to the Board of Directors of Aramex PJSC (formerly Arab International Logistics (ARAMEX) Co. (PJSC))

We have reviewed the accompanying condensed consolidated interim balance sheet of Aramex PJSC (formerly Arab International Logistics (ARAMEX) Co. (PJSC)) ("the Company") and its subsidiaries (collectively referred to as "the Group") as at 30 June 2006, and the related statements of income, cash flows and changes in equity for the six months period then ended. The comparative figures for the 136 days period ended 30 June 2005 have not been reviewed.

These condensed consolidated interim financial statements are the responsibility of the Group's management. Our responsibility is to issue a report on these condensed consolidated interim financial statements based on our review.

We conducted our review in accordance with the International Standard on Review Engagements 2400. This Standard requires that we plan and perform the review to obtain moderate assurance as to whether the financial statements are free of material misstatement. A review is limited primarily to inquiries of Group personnel and analytical procedures applied to financial data and thus provides less assurance than an audit. We have not performed an audit and, accordingly, we do not express an audit opinion.

Based on our review, nothing has come to our attention that causes us to believe that the accompanying condensed consolidated interim financial statements are not presented fairly, in all material respects, in accordance with International Accounting Standard 34, 'Interim Financial Reporting'.

AIL entered into an alliance called Global Distribution Alliance ("GDA") in December 2003. GDA is a global alliance among thirty two leading independent express companies that functions as a worldwide delivery network for its members in which AIL is one of the founding members. AIL and GDA maintain normal business relations. At 30 June 2006, AED 0.91 million was due from AIL to GDA and has been included under other current liabilities. Aramex Beirut premises are rented from the station manager and her relatives for an amount equivalent to AED 0.13 million for the year 2006. Management believes that the terms of the rental are at least as favourable to the Group as those available from unaffiliated third parties.

During the ordinary course of its operations, the Group carries out transactions, which are within the principal activities of the Group, with other entities that fall within the definition of a related party as per International Accounting Standard ("IAS") 24. The terms of these transactions are not significantly different from those with other third parties. On account of the small value and the high volume of such individual transactions, the Group does not have a process in place to separately record and disclose such transactions. Management believes that such non disclosure does not affect the assessment of the Group's operations by the users of the financial statements.

Details of other significant related party transactions are as under:

However, local Middle East and Islamic holidays vary from year to year, as a result, the Group's seasonality may shift over time.
