Report on review of the interim condensed consolidated financial information

Introduction
We have reviewed the accompanying interim condensed consolidated statement of financial position of International Financial Advisors (A Kuwaiti Closed Shareholding Company) (the parent company) and its subsidiaries (the group), as of 31 March 2010 and the related interim condensed consolidated statements of income, comprehensive income, changes in equity and cash flows for the three-months period then ended. The parent company's management is responsible for the preparation and presentation of this interim condensed consolidated financial information in accordance with International Accounting Standard 34, "Interim Financial Reporting". Our responsibility is to express a conclusion on this interim condensed consolidated financial information based on our review.

Scope of Review
We conducted our review in accordance with International Standard on Review Engagements 2410, "Review of Interim Financial Information Performed by the Independent Auditors of the Entity." A review of interim financial information consists of making inquiries, primarily of persons responsible for financial and accounting matters, and applying analytical and other review procedures. A review is substantially less in scope than an audit conducted in accordance with International Standards on Auditing and consequently does not enable us to obtain assurance that we would become aware of all significant matters that might be identified in an audit. Accordingly, we do not express an audit opinion.

Conclusion
Based on our review, nothing has come to our attention that causes us to believe that the accompanying interim condensed consolidated financial information is not prepared, in all material respects, in accordance with International Accounting Standard 34, "Interim Financial Reporting".

Report on review of other legal and regulatory requirements

Based on our review, the interim condensed consolidated financial information is in agreement with the books of the parent company. We further report that, to the best of our knowledge and belief, no violations of the Commercial Companies' Law of 1960 or the articles of association of the parent company, as amended, have occurred during the three-months period ended 31 March 2010 that might have had a material effect on the business of the group or on its financial position.

We further report that, during the course of our review we have not become aware of any material violations made during the period of the provisions of Law 32 of 1968, as amended, concerning currency, the Central Bank of Kuwait and the organisation of banking business, and its related regulations during the period ended 31 March 2010.

Notes to the interim condensed consolidated financial information

31 March 2010 (Unaudited)

1 Incorporation and activities of the parent company

International Financial Advisors – KSC (Closed) ("the parent company") was incorporated on 31 January 1974 under the Commercial Companies Law No. 15 of 1960 and amendments thereto. The parent company is licensed as an investment company which operates its activity according to the regulations issued by the Central Bank of Kuwait and its articles of association. The address of the parent company's registered office is PO Box 4694, Safat 13047, State of Kuwait.

The parent company is principally engaged in providing financial advisory services, trading in local and international securities, borrowing, lending, issuing guarantees, managing investment funds, investment portfolios and dealing with future contracts.

This interim condensed consolidated financial information for the three-months period ended 31 March 2010 was authorised for issue by the parent company's board of directors on ……………………….

2 Significant accounting policies

Basis of presentation

The interim condensed consolidated financial information of the group has been prepared in accordance with International Accounting Standard 34, "Interim Financial Reporting" and the Central Bank of Kuwait regulations regarding general provisions against loans receivable.

The provisions for loans receivable complies in all material respects with the requirements of the Central bank of Kuwait. In this respect, Central Bank of Kuwait requires a general provision of 1% on all loans receivable not subject to a specific provision (general provision of 2% for balances of loans receivable as at 31 December 2006.

The accounting policies used in the preparation of the interim condensed consolidated financial information are consistent with those used in the preparation of the annual audited consolidated financial statements of the group for the year ended 31 December 2009 except for the adoption of new and revised standards and interpretations as discussed below.

Operating results for the three-month period are not necessarily indicative of the results that may be expected for the year ending 31 December 2010. For further information, refer to the audited consolidated financial statements and its related notes for the year ended 31 December 2009.

The interim condensed consolidated financial information has been presented in Kuwaiti Dinars (KD) which is the functional currency of the parent company.

Basis of consolidation

The interim condensed financial information of the parent company and its subsidiaries (Note 25) has been consolidated on a line by line basis after eliminating intra-group balances, intra-group transactions and resulting unrealized profits in full. Uniform accounting policies have been used by the group's companies in order to record like transactions and other events which occurred under similar circumstances in these companies.

