the subsidiaries
- Derecognizes the carrying amount of any non-controlling interest
- Derecognizes the cumulative translation differences, recorded in equity
- Recognizes the fair value of the consideration received
- Recognizes the fair value of any investment retained
- Recognizes any surplus or deficit in profit or loss
- Reclassifies the parent's share of components previously recognized in other comprehensive income to profit or loss or retained earnings, as appropriate as would be required if the Group had directly disposed of the related assets or liabilities.

The condensed consolidated interim financial information of the Group represents the financial information of the Company, and its subsidiaries mentioned in Note 1.

**3 Material accounting policy information (continued)**

**3.3 Standards, interpretations, and amendments to existing standards**

The accounting policies adopted in the preparation of this condensed consolidated interim financial information are consistent with those followed in the preparation of the Group's annual consolidated financial information for the year ended December 31, 2025 except for the adoption of new standards effective as of January 1, 2026 where appropriate. The Group has not adopted any other standard, interpretation or amendment that has been issued that is not yet effective. Several amendments apply for the first time in 2026 and adopted by the Group. These amendments do not have significant impact on the condensed consolidated interim financial information of the Group and therefore further disclosures have not been made.

**4 Significant accounting judgements and estimates**

In the preparation of the Group's condensed consolidated interim financial information, management has made a number of critical estimates and judgments in a manner consistent with those described in the Group's annual consolidated financial statements for the year ended December 31, 2025.

**20 Wakala fees and Mudarib's share**

The Group manages the Takaful operations for the policyholders and charges 35% (2025: 33%) of the gross takaful contributions net of fronting contribution as Wakala fees. In addition, the Group charges 2% (2025: 2%) on fronting contribution as Wakala fees and 100% (2025: 100%) on certain unit-linked takaful contracts. These wakala fees rates were approved by the Group's Fatwa and Sharia's Supervisory Board. The wakala fees share amounted to AED (43,941) for the period ended 31 March 2026 (31 March 2025: AED 73,788) (unaudited).

Wakala fees from policyholders

**(43,941)** 73,788

The Group recognizes Wakala fees over the period in which the related services are delivered, in a systematic manner.

The Group also manages the policyholders' investment funds and is entitled to 25% (2025: 25%) of net investment income earned by the takaful operations' investment funds as the Mudarib's share. The Mudarib's share amounted to AED 15,628 for the period ended 31 March 2026 (31 March 2025: AED 6,511).

Mudarib's share from policyholders

**15,628** 6,511

**21 Contingencies**

1. At the reporting date, the Group has contingent liabilities in respect of bank and other guarantees arising in the ordinary course of business amounting to AED 3.16 million (March 31, 2025 : AED 0.47 million).

2. The Group is involved as a defendant in a number of legal cases with other insurance and reinsurance companies and customers. A provision is made in respect of each individual case where it is probable that the outcome would result in a loss to the Group in terms of an outflow of economic resources and a reliable estimate of the amount of outflow can be made. The expected outcome of the cases is dependent on future legal proceedings.

**22 Segmental information**

Operating segments are identified on the basis of internal reports about the components of the Group that are regularly reviewed by the Group's management in order to allocate resources to the segment and to assess its performance. Information reported to the Group's Board of Directors for the purpose of resource allocation and assessment of performance is based on following strategic business activities:

1. **Investment activities** represent investment and cash management for the Group's own account.

2. **Underwriting of takaful business**, incorporating all classes of takaful business. This business is conducted fully within the U.A.E.

## 25 Capital management

### (i) Governance framework

The primary objective of the Group's risk and financial management framework is to protect the Group's shareholders from events that hinder the sustainable achievement of financial performance objectives, including failing to exploit opportunities. Key management recognises the critical importance of having efficient and effective risk management systems in place.

The Group's risk management function is carried out by the Board of Directors, with its associated committees. This is supplemented with a clear organisational structure with delegated authorities and responsibilities from the Board of Directors to the Chief Executive Officer and other senior managers. The Group is currently in the process of updating the risk management function to address the changes in the Group's operations with regards to the sale of the entire takaful portfolio.

