REPORT ON REVIEW OF INTERIM CONDENSED CONSOLIDATED FINANCIAL STATEMENTS TO THE BOARD OF DIRECTORS OF TAMWEEL PUBLIC JOINT STOCK COMPANY

Introduction

We have reviewed the accompanying interim condensed consolidated financial statements of Tamweel Public Joint Stock Company (the 'Company') and its subsidiaries (the "Group") as at 30 June 2009 which comprise the interim consolidated statement of financial position as at 30 June 2009, the related interim consolidated statements of income and comprehensive income for three month and six month periods then ended, the related statements of changes in equity and cash flows for the six month period then ended and explanatory notes. Management is responsible for the preparation and presentation of these interim condensed consolidated financial statements in accordance with International Financial Reporting Standard 34, Interim Financial Reporting ("IAS 34"). Our responsibility is to express a conclusion on these interim condensed consolidated financial statements based on our review.

Scope of Review

We conducted our review in accordance with International Standard on Review Engagements 2410 "Review of Interim Financial Information Performed by the Independent Auditor of the Entity". A review of interim financial information consists of making inquiries, primarily of persons responsible for financial and accounting matters, and applying analytical and other review procedures. A review is substantially less in scope than an audit conducted in accordance with International Standards on Auditing and consequently does not enable us to obtain assurance that we would become aware of all significant matters that might be identified in an audit. Accordingly, we do not express an audit opinion.

Conclusion

Based on our review, nothing has come to our attention that causes us to believe that the accompanying interim condensed consolidated financial statements are not presented fairly, in all material respects, in accordance with IAS 34.

Emphasis of matter

Without qualifying our conclusion, we draw attention to notes 1 and 14 to the interim condensed consolidated financial statements. Trading in the Company's shares on the Dubai Financial Market has been suspended following the announcement that the Company is in discussion with Amlak Finance PJSC and another entity that may lead to the establishment of a merged entity. The Board of Directors, along with the Steering Committee set up by the Ministry of Finance in connection with the proposed merger are evaluating various options to secure sustainable funding for the Group in order to enable it to continue to meet its commitments.

1 THE COMPANY AND ITS OPERATIONS

Tamweel PJSC (the "Company") was registered on 3 June 2006 as a Public Joint Stock Company in accordance with UAE Federal Law No (8) of 1984, as amended. The share capital of the Company comprises 1,000,000,000 shares of AED 1 each. Previously, the Company was operating as Tamweel LLC with a paid up share capital of AED 450 million (450,000 shares of AED 1,000 each).

The Company is licensed by the UAE Central Bank as a finance company and is primarily engaged in Islamic Sharia'a compliant financing and investment activities such as Ijara, Murabaha, Istisna'a etc. The activities of the Company and its Subsidiaries (together the "Group") are conducted in accordance with Islamic Sharia'a, which prohibits usury, and within the provisions of its Articles and Memorandum of Association.

The Group has a license from the Real Estate Regulatory Authority, Dubai, United Arab Emirates to offer Escrow Management Services.

The head office of the Group is located at Business Avenue Building, Emirate of Dubai, UAE. The Group has one branch each in the Emirates of Dubai and Abu Dhabi.

The Group consists of Tamweel PJSC (the Parent Company) and its subsidiaries registered up to 30 June 2009.

Subsidiaries	*Beneficial ownership*	*Principal activity*	*Country of incorporation*
Tamweel Properties & Investments LLC	100%	Real estate development including construction, purchase, sale, rent, brokerage, agency and management services	UAE

Tamweel ESOT Limited	100%	SPE for employees' benfit plan	British Virgin Islands

Except for the last three, the above subsidiaries are yet to commence commercial operations.

On 21 May 2009, the Group sold its shareholding in Tamleek Egypt Limited and Tahfeez Egypt Limited which together owned 100% of the capital of Tamweel Eygpt for Real Estate Finance S.A.E., Egypt. These subsidiaries of the Group had not commenced commercial operations.

1 THE COMPANY AND ITS OPERATIONS (continued)

On 5 October 2008, the Group announced that Tamweel PJSC and Amlak Finance PJSC are at an early stage of discussions that could lead to the establishment of a merged entity being subject to shareholders' approval and regulatory approvals. The discussions are still at the expression of interest stage, without any binding legal commitment.

In November 2008, The Ministry of Finance formed a Steering Committee to review, assess, liaise and provide advice to the Group and make recommendations to the State Minister for Financial Affairs in respect of the committee's findings with the objective to provide long term stability to the Company. The Committee has appointed various advisors (including accounting and legal firms and an investment bank) to assist the Committee in making recommendations which are expected to address the Company's ongoing liquidity in addition to its organizational structure.

Trading in the Company's shares has been suspended until the Steering Committee finalizes its recommendations.

2 ACCOUNTING POLICIES

The interim condensed consolidated financial statements of the Group are prepared in accordance with International Financial Reporting Standard 34, Interim Financial Reporting ("IAS 34") and the requirements of Emirates Securities and Commodities Authority, UAE (ESCA). The accounting policies used in the preparation of the interim condensed consolidated financial statements are consistent with those used in the preparation of the annual financial statements for the year ended 31 December 2008, except as noted below:

During the period, the Group has adopted the following standards and interpretations effective for annual periods beginning on or after 1 January 2009.