2 Significant accounting policies (continued)

Adoption of new and revised standards and interpretations

The following new and revised standards and interpretations have been adopted by the group in the current period:

Standard or Interpretation	*Effective for annual periods beginning*
Amendment to IFRS 2 Share-based Payment	1 January 2010
IFRS 3 Business Combinations (Revised 2009)	1 July 2009
IAS 27 Consolidated and Separate Financial Statements (Revised 2009)	1 July 2009
IAS 28 Investments in Associates (Revised 2009)	1 July 2009
IAS 31 Interests in Joint Ventures	1 July 2009
Amendment to IAS 39 Financial Instruments: Recognition and Measurement	1 July 2009
IFRIC 17 Distribution of non cash assets to owners	1 July 2009
IFRIC 18 Transfers of Assets from Customers	1 July 2009

Amendment to IFRS 2 Share-based Payment (effective from 1 January 2010)

In June 2009, the IASB issued amendments to IFRS 2 *Share-based Payment* that clarify the accounting for group cash-settled share-based payment transactions. The amendments clarify how an individual subsidiary in a group should account for some share-based payment arrangements in its own financial statements. In these arrangements, the subsidiary receives goods or services from employees or suppliers but its parent or another entity in the group must pay those suppliers. The adoption of this interpretation did not have any effect on the group's financial statements for the period.

IFRS 3 Business Combinations (Revised) (effective from 1 July 2009)

The standard is applicable for business combinations occurring in reporting periods beginning on or after 1 July 2009 and has been applied prospectively in accordance with the transitional provisions. The new standard introduces changes to the accounting requirements for business combinations, but still requires use of the purchase method, and did not have any effect on the group's financial statements for the period.

IAS 27 Consolidated and Separate Financial Statements (Revised) (effective from 1 July 2009)

The revised standard introduces changes to the accounting requirements for the loss of control of a subsidiary and for changes in the group's interest in subsidiaries. These changes have been applied prospectively in accordance with the transitional provisions and did not have any effect on the group's financial statements for the period.

IAS 28 Investments in Associates (Revised) (effective from 1 July 2009)

The revised standard introduces changes to the accounting requirements for the loss of significant influence of an associate and for changes in the group's interest in associates. These changes have been applied prospectively in accordance with the transitional provisions and did not have any effect on the group's financial statements for the period.

IAS 31 Interests in Joint Ventures (effective from 1 July 2009)

The revisions introduce changes to the accounting requirements for the loss of joint control. This revision is not relevant to the operations of the group.

Amendment to IAS 39 Financial Instruments: Recognition and Measurement (effective from 1 July 2009)

The amendment to the standard clarifies two issues relating to hedge accounting i.e. 1) identifying inflations as a hedge risk or portion, and 2) hedging with options. This revision is not relevant to the operations of the group.

IFRIC 17 Distribution of Non-Cash Assets to Owners (effective from 1 July 2009)

The Interpretation provides guidance on the appropriate accounting treatment when an entity distributes assets other than cash as dividends to its shareholders. The adoption of this interpretation did not have any effect on the group's financial statements for the period.

2 Significant accounting policies (continued)

IFRIC 18 Transfer of Assets from Customers (effective from 1 July 2009)
IFRIC 18 clarifies the requirements of IFRSs for agreements in which an entity receives from a customer an item of property, plant, and equipment that the entity must then use either to connect the customer to a network or to provide the customer with ongoing access to a supply of goods or services. This interpretation is not relevant to the operations of the group.

The IASB issued *Improvements for International Financial Reporting Standards 2009* to the following standards which have been adopted by the group that largely clarify the required accounting treatment where previous practice had varied some of which are substantive but have not resulted in any significant changes in the group's accounting policies.

Standard	*Effective for annual periods beginning*
IFRS 2 Share Based Payment	I July 2009
IFRS 3 Business combinations (Revised 2009)	I January 2010
IFRS 5 Non-current Assets Held for Sale and Discounted Operations	I July 2009 and 1 January 2010
IAS 1 Presentation of Financial Statements	I January 2010
IAS 7 Statement of Cash Flows	I January 2010
IAS 17 Leases	I January 2010
IAS 36 Impairment of Assets	I January 2010
IAS 38 Intangible Assets	I July 2009
IAS 39 Financial Instruments: Recognition and Measurement	I January 2010

The following revised standards and interpretations have been issued but not yet effective and have not been adopted by the group in the current period:

Standard or Interpretation	*Effective for annual periods beginning*
IFRS 9 Financial Instruments: Classification and Measurement	1 January 2013
IAS 24 Related Party Disclosures	1 January 2011
IAS 32 Financial Instruments: Presentation	1 February 2010
IFRIC 19 Extinguishing Financial Liabilities with Equity Instruments	1 July 2010

IFRS 9 Financial Instruments (effective from 1 January 2013 earlier application is permitted)
The IASB aims to replace IAS 39 *Financial Instruments: Recognition and Measurement* in its entirety by the end of 2010, with the replacement standard to be effective for annual periods beginning 1 January 2013. IFRS 9 is the first part of Phase 1 of this project. The main phases are:

- Phase 1: Classification and Measurement
- Phase 2: Impairment methodology
- Phase 3: Hedge accounting

In addition, a separate project is dealing with derecognition.

