INTERIM CONDENSED FINANCIAL STATEMENTS

30 SEPTEMBER 2007 (UNAUDITED)

REPORT ON REVIEW OF INTERIM CONDENSED FINANCIAL STATEMENTS TO THE BOARD OF DIRECTORS OF ARAB EMIRATES INVESTMENT BANK PUBLIC JOINT STOCK COMPANY

Introduction

We have reviewed the accompanying interim balance sheet of Arab Emirates Investment Bank Public Joint Stock Company (the "Bank") as at 30 September 2007 and the related interim statements of income for the three month and nine month periods then ended, and the related statements of cash flows and changes in equity for the nine month period then ended and explanatory notes. Management is responsible for the preparation and presentation of these interim condensed financial statements in accordance with International Accounting Standard 34, Interim Financial Reporting ("IAS 34"). Our responsibility is to express a conclusion on these interim condensed financial statements based on our review.

Scope of Review

We conducted our review in accordance with the International Standard on Review Engagements 2410, "Review of Interim Financial Information Performed by the Independent Auditor of the Entity". A review of interim financial information consists of making inquiries, primarily of persons responsible for financial and accounting matters, and applying analytical and other review procedures. A review is substantially less in scope than an audit conducted in accordance with International Standards on Auditing and consequently does not enable us to obtain assurance that we would become aware of all significant matters that might be identified in an audit. Accordingly, we do not express an audit opinion. The comparative figures of 2006 in the interim income statement and the cash flow statement have not been reviewed or audited by us.

Conclusion

Based on our review, nothing has come to our attention that causes us to believe that the accompanying interim condensed financial statements are not prepared, in all material respects, in accordance with IAS 34.

The attached notes 1 to 6 form part of these interim condensed financial statements.

NOTES TO THE INTERIM CONDENSED FINANCIAL STATEMENTS

At 30 September 2007 (Unaudited)

1 INCORPORATION AND ACTIVITIES

Arab Emirates Investment Bank PJSC (the "Bank") was incorporated on 17 February 1976 in Dubai by a decree of HH The Ruler of Dubai as Arab Emirates Investment Bank Limited. In 1999, the Bank was registered under the UAE Commercial Companies Law No. (8) of 1984 (as amended) as a Public Joint Stock Company. The Bank is engaged in the business of development banking, investment banking and investment portfolio management. The address of the Bank's registered office is P. O. Box 5503, Dubai, United Arab Emirates.

2 ACCOUNTING POLICIES

The interim condensed financial statements of the Bank are prepared in accordance with International Accounting Standard 34, Interim Financial Reporting. The accounting policies used in the preparation of the interim condensed financial statements are consistent with those used in the preparation of the annual financial statements for the year ended 31 December 2006 except for the adoption of new standards and interpretations, noted below.

IFRS 7 Financial Instruments Disclosures

The Bank has adopted IFRS 7, which requires disclosures that enable users to evaluate the significance of the Bank's financial instruments and the nature and extent of risks arising from those financial instruments. These new disclosures will be included in the Bank's annual financial statements for the year ending 31 December 2007.

IAS 1 Amendment - Presentation of Financial Statements

This amendment requires the Bank to make new disclosures to enable users of the financial statements to evaluate the Bank's objectives, policies and processes for managing capital. These new disclosures will be included in the Bank's annual financial statements for the year ending 31 December 2007.

IFRIC 9 Reassessment of Embedded Derivatives

The Bank has adopted IFRIC Interpretation 9 as of 1 January 2007, which states that the date to assess the existence of an embedded derivative is the date that an entity first becomes party to the contract, with reassessment only if there is a change to the contract that significantly modifies the cash flows.

IFRIC 10 Interim Financial Reporting and Impairment

The Bank has adopted IFRIC Interpretation 10 as of 1 January 2007, which requires that an entity must not reverse an impairment loss recognised in a previous interim period in respect of an investment in either an equity instrument or a financial asset carried at cost.

Adoption of these Standards and Interpretations did not have any effect on the financial position or performance of the Bank.

The interim condensed financial statements do not contain all information and disclosures required for full financial statements prepared in accordance with International Financial Reporting Standards, and should be read in conjunction with the Bank's annual financial statements as at 31 December 2006. In addition, results for the 9 months ended 30 September 2007 are not necessarily indicative of the results that may be expected for the financial year ending 31 December 2007.

3 BASIC AND DILUTED EARNINGS PER SHARE

Basic earnings per share is calculated by dividing the net profit of AED 13,260,105 for the period to 30 September 2007 (2006: net profit of AED 34,694,137) by the weighted average number of shares of 449,351 (2006: 449,351) of AED 1 each outstanding during the period.

The figures for basic and diluted earnings per share are the same as the Bank has not issued any instruments which would have an impact on earnings per share when exercised.

NOTES TO THE INTERIM CONDENSED FINANCIAL STATEMENTS

At 30 September 2007 (Unaudited)

4 SEGMENTAL INFORMATION

For operating purposes, the Bank is organised into two major business segments: Development Banking, which principally provides loans and other credit facilities and deposit and current accounts for corporate and individual customers and Investment Banking, which involves the management of the Bank's own investment portfolio and treasury services and providing investment portfolio management services. These segments are the basis on which the Bank reports its primary segment information. Transactions between segments are conducted at rates determined by management taking into consideration the cost of funds and an equitable allocation of expenses.
