**REVIEW REPORT TO THE BOARD OF DIRECTORS OF
THE PUBLIC WAREHOUSING COMPANY - K.S.C.**

We have reviewed the accompanying consolidated balance sheet of The Public Warehousing Company K.S.C. (the Parent Company) and subsidiaries (the Group) as at 30 June 2006, and the related consolidated statement of income for the three month and six month periods then ended and the related consolidated cash flows and changes in equity for the six month period then ended. These interim condensed consolidated financial statements are the responsibility of the Parent Company's management. Our responsibility is to issue a report on these interim condensed consolidated financial statements based on our review.

Except as discussed in the following paragraph, we conducted our review in accordance with the International Standard on Review Engagements 2400. This Standard requires that we plan and perform the review to obtain moderate assurance as to whether the interim condensed consolidated financial statements are free of material misstatement. A review is limited primarily to inquiries of Parent Company personnel and analytical procedures applied to financial data and thus provides less assurance than an audit. We have not performed an audit and, accordingly, we do not express an audit opinion.

We did not review the interim financial statements of GeoLogistics Corporation, a consolidated subsidiary of the Parent Company, whose total assets and total revenues amounted to KD 132,180 thousand and KD 257,043 thousand, as at 30 June 2006 and for the six month period then ended respectively.

Based on our review, except for the effect of such adjustments, if any, as might have been determined to be necessary had the interim financial statements of the subsidiary discussed in the preceding paragraph been reviewed, nothing has come to our attention that causes us to believe that the accompanying interim condensed consolidated financial statements are not presented fairly, in all material respects, in accordance with International Accounting Standard 34.

Furthermore, based on our review the interim condensed consolidated financial statements are in agreement with the books of the parent company. We further report that, to the best of our knowledge and belief, no violations of the Commercial Companies Law of 1960, as amended, nor of the articles of association of the parent company have occurred that might have had a material effect on the business of the group or on its financial position.

As discussed in note 8 to the interim condensed consolidated financial statements, a claim has been filed by and against the company with respect to a major contract. As of the balance sheet date, legal proceedings are still in progress, the outcome of which and the ultimate effect on the interim condensed consolidated financial statements, if any, cannot presently be determined. Based on the advice of legal counsel and the grounds set out in the note, no provision has been made in the interim condensed consolidated financial statements.

2 BASIS OF PRESENTATION

These interim condensed consolidated financial statements have been prepared in accordance with International Accounting Standard 34, Interim Financial Reporting, and the guidelines issued by the Kuwait Stock Exchange.

The accounting policies used in the preparation of the interim condensed consolidated financial statements are consistent with those used in the preparation of the annual consolidated financial statements for the year ended 31 December 2005.

The interim condensed consolidated financial statements do not contain all information and disclosures required for full financial statements prepared in accordance with International Financial Reporting Standards. In the opinion of management, all adjustments consisting of normal recurring accruals considered necessary for a fair presentation have been included. Operating results for the six months ended 30 June 2006 are not necessarily indicative of the results that may be expected for the financial year ending 31 December 2006. For more details please refer to the consolidated financial statements for the year ended 31 December 2005.

3 INVESTMENT PROPERTIES

The effect of adoption of IAS 40 (revised) on 1 January 2005 comprises of the present value of future minimum lease payments for operating leases capitalised, and the excess of fair value of investment properties under operating leases over the present value of future minimum lease payments, amounting to KD 1,730 thousand and KD 14,261 thousand respectively. On adoption of IAS 40, management elected property interests held under operating leases, that had a fair value in excess of the present value of future minimum lease payments amounting to KD 57,076. However, on a conservative basis, at 31 December 2005 management ultimately elected to capitalise a lower number of property interests held under operating leases. Accordingly, comparatives for 30 June 2005 have been restated.

Logistics Services

Revenue from logistics services primarily represents revenue earned from providing goods and services to governmental institutions for their operations in the region. Whilst the sales value of goods provided during the period forms the basis for calculating the billable amount of logistics services revenue relating to inventory management and order fulfilment services, no profit margin is realised on these goods in accordance with the terms of the contract to which the provision of these goods relates.