IAS 1 "Presentation of Financial Statements" (Revised):
The revised standard requires changes in equity arising from transactions with owners in their capacity as owners (i.e. owner changes in equity) to be presented in the statement of changes in equity. All other changes in equity (i.e. non-owner changes in equity) are required to be presented separately in a performance statement (consolidated statement of comprehensive income). Components of comprehensive income are not permitted to be presented in the statement of changes in equity.

IFRS 8 "Operating segments":
The new standard which replaced IAS 14 'Segment reporting' requires a 'management approach' under which segment information is presented on the same basis as that used for internal reporting purposes. This has not affected the Group as the segments reported were already in a manner that is more consistent with the internal reporting provided to the chief operating decision - maker.

In addition to the above, as required by ESCA certain accounting policies which have not been changed since 31 December 2008 have been reproduced below:

Cash and cash equivalents
For the purpose of the Statement of Cash Flows, cash and cash equivalents consist of cash in hand, bank balances, and short-term deposits with an original maturity of three months or less, net of outstanding bank overdrafts.

Investment properties
Investment properties are measured initially at cost, including transaction costs. The carrying amount includes the cost of replacing part of an existing investment property at the time that cost is incurred if the recognition criteria are met; and excludes the costs of day-to-day servicing of an investment property. Subsequent to initial recognition, investment properties are stated at fair value, which reflects market conditions at the balance sheet date. Gains or losses arising from changes in the fair values of investment properties are included in the income statement in the period in which they arise.

2 ACCOUNTING POLICIES (continued)

Investment properties (continued)
Investment properties are derecognised when either they have been disposed of or when the investment property is permanently withdrawn from use and no future economic benefit is expected from its disposal. Any gains or losses on the retirement or disposal of an investment property are recognised in the income statement in the period of retirement or disposal.

Properties held for sale
Properties held for sale are valued at the lower of cost and net realisable value. Cost is determined using the weighted average cost method. Cost comprises all costs of purchase and other directly attributable costs incurred in bringing each property to its location and condition. Net realisable value signifies the estimated selling price in the ordinary course of business less estimated costs necessary to be incurred on disposal.

Investments
Trading investments
These are initially recognised at cost and subsequently measured at fair value. All related realised and unrealised gains or losses are taken to the income statement. Profit earned or dividend received is included in other income.

Held to maturity
Securities which have fixed or determinable payments and are intended to be held to maturity, are carried at amortised cost using the effective profit method, less provision for impairment in value, if any.

Available -for-sale
Available-for-sale investments are recognised and derecognised, on a trade date basis, when the Group becomes, or ceases to be, a party to the contractual provisions of the instrument.

Investments designated as available-for-sale investments are initially recorded at cost and subsequently measured at fair value, unless this cannot be reliably measured. Changes in fair value are reported as a separate component of equity. Upon impairment any loss, or upon derecognition any gain or loss, previously reported as "cumulative changes in fair value" within equity is included in the income statement for the period.

The interim condensed consolidated financial statements do not contain all information and disclosures required for full financial statements prepared in accordance with International Financial Reporting Standards, and should be read in conjunction with the Group's annual financial statements as at 31 December 2008. In addition, results for the six month period ended 30 June 2009 are not necessarily indicative of the results that may be expected for the financial year ending 31 December 2009.

4 EARNINGS PER SHARE – BASIC AND DILUTED

Basic earnings per share are calculated by dividing the profit for the period by the weighted average number of ordinary shares outstanding during the period.

Diluted earnings per share is calculated by dividing the profit for the period by the weighted average number of shares outstanding during the period plus the weighted average number of shares that would be issued on the conversion of all the dilutive potential shares into ordinary shares. The diluted earnings per share arising from the issue of employees' share options do not result in any change from the reported basic earnings per share.

12 COMMITMENTS AND CONTINGENT LIABILITIES

Commitments

	30 June 2009 AED'000 (Unaudited)	*31 December 2008 AED'000 (Audited)*
Irrevocable commitments to extend credit	**2,893,124**	3,034,117

This represents contractual commitments to provide Islamic financing. Commitments generally have fixed expiry dates, or other termination clauses, and normally require the payment of a fee. Since these may expire without being drawn upon, the total contract amounts do not necessarily represent future cash requirements.

Contingencies

There have been no significant changes in contingent liabilities since 31 December 2008.

14 MATURITY ANALYSIS OF ASSETS AND LIABILITIES

The maturity analysis of assets, liabilities and off balance sheet items analysed according to when they are expected to be recovered, settled or sold is presented below.

The Company reviews the maturity gap analysis regularly to identify potential liquidity risks in advance. The gap measures liquidity in nine time buckets for each type of asset and liability for each period, as well as cumulatively.

The maturity gap as of 30 June 2009 arises as a result of contractual maturities of assets and liabilities. However, in actual practice, most of the short term financing obligations are rolled over for another term.
