Introduction

We have reviewed the accompanying interim condensed consolidated financial statements of Islamic Arab Insurance Co. (Salama) PSJC (the "Company") and its subsidiaries (together referred to as the "Group") as at 30 September 2026 which comprise the interim consolidated statement of financial position as at 30 September 2026 and the related interim consolidated statements of profit or loss, comprehensive income for the three-month and nine-month periods then ended, and the related interim consolidated statements of changes in equity and cash flows for the nine-month period then ended and explanatory notes. Management is responsible for the preparation and presentation of this interim financial information in accordance with International Financial Reporting Standard IAS 34 Interim Financial Reporting ("IAS 34"). Our responsibility is to express a conclusion on this interim financial information based on our review.

Scope of Review

We conducted our review in accordance with International Standard on Review Engagements 2410, "Review of Interim Financial Information Performed by the Independent Auditor of the Entity". A review of interim financial information consists of making inquiries, primarily of persons responsible for financial and accounting matters, and applying analytical and other review procedures. A review is substantially less in scope than an audit conducted in accordance with International Standards on Auditing and consequently does not enable us to obtain assurance that we would become aware of all significant matters that might be identified in an audit. Accordingly, we do not express an audit opinion.

Conclusion

Based on our review, nothing has come to our attention that causes us to believe that the accompanying interim condensed consolidated financial statements are not prepared, in all material respects, in accordance with IAS 34.

2 NEW STANDARDS AND INTERPRETATIONS

New and revised IFRS adopted in the interim condensed consolidated financial statements

The accounting policies adopted in the preparation of the interim condensed consolidated financial statements are consistent with those followed in the preparation of the Group's annual consolidated financial statements for the year ended 31 December 2025, except for the adoption of new standards effective as of 1 January 2026. The Group has not early adopted any standard, interpretation or amendment that has been issued but is not yet effective.

Several amendments apply for the first time in 2026, but do not have any material impact on the interim condensed consolidated financial statements of the Group.

	Effective for annual periods beginning on or after
New and revised IFRSs	
• IFRS 9 and IFRS 7— Amendment regarding the classification and measurement of financial instrument and contracts referencing nature	1 January 2026
• Annual Improvements to IFRS Accounting Standards — Volume 11	1 January 2026
New and revised IFRS in issue but not yet effective and not early adopted	
• IFRS 18 — Presentation and Disclosure in Financial Statements	1 January 2027, earlier application is permitted
• IFRS 19 — Subsidiaries without Public Accountability: Disclosures	1 January 2027, earlier application is permitted
• Translation to a Hyperinflationary Presentation Currency. Amendments to IAS 21	1 January 2027

Management anticipates that these new standards, interpretations, and amendments will be adopted in the Group's consolidated financial statements as and when they are applicable. The Management is currently assessing the impact on the consolidated financial statements of the Group in the period of initial application.

3 BASIS OF PREPARATION

a) Statement of compliance

These interim condensed consolidated financial statements have been prepared in accordance with IAS 34 "Interim Financial Reporting". The Group has prepared the interim condensed consolidated financial statements on the basis that it will continue to operate as a going concern. In assessing the going concern assumption, the Board considered the successful completion of the capital raising exercise, available liquidity resources, projected operating performance and planned capital management actions. Based on this assessment, the Management consider that there are no material uncertainties that may cast significant doubt over this assumption. They have formed a judgement that there is a reasonable expectation that the Group has adequate resources to continue in operational existence for the foreseeable future, and not less than 12 months from the end of the reporting period.

b) Basis of measurement

The interim condensed consolidated financial information has been prepared on the historical cost basis except for the following which are measured at fair value:

i) Financial assets at fair value through other comprehensive income ("FVOCI");
ii) Financial assets at fair value through profit or loss ("FVTPL");
iii) Investment properties at fair value through profit or loss; and
iv) Owned property and buildings at fair value through revaluation model.

c) Functional and presentation currency

These interim condensed consolidated financial statements are presented in U.A.E. Dirhams ("AED") rounded to the nearest thousand, since that is the currency in which the majority of the Group's transactions are denominated.

d) Use of estimates and judgments

The preparation of interim condensed consolidated financial statements is in conformity with IFRS Accounting Standards requires management to make judgements, estimates and assumptions that affect the application of accounting policies and the reported amounts of assets, liabilities, income and expense. Actual results may differ from these estimates. Estimates and underlying assumptions are reviewed on an ongoing basis. Revisions to accounting estimates are recognized in the period in which the estimate is revised and in any future period affected.

In preparing these interim condensed consolidated financial statements, the significant judgments made by management in applying the Group’s accounting policies and estimation of key sources of uncertainty were the same as those that applied to the audited annual consolidated financial statements as at and for the year ended 31 December 2025.

e) Basis of consolidation

Subsidiaries are entities controlled by the Group. Control exists when the Group has the power, directly or indirectly, to govern the financial and operating policies of an enterprise so as to obtain benefits from its activities. The financial statements of the subsidiaries are included in the Group’s consolidated financial statements from the date that control commences until the date that control ceases. The Group maintains control over the subsidiaries as it has power over the investee, exposure or rights to its variable returns and the power to affect the investor's returns.

