Introduction

We have reviewed the accompanying interim condensed consolidated statement of financial position of National International Holding Company K.S.C. (Closed) ("the Parent Company") and its Subsidiaries (collectively "the Group") as at 30 June 2012 and the related interim condensed consolidated statement of income and interim condensed consolidated statement of comprehensive income for the three month and six month periods then ended, and the related interim condensed consolidated statement of cash flows and interim condensed consolidated statement of changes in equity for the six month period then ended. The management of the Parent Company is responsible for the preparation and presentation of this interim condensed consolidated financial information in accordance with International Accounting Standard 34: Interim Financial Reporting ("IAS 34"). Our responsibility is to express a conclusion on this interim condensed consolidated financial information based on our review.

Scope of Review

We conducted our review in accordance with International Standard on Review Engagements 2410, "Review of Interim Financial Information Performed by the Independent Auditor of the Entity". A review of interim financial information consists of making inquiries, primarily of persons responsible for financial and accounting matters, and applying analytical and other review procedures. A review is substantially less in scope than an audit conducted in accordance with International Standards on Auditing and consequently does not enable us to obtain assurance that we would become aware of all significant matters that might be identified in an audit. Accordingly, we do not express an audit opinion.

Conclusion

Based on our review, nothing has come to our attention that causes us to believe that the accompanying interim condensed consolidated financial information is not prepared, in all material respects, in accordance with IAS 34.

Report on Other Legal and Regulatory Requirements

Furthermore, based on our review, the interim condensed consolidated financial information is in agreement with the books of account of the Parent Company. We further report that, to the best of our knowledge and belief, we have not become aware of any material violations of the Commercial Companies Law of 1960, as amended, or of the articles of association of the Parent Company have occurred during the six months period ended 30 June 2012 that might have had a material effect on the business of the Parent Company or on its financial position.

NOTES TO THE INTERIM CONDENSED CONSOLIDATED FINANCIAL INFORMATION (UNAUDITED)

At 30 June 2012

1 ACTIVITIES

The interim condensed consolidated financial information of National International Holding Company K.S.C. (Closed) ("the Parent Company") and its Subsidiaries (collectively "the Group") for the period ended 30 June 2012 were authorised for issue in accordance with a resolution of the Parent Company's board of directors on 2 August 2012.

The consolidated financial statements of the Group for the year ended 31 December 2011 were approved by the shareholders at the Annual General Meeting held on 16 May 2012.

The Parent Company is a closed Kuwaiti shareholding company registered and incorporated on 14 January 1979 under the Commercial Companies Law No. 15 of 1960 and amendments thereto. The registered office of the Parent Company is located on the 4th Floor, Chamber of Commerce and Industry Building, Al Shuhada Street, Kuwait.

The Group is primarily engaged in investments in the local and international markets.

The Parent Company is a subsidiary of Global Macro Fund (the "Ultimate Parent Company").

2 BASIS OF PRESENTATION

- (a) The interim condensed consolidated financial information of the Group has been prepared in accordance with International Accounting Standard 34 "Interim Financial Reporting".

The accounting policies used in the preparation of the interim condensed consolidated financial information are consistent with those used in the preparation of the annual consolidated financial statements for the year ended 31 December 2011.

The following amendment to the IFRSs did not have any impact on the accounting policies, financial position or performance of the Group:

IFRS 7 - Disclosures - Transfers of financial assets (Amendment)

The IASB issued an amendment to IFRS 7 that enhances disclosures for financial assets. These disclosures relate to assets transferred. If the assets transferred are not derecognised entirely in the financial statements, an entity has to disclose information that enables users of financial statements to understand the relationship between those assets which are not derecognised and their associated liabilities. If those assets are derecognised entirely, but the entity retains a continuing involvement, disclosures have to be provided that enable users of financial statements to evaluate the nature of, and risks associated with, the entity's continuing involvement in those derecognised assets. Effective implementation date is for annual periods beginning on or after 1 July 2011 with no comparative requirements.

The Group has not early adopted any other standard, interpretation or amendment that has been issued but is not effective.

- (b) The interim condensed consolidated financial information does not contain all information and disclosures required for full financial statements prepared in accordance with IFRS, and should be read in conjunction with the Group's annual consolidated financial statements for the year ended 31 December 2011. Further, results for the six month period ended 30 June 2012 are not necessarily indicative of the results that may be expected for the financial year ending 31 December 2012.

3 BASIC AND DILUTED (LOSS) EARNING PER SHARE

Basic (loss) earnings per share are calculated by dividing the (loss) profit for the period by the weighted average number of ordinary shares outstanding during the period (excluding treasury shares). Diluted (loss) earnings per share is calculated by dividing the (loss) profit for the period by the weighted average number of ordinary shares outstanding during the period (excluding treasury shares) plus the weighted average number of ordinary shares that would be issued on the conversion of all the dilutive potential ordinary shares into ordinary shares. The Parent Company did not have any diluted shares as at 30 June.

The information necessary to calculate basic and diluted (loss) earnings per share based on the weighted average number of shares outstanding, less treasury shares, during the period is as follows:
