Independent Auditors' Report on Review of Condensed Consolidated Interim financial information

The Shareholders
Emirates NBD PJSC

Introduction

We have reviewed the accompanying condensed consolidated statement of financial position of Emirates NBD PJSC ("the Bank") and its subsidiaries (collectively referred to as "the Group") as at 30 June 2011, the condensed consolidated income statement and condensed consolidated statements of comprehensive income, changes in equity and cash flows for the six-month period then ended (the "condensed consolidated interim financial information"). Management is responsible for the preparation and fair presentation of this condensed consolidated interim financial information in accordance with IAS 34, 'Interim Financial Reporting'. Our responsibility is to express a conclusion on this condensed consolidated interim financial information based on our review.

Scope of review

We conducted our review in accordance with International Standard on Review Engagements 2410, "Review of Interim Financial Information Performed by the Independent Auditor of the Entity". A review of interim financial information consists of making inquiries, primarily of persons responsible for financial and accounting matters, and applying analytical and other review procedures. A review is substantially less in scope than an audit conducted in accordance with International Standards on Auditing and consequently does not enable us to obtain assurance that we would become aware of all significant matters that might be identified in an audit. Accordingly, we do not express an audit opinion.

Conclusion

Based on our review, nothing has come to our attention that causes us to believe that the accompanying condensed consolidated interim financial information as at 30 June 2011 is not prepared, in all material respects, in accordance with IAS 34, 'Interim Financial Reporting'.

On 10 May 2011, the Group announced an Exchange Offer addressed to holders of subordinated step-up floating rate notes due to mature in 2016. Holders of the note were invited to exchange their existing notes for new senior notes with a maturity date of 31 May 2018. On 18 May 2011 it was further announced that the new notes would pay a margin of 150bp over 3-month USD LIBOR. At the expiration of the exchange offer on 26 May 2011, the Group had accepted offers to exchange US\$ 332.45 million of existing notes.

Since the new notes were issued with substantially different terms as compared to the original notes, the old notes were derecognised and the new notes were recognised as a new financial liability as per IAS 39. These new notes were issued at a discount as compared to market available interest rates and hence the Group has recognised a fair value gain of AED 160 million in the Group condensed consolidated interim financial statements, which will be amortised over the term of the notes issued (7 years) at the effective interest rate.

The notes carry no maturity date and have been classified under equity.