Non-controlling interest in the equity and results of the entities that are controlled by the Group are shown separately as a part of consolidated statements of changes in equity in the Group’s consolidated financial statements. Any contribution or discounts on subsequent acquisition, after control is obtained, of equity instruments from (or sale of equity instruments to) non-controlling interest is recognized directly in consolidated statement of changes in equity.

4 MATERIAL ACCOUNTING POLICY INFORMATION

The interim condensed consolidated financial statements do not include all the information and disclosures required in the annual consolidated financial statements, and should be read in conjunction with the Group’s annual consolidated financial statements as at 31 December 2025, which have been prepared in accordance with IFRS Accounting Standards as issued by the International Accounting Standards Board (IASB).

5 TAKAFUL AND FINANCIAL RISK MANAGEMENT

The Group's activities expose it to a variety of takaful and financial risks: underwriting risk, market risk (which includes foreign currency risk, profit rate risk and price risk), credit risk and liquidity risk.

The interim condensed consolidated financial statements do not include all takaful and financial risk management information and disclosures required in the annual consolidated financial statements; therefore, they should be read in conjunction with the Group's audited annual consolidated financial statements for the year ended 31 December 2025. There have been no changes in the risk management department or in any risk management policies since the year end.

6 INTERIM MEASUREMENT

The nature of the Group's business is such that income and expense are incurred in a manner, which is not materially impacted by any form of seasonality. These interim condensed consolidated financial statements were prepared based upon an accrual concept, which requires income and expense to be recorded as earned or incurred and not as received or paid throughout the period. However, the results may not represent a proportionate share of the annual profits due to variability in contributions and investment income and uncertainty of claims occurrences.

7 INVESTMENT PROPERTIES

The geographic dispersion of investment properties is as follows:

	30 September 2026 AED'000 (unaudited)	*31 December 2025 AED'000 (audited)*
Within UAE	**14,000**	14,000
Outside UAE	**36,885**	39,656
	50,885	53,656

The variations in the value of investment properties are due to change in foreign exchange rates resulting in translation (loss)/ gain on investment properties held in foreign locations.

The fair value of plots of land was determined based on the acceptable approach that reflects recent transaction prices for similar properties. The fair value of buildings was determined using investment methods. In estimating the fair value of the properties, the highest and best use of the properties is their current use.

Movement during the period/year is as follows:

18 COMMITMENTS AND CONTINGENCIES (continued)

Ongoing legal case
Group has initiated legal actions, including civil and criminal cases at Dubai Courts, to safeguard rights and reclaim contested assets. Additionally, Group is pursuing legal measures in other jurisdictions against the parties implicated in the criminal case. Legal consultants of the Group express confidence in Group's strong legal position in these disputes, based on the progress of actions taken to date, the positive legal rulings obtained, and those currently in progress.

The Group is exposed to certain claims and litigations, these are subject to legal cases filed by policyholders, cedants and retakaful operators in connection with policies issued. The management believes, based on independent legal counsel opinions that the ascertainment of liabilities and its timing is highly subjective and dependent on outcome of court's decisions. Furthermore, as per independent legal advice, management does not consider it probable that the ongoing proceedings will result in a material adverse financial impact requiring additional provisions beyond amounts already recognized. This assessment will be reviewed periodically as the proceedings progress. However, a provision is made in respect of each individual case where it is probable that the outcome would result in a loss to the Group in terms of an outflow of economic resources and a reliable estimate of the amount of outflow can be made.

There are no significant capital commitments as of 30 September 2026 (2025: AED nil).

22 CAPITAL RISK MANAGEMENT

The solvency regulations identify the required Solvency Margin to be held on consolidated basis in addition to takaful liabilities.

The Solvency Margin (presented in the table below on consolidated basis) must be maintained at all times throughout the period/year. The Group is in compliance with the solvency regulations during the current period and continuously assesses and monitors the solvency requirements and position by incorporating necessary policies and procedures.

The table below summarises the consolidated Minimum Capital Requirement ("MCR"), Minimum Guarantee Fund and Solvency Capital Requirement of the Company and the total capital held at the Company level to meet the required Solvency Margins in line with the requirements of the Central Bank of UAE. The Group has disclosed the solvency position for the immediately preceding period as the current period solvency position is not yet finalized:

The Group has assessed the impact of regional geopolitical developments on its operations and financial position. The UAE, the Group's principal market, remained stable during the period, with no significant direct impact on the Group's Takaful operations, investment portfolio or counterparty exposures.

The Group remains exposed to foreign currency translation risk arising from its Egyptian, Algerian and Senegal operations. Continued depreciation of the Egyptian Pound against the UAE Dirham gave rise to a foreign currency translation loss in other comprehensive income, partially offset in profit or loss by foreign exchange gains on USD-denominated deposits held by the subsidiary as a natural economic hedge.

Management continues to monitor currency developments and maintains portions of its investment portfolio and deposits in hard currency denominated assets where appropriate to mitigate economic exposure.

23 INCOME TAXES

The Group calculates the period income tax expense using the tax rate that would be applicable to the expected annual earnings. The Group entities operate in the Egypt and Algeria and are subject to income tax in these countries. The Group assessed the impact of the UAE Corporate Tax regime and recognized tax expense of AED 3,004 thousand for the nine months period ended 30 September 2026 on taxable UAE operations.