Although earlier application of this standard is permitted, the Technical Committee of the Ministry of Commerce and Industry of Kuwait decided on 30 December 2009, to postpone this early application till further notice, due to the non-completion of the remaining stages of the standard.

IAS 24 Related Party Disclosures
The amendments to the standard revises the definition of related party as well as modified exemptions for state-controlled entities. The adoption of this amendment is not expected to have a significant impact on the group's financial statements.

2 Significant accounting policies (continued)

IAS 32 Financial Instruments: Presentation

The amendment to the standard clarifies classification right issues in foreign currency. The adoption of this amendment is not expected to have a significant impact on the group's financial statements.

IFRIC 19 Extinguishing Financial Liabilities with Equity Instruments

The Interpretation provides guidance on the accounting by the entity that issues equity instruments in order to settle, in full or in part, a financial liability. The Interpretation is reaquired to be applied retrospectively. However, management does not expect to have any significant effect on the financial statements on the date of initial application of the interpretation.

3 Assumptions and estimates

The preparation of interim condensed consolidated financial information requires management to make judgements, estimates and assumptions that affect the application of accounting policies and the reported amounts of assets and liabilities, income and expenses. Actual results may differ from these estimates.

In preparing this interim condensed consolidated financial information, the significant judgements made by management in applying the group's accounting policies and the key sources of estimation uncertainty were consistent with those applied to the consolidated financial statements for the year ended 31 December 2009.

4 Effect of implementing IFRIC (15)

Effective from 1 January 2009, the group implemented the requirements of IFRIC (15): "Accounting for Agreements for the Construction of Real Estate" issued on 3 July 2008. This interpretation has specified the methods through which income can be recognised from real estate properties under development that has been sold to customers, either by implementing IAS (11): "Construction Contracts" or IAS (18): "Revenue".

In accordance with the new interpretation, the group is required to apply IAS (18): "Revenue" in recognising income from real estate units sold to customers but still under construction, instead of the previous method of recognising income using the percentage of completion method.

Capital expenditure commitments

At 31 March 2010, the group was committed to pay all the amounts required to settle its remaining share in the financing of the construction of real estate projects in Dubai (UAE) and South Africa. The group's share in the amounts required to finance these projects is as follows:

	31 March 2010 (Unaudited) KD	31 Dec. 2009 (Audited) KD	31 March 2009 (Unaudited) KD
Estimated and contracted commitments for property, plant & equipments and capital work in progress	**35,700,000**	39,500,000	174,900,000
Estimated and contracted capital expenditure for construction of properties under development and trading properties	**77,000,000**	90,800,000	24,500,000
	112,700,000	130,300,000	199,400,000

The group expects to finance the future expenditure commitments from the following sources:

a) sale of investment properties.
b) advances from customers.
c) share capital increase.
d) advances provided by the shareholders, related entities and joint ventures.
e) borrowings, if required.

Expected financing rates from the above sources are dependent on the nature of the source of financing and management estimates of the best financing sources available at the time they become due.

22 Segmental analysis

The group has adopted IFRS 8 Operating Segments with effect from 1 January 2009. According to this standard, reported segment profits are based on management's internal financial reporting information that is regularly reviewed by the chief operating decision maker in order to allocate resources to the segment and to assess its performance, and then it is reconciled to the group's profit or loss. In contrast, the predecessor standard (IAS 14 Segment Reporting) required an entity to identify two sets of segments (business and geographical). The adoption of IFRS 8 has resulted in a change in the identification of the group's reportable segments. The measurement policies the group uses for segment reporting under IFRS 8 are the same as those used in its financial statements.

The group primarily operates in one area of business activity, investment. Accordingly in prior years, segment information reported externally was analysed on the geographical basis. However, information reported to the group's decision makers for the purposes of resource allocation and assessment of performance is more specifically focussed on the types of investment activities. The group's reportable segments under IFRS 8 are therefore as follows:

Assets management
- Investments in Gulf Cooperation Council Countries, Middle East & North Africa
- International managed investment funds
- Discretionary and non-discretionary financial portfolios management
- Management services

Treasury and investments
- Private equity
- Investment in international quoted securities
- Lending to corporate and individuals
- Managing the company's liquidity requirements

Real estate
- Sale and purchase of real estate
- Real estate brokerage and advisory

The losses and profits generated by the group from business segments are summarised as follows:
