Introduction

We have reviewed the accompanying interim condensed financial information of United Foods Company (PSC) (the "Company") which comprise the interim condensed statement of financial position as at 30 June 2010 and the related interim condensed statement of comprehensive income, the interim condensed statement of changes in equity and the interim condensed statement of cash flows for the six-months period then ended and a summary of significant accounting policies and other explanatory notes. Management is responsible for the preparation and presentation of this interim financial information in accordance with International Financial Reporting Standards. Our responsibility is to express a conclusion on this interim financial information based on our review.

Scope of Review

We conducted our review in accordance with the International Standards on Review Engagement 2410, "Review of Interim Financial Information Performed by the Independent Auditor of the Entity." A review of interim financial information consists of making inquiries, primarily of persons responsible for financial and accounting matters, and applying analytical and other review procedures. A review is substantially less in scope than an audit conducted in accordance with International Standards on Auditing and consequently does not enable us to obtain assurance as that we would become aware of all significant matters that might be identified in an audit. Accordingly, we do not express an audit opinion.

Conclusion

Based on our review, nothing has come to our attention that causes us to believe that the accompanying interim condensed financial information is not prepared, in all material respect in accordance with International Financial Reporting Standards.

UNITED FOODS COMPANY (PSC)
Notes to the interim condensed financial information (Un-audited)
For the period ended 30 June 2010

1. Legal status and activities

United Foods Company (PSC) (the "Company") was incorporated in Dubai under a decree issued by His Highness the Ruler of Dubai. On 27 June 1994 the Company amended its status to comply with the provisions of the UAE Commercial Companies Law no. 8 of 1984 (as amended) as a public shareholding company. The Company's registered office is in Al Quoz, Dubai and its address is PO Box 5836, Dubai, United Arab Emirates. The principal activities of the Company are the manufacture, processing and marketing of hydrogenated vegetable ghee, cooking oil, margarine and butter products.

The Company listed its shares on the Dubai Financial Market (DFM) in July 2006.

The Company had 424 employees as of 30 June 2010 (2009:408).

2 Basis of preparation

The interim condensed financial information of the Company is prepared in accordance with International Financial Reporting Standards including specific guidelines of International Accounting Standards (IAS) 34, "Interim Financial Reporting". The accounting policies used in the preparation of the interim condensed financial information are consistent with those used in the preparation of the annual financial statements for the year ended 31 December 2009.

3 Summary of significant accounting policies

This interim condensed financial information has been prepared in accordance with the accounting policies adopted in the last annual financial statements for the year to 31 December 2009.

4 Critical accounting judgements and key sources of estimation uncertainty

In the application of the Company's accounting policies, management is required to make judgments, estimates and assumption about the carrying amounts of assets and liabilities that are not readily apparent from other sources. The estimates and associated assumptions are based on historical experience and other factors that are considered to be relevant. Actual results may differ from these estimates.

The estimates and underlying assumptions are reviewed on an ongoing basis. Revisions to accounting estimates are recognised in the period in which the estimate is revised if the revision affects only that period or in the period of the revision and future periods if the revision affects both current and future periods.

UNITED FOODS COMPANY (PSC)
Notes to the interim condensed financial information (Un-audited)
For the period ended 30 June 2010

4 Critical accounting judgements and key sources of estimation uncertainty (continued)

Estimates and assumptions that have a significant risk of causing a material adjustment to the carrying amounts of assets and liabilities within the financial period are addressed below:

Bad and doubtful debts

The Company assesses its trade receivables for impairment at each statement of financial position date. In determining whether an impairment loss should be recorded in the statement of comprehensive income statement, the Company makes judgments as to whether there is observable data indicating a measurable decrease in the estimated future cash flows from a financial asset.

Provision for slow moving, damaged and obsolete stock

The Company reviews its inventory to assess loss on account of obsolescence on a regular basis. In determining whether provision for obsolescence should be recognized in the income statement, the Company makes judgments as to whether there is any observable data indicating that there are any future sales of the product and the net realizable value for such product. Accordingly, provision for impairment is made where the net realizable value is less than cost based on best estimates by management. The provision for obsolescence of inventory is based on management review and movement of the inventory.

Inventories

Inventories are measured at the lower of cost and net realisable value. In estimating net realisable values, management takes into account the most reliable evidence available at the times the estimates are made. The Company's core business is subject to fluctuations in commodity prices which may cause selling prices and the future realisation of the carrying amounts of inventory to change rapidly.

Useful life of assets

Management reviews the useful lives of depreciation assets at each reporting date. Management assesses at each reporting date, that the useful lives represent the expected utility of the assets to the Company.

Insurance asset

An insurance asset has been recognised, following an insurance claim filed in relation to assets damaged by a fire on 28 June 2010. In determining whether an asset should be recognised in the statement of financial position, the Company made a judgment that it is virtually certain that the claim will be successful. Management estimates the amount recoverable to be at least the amount of the loss, but the amount could be different from their estimates.

UNITED FOODS COMPANY (PSC)
Notes to the interim condensed financial information (Un-audited)
For the period ended 30 June 2010

5 Segmental information

The management has considered the provisions of IFRS 8 in relation to segmental reporting and concluded that the Company's activities form a single segment under the standard. From a geographical perspective, the Company's substantial activities are focused in the Middle East region. Equally, in relation to business segmentation, the Company's products are predominantly focused in the manufacture and processing of butter and cooking oil and the management considers that the risk and rewards from various product lines of the Company are not materially different.

6 Earnings per share

Basic and diluted earnings per share are calculated by dividing the net profit for the period by the weighted average number of shares outstanding during the period as follows:

	6-months ended 30 June 2010 AED	6-months ended 30 June 2009 AED	3-months ended 30 June 2010 AED	3-months ended 30 June 2009 AED
Profit for the period	20,444,816	25,570,687	10,624,374	13,053,550
Weighted number of shares outstanding during the period	25,000,000	25,000,000	25,000,000	25,000,000
Earnings per share – Basic and diluted	0.82	1.02	0.42	0.52

7 Capital commitments

The capital commitments of the Company as at 30 June 2010 were AED 1,062,387 (31 December 2009: AED 1,826,412).

For the period ended 30 June 2010

8 Contingencies and other commitments

	30 June 2010 AED	31 December 2009 AED
Export sales to be made through irrevocable letters of credit	860,508	8,211,811
Guarantees issued by banks on behalf of the Company	1,405,180	1,296,180
Purchase commitments	41,817,832	14,477,589

9 Contingent liability

A customer of the Company is claiming for the enforcement of an existing exclusive agency agreement entered into between the Company and the customer as well as a substantial amount in compensation for damages incurred due to alleged breaches. The Company has filed a counter claim as the customer is in breach of his obligations pursuant to a secondary agreement entered into with the Company, it is not currently practicable to estimate if there will be any financial impact on the Company nor is it possible to provide a reasonable assessment of any outcome from this claim.

10 Insurance claim

On 28 June 2010, the Company's factory at Al Qouz was partially damaged by a fire. The fire resulted in the loss of inventory, building, equipment, furniture and fittings, the book value of these assets have been written off whilst an insurance asset has been accounted for. The Company believes it is virtually certain that the claim will be successfully accepted.