The Board of Directors meets regularly to approve any commercial, regulatory and organisational decisions. The Board of Directors defines the Group's risk and its interpretation, limits structure to ensure the appropriate quality and diversification of assets, aligns underwriting and retakaful strategy to the corporate goals, and specifies reporting requirements.

### (ii) Capital management framework

The primary objective of the Group's capital management is to comply with the regulatory requirements in the U.A.E. and to ensure that it maintains a healthy capital ratio in order to support its business and maximise shareholders value. The Group manages its capital structure and makes adjustments to it, in light of changes in economic conditions. To maintain or adjust the capital structure, the Group may adjust the dividend payment to shareholders, return capital to shareholders or issue new shares.

### (iii) Regulatory framework

Regulators are primarily interested in protecting the rights of the policyholders and monitor them closely to ensure that the Group is satisfactorily managing affairs for their benefit. At the same time, the regulators are also interested in ensuring that the Group maintains an appropriate solvency position to meet unforeseen liabilities arising from economic shocks or natural disasters. The operations of the Group are also subject to regulatory requirements within the jurisdictions where it operates. Such regulations not only prescribe approval and monitoring of activities, but also impose certain restrictive provisions (e.g. capital adequacy) to minimise the risk of default and insolvency on the part of the insurance companies to meet unforeseen liabilities as these arise.

As per Article (8) of Section 2 of the Financial Regulations, the Group is required, at all times, to comply with the requirements of Solvency Margin. The solvency position of the Group as of March 31, 2026 and December 31, 2025 is presented below:

	<b>March 31, 2026</b>	December 31, 2025
	<b>(Unaudited)</b>	(Audited)

**25 Capital management (continued)**

**(iii) Regulatory framework (continued)**

To address the solvency deficit, the Group's management initially submitted a recovery plan to the Central Bank of United Arab Emirates ("CBUAE") which involved a substantial capital injection by means of a rights issue; however, the plan was subsequently changed, because it was envisaged that shareholders are unlikely to support a capital injection in the prevailing economic and financial circumstances. The new plan, which is subject to the regulatory approval, envisages selling the portfolios of the takaful business to other takaful companies and, aided partly by the proceeds resulting the sale of the takaful portfolios and partly by other assets, generating enough capital to transform the company into a viable investment firm to safeguard and preserve shareholders' value. The Group has informed the CBUAE of its revised plans and received (in-principle/ no-objection letter) approval to proceed with the above sale negotiations, in addition on 24 May 2023, the Group has received the preliminary approval from the CBUAE on the sale transaction, and on 20 July 2023, the Group has received the final approval from the CBUAE on the transfer of the individual life insurance portfolio to Abu Dhabi National Takaful Company P.S.C.

On 1 August 2024, management received a notice terminating the insurance portfolio transfer agreement between the Group and Abu Dhabi National Takaful Company P.S.C. As a consequence to this, on 8 August, the Group's management has sent a formal objection letter to Abu Dhabi National Takaful Company P.S.C. stating that the Group's management expects the portfolio transfer by August 31, 2024.

On 26 September 2024, the Islamic Arab Insurance Co. (SALAMA) P.S.C. declared in DFM the termination of Partial Acquisition Agreement with the Group. Accordingly, on September 27, 2024. The Group declared to DFM that Salama decided to terminate the Acquisition agreement. The Group is currently evaluating alternative strategies to address this development.

The Board of Directors is considering other feasible options.

26 Fair value of financial instruments (Continued)

Regulatory framework (Continued)

Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date, regardless of whether that price is directly observable or estimated using another valuation technique. In estimating the fair value of an asset or liability, the Group takes into account the characteristics of the asset or liability if market participants would consider those characteristics when pricing the asset or liability at the measurement date.

For financial reporting purposes, fair value measurements are categorised into Level 1, Level 2, or Level 3 based on the degree to which the inputs to the fair value measurements are observable and the significance of those inputs to the fair value measurement in its entirety, as follows:

Level 1: Fair value measurements derived from quoted prices (unadjusted) in active markets for identical assets or liabilities.

