REPORT ON REVIEW OF INTERIM CONDENSED CONSOLIDATED FINANCIAL STATEMENTS TO THE SHAREHOLDERS OF ARAMEX PJSC

Introduction

We have reviewed the accompanying interim condensed consolidated financial statements of Aramex PJSC and its subsidiaries ("the Group") as at 30 June 2010, comprising of the interim consolidated statement of financial position as at 30 June 2010 and the related interim consolidated statements of income and comprehensive income for the three-month and six-month periods then ended and the related interim consolidated statements of changes in equity and cash flows for the six-month period then ended, and explanatory notes. Management is responsible for the preparation and presentation of these interim condensed consolidated financial statements in accordance with International Financial Reporting Standard IAS 34 *Interim Financial Reporting "IAS 34"*. Our responsibility is to express a conclusion on these interim condensed consolidated financial statements based on our review.

Scope of review

We conducted our review in accordance with International Standard on Review Engagements 2410, "Review of Interim Financial Information Performed by the Independent Auditor of the Entity". A review of interim financial information consists of making inquiries, primarily of persons responsible for the financial and accounting matters, and applying analytical and other review procedures. A review is substantially less in scope than an audit conducted in accordance with International Standards on Auditing and consequently does not enable us to obtain assurance that we would become aware of all significant matters that might be identified in an audit. Accordingly, we do not express an audit opinion.

Conclusion

Based on our review, nothing has come to our attention that causes us to believe that the accompanying interim condensed consolidated financial statements are not prepared, in all material respects, in accordance with IAS 34.

2 BASIS OF PREPARATION AND ACCOUNTING POLICIES

Basis of preparation
The interim condensed consolidated financial statements for the six months ended 30 June 2010 have been prepared in accordance with IAS 34 Interim Financial Reporting.

The interim condensed consolidated financial statements do not include all information and disclosures required in the annual financial statements, and should be read in conjunction with the Group's annual financial statements as at 31 December 2009. In addition, results for the six months ended 30 June 2010 are not necessarily indicative of the results that may be expected for the financial year ending 31 December 2010.

Changes in accounting policies
The accounting policies used in the preparation of the interim condensed consolidated financial statements are consistent with those used in the preparation of the Group's annual consolidated financial statements for the year ended 31 December 2009.

Accounting policies
The accounting policies that have been consistently adopted by the Group relating to investments and bank balances and short term deposits are as follows:

Available-for-sale financial assets
Available-for-sale financial assets are initially measured at fair value. After initial measurement, available-for-sale financial assets are measured at fair value with unrealised gains or losses recognised as other comprehensive income in the fair value reserve until the investment is derecognised, at which time the cumulative gain or loss is recognised in other operating income, or determined to be impaired, at which time the cumulative loss is recognized in the income statement in finance costs and removed from the fair value reserve.

Impairment losses on equity instruments are not reversed through the income statement; increases in their fair value after impairment are recognized directly in the fair value reserve.

Cash and short term deposits
Cash and short-term deposits in the statement of financial position comprise cash at banks and in hand, bank balances and short term deposits with original maturity of three months or less.

For the purpose of the consolidated cash flow statement, cash and cash equivalents consist of cash in hand, bank balances and short- term deposits as defined above, net of outstanding bank overdrafts and cash margin.

10 SEASONALITY OF OPERATIONS

The Group's business is seasonal in nature. Historically, the Group experienced a decrease in demand for its services in the post-winter holiday and summer vacation seasons. The Group traditionally experiences its highest volumes towards the latter half of the year. The seasonality of the Group's revenue may cause a variation in its quarterly operating results. However, local Middle East and Islamic holidays vary from year to year and, as a result, the Group's seasonality may shift over time.