Freight and project forwarding

Revenue from freight forwarding and project forwarding and the related costs, are mainly generated and incurred through the subsidiary GeoLogistics Corporation which was acquired on 31 August 2005.

A dispute has arisen between the Public Warehousing Company K.S.C. and Kamal Mustaffa Al-Sultan Company (the third party) with respect to a partnership agreement dated 30 July 2002 for the purpose of bidding for the provision of services to the U.S. Government (the Prime Vendor Services Contract). The partnership agreement provided for the preparation of all infrastructure and assets required for that purpose. The Public Warehousing Company K.S.C. has submitted all evidences to the Experts Department in proof of the partnership not having any funds, assets or properties and the eventual non-existence of the partnership, as a consequence of the partners not providing any capital contributions to the partnership.

8 COMMITMENTS AND CONTINGENCIES (continued)

The third party has filed claims against the Public Warehousing Company K.S.C. with respect to the above-mentioned partnership alleging that the financial rewards arising from the Prime Vendor Contract accrue to the partnership and consequently is entitled to his share of the rewards. The Public Warehousing Company K.S.C. filed a case requesting nullity of the partnership agreement and delegation of an expert to assess the compensation to which the Public Warehousing Company K.S.C. may be entitled. The court issued its ruling in which the arbitration clause in the partnership agreement was nullified and the case taken under its jurisdiction. The court delegated an expert to assess the damages arising from the non-satisfaction of the partnership commitments. The expert's report has been submitted to the Court, based on which the court has concluded that neither party satisfied its obligations under the partnership contract dated 30 July 2002. The Court issued a sentence on 5 December 2005 that both parties have been discharged from their obligations under the contract. The third party has submitted an appeal to the Supreme Court of Appeals, where it is currently under review. Whilst the Public Warehousing Company's legal consulting firms consider it probable for the company to win the case, the final outcome of this case cannot presently be predicted.

The third party also submitted a request to the Reconciliation, Arbitration & Registration Committee of Kuwait Chamber of Commerce & Industry. The Arbitrator issued his decision to withhold arbitration procedures until the court issues its final ruling in the case.

The third party has also filed a case against the Public Warehousing Company K.S.C. requesting receivership over the partnership, however, the case was rejected by the Court of First Instance. Subsequently, the Court of Appeal issued a verdict reversing the ruling issued by the Court of First Instance and appointed a team of official receivers to administer the funds, assets and properties of the partnership (not those of Public Warehousing Company K.S.C.). The court ruling has also specified the duties of the official receivers to include the proper administration of the partnership affairs under the objectives for which it was established, collection of its funds, satisfaction of its obligations and the depositing of any proceeds at the court's treasury.

The ongoing legal proceedings also included a case filed by the third party against certain executives of the Public Warehousing Company K.S.C. in which the case was lost. The Public Warehousing Company K.S.C. has also appealed against the ruling in which official receivers were appointed as discussed above, seeking cessation of official receivership but this case was rejected by the Court of Summary Appeal.

The Public Warehousing Company K.S.C.'s external legal consulting firms advised that the partnership agreement had expired on 1 January 2003, i.e. before the Public Warehousing Company K.S.C. was awarded the Prime Vendor Services Contract by the U.S. Government and as a result the partnership agreement is considered void and of no force or effect. They also advised that the official receivership over the partnership agreement has no financial impact on the Public Warehousing Company K.S.C. or any of its projects.

Based on the foregoing interpretation and the legal opinion of external legal consulting firms, the firms have advised the Public Warehousing Company K.S.C. not to provide any amount in respect of the claim or negotiate any settlement with the third party and accordingly, no provision has been made in the accompanying interim condensed consolidated financial statements.

In addition to the above, the company is involved in various claims and legal proceedings including employee compensation and contractor disputes. The in-house legal counsel of the Group believes that such claims are baseless and will not have a material adverse effect on the accompanying interim condensed consolidated financial statements.