Level 2: Fair value measurements derived from inputs other than quoted prices included within Level 1 that are observable for the asset or liability, either directly (i.e., as prices) or indirectly (i.e., derived from prices).

Level 3: Fair value measurements derived from valuation techniques that include inputs for the asset or liability that are not based on observable market data (unobservable inputs).

The following table provides an analysis of financial instruments that are measured subsequent to initial recognition at fair value, grouped into Levels 1 to 3 based on the degree to which the fair value is observable.

	Fair value as at		Fair value hierarchy	Valuation techniques and key inputs	Significant unobservable input	Relationship of unobservable inputs to fair value
	March 31, 2026 (Unaudited)	December 31, 2025 (Audited)				
<b>Financial assets</b>						
<b>Financial assets at FVTOCI</b>						
Quoted equity securities	12,484,391	18,575,517	Level 1	Quoted prices in an active market	None	Not applicable
Unquoted equity securities	1,248,634	2,199,083	Level 3	Net assets valuation method and comparable multiples	Net assets value	Higher the net assets value of the investees, higher the fair value
<b>Financial assets at FVTPL</b>						
Quoted equity securities	666,200	812,500	Level 1	Quoted prices in an active market	None	Not applicable
Unit linked investments	575,772,962	625,402,468	Level 3	Net assets valuation method	Net assets value	Higher the net assets value of the investees, higher the fair value

There were no transfers between each of the levels during the period/year ended March 31, 2026 and December 31, 2025.  
There were no changes in the valuation techniques and key inputs during the period/year ended March 31, 2026 and December 31, 2025.

**Dubai Islamic Insurance & Reinsurance Company (AMAN) - (P.J.S.C)**

**Dubai - United Arab Emirates**

**Notes to the condensed consolidated interim financial information for the three months period ended March 31, 2026 (Unaudited)**

**In Arab Emirates Dirham**

**26 Fair value of financial instruments (Continued)**

Reconciliation of level 3 fair value measurement of financial assets measured at FVTOCI:

	<b>March 31, 2026</b>	December 31, 2025
	<b>(Unaudited)</b>	(Audited)
At beginning of period/year	<b>2,199,083</b>	3,380,112
Changes in fair value	<b>(950,449)</b>	(1,181,029)
<b>At end of the period/year</b>	<b>1,248,634</b>	2,199,083

Reconciliation of the unit linked investments measured at VTPL:

	<b>March 31, 2026</b>	December 31, 2025
	<b>(Unaudited)</b>	(Audited)
Unit linked investments		
At beginning of period/year	<b>625,402,468</b>	508,571,028
Net movement	<b>(49,629,506)</b>	116,831,440
<b>At end of the period/year</b>	<b>575,772,962</b>	625,402,468

The investments classified under Level 3 category have been fair valued based on information available for each investment. There are no financial liabilities which should be measured at fair value and accordingly no disclosure is made in the above table.

Although the Group believes that its estimates of fair value are appropriate, the use of different methodologies or assumptions could lead to different measurements of fair value. For fair value measurements in Level 3 (other than unit linked investments), changing one or more of the assumptions by 5% would have an impact of AED 62,432 (2025: AED 109,954).

**27 Related party balances and transactions**

The Group enters into transactions with companies and entities that fall within the definition of a related party as contained in International Accounting Standard (IAS) 24: Related Party Disclosures. Related parties comprise companies and entities under common ownership and/or common management and control, their partners and key management pers

Transactions with such related parties are made on substantially the same terms, as those prevailing at the same time for comparable transactions with external customers and parties. There are no significant balances outstanding at reporting date, following are the income and expenses in respect of related parties included in the consolidated financial statements.

At the Annual General Assembly held on May 5, 2026, the shareholders approved Board of directors remuneration relating to the results for the year ended December 31, 2025 amounting to AED 1,200,000 (March 31, 2025: nil).
