The Board of Directors
Arabian Scandinavian Insurance Company P.L.C.
Dubai
United Arab Emirates

Introduction

We have reviewed the accompanying condensed statement of financial position of Arabian Scandinavian Insurance Company P.L.C., Dubai, United Arab Emirates, as at 30 June 2012 and the related condensed statements of income, comprehensive income, changes in equity and cash flows for the six month period then ended. Management is responsible for the preparation and presentation of this interim financial information in accordance with International Accounting Standard 34: "Interim Financial Reporting". Our responsibility is to express a conclusion on this interim financial information based on our review.

Scope of Review

We conducted our review in accordance with International Standard on Review Engagements 2410, "Review of Interim Financial Information Performed by the Independent Auditor of the Entity." A review of interim financial information consists of making inquiries, primarily of persons responsible for financial and accounting matters, and applying analytical and other review procedures. A review is substantially less in scope than an audit conducted in accordance with International Standards on Auditing and consequently does not enable us to obtain assurance that we would become aware of all significant matters that might be identified in an audit. Accordingly, we do not express an audit opinion.

Conclusion

Based on our review, nothing has come to our attention that causes us to believe that the accompanying interim financial information is not prepared, in all material respects, in accordance with International Accounting Standard 34: "Interim Financial Reporting".

**Notes to the condensed financial statements
for the period ended 30 June 2012 (continued)****3. Summary of significant accounting policies****3.1 Basis of preparation**

These condensed financial statements have been prepared in accordance with International Accounting Standard (IAS) No. 34, “*Interim Financial Reporting*” and also comply with the applicable requirements of the laws in the U.A.E.

The condensed financial statements are presented in U.A.E. Dirhams (AED) since that is the currency in which the majority of the Company’s transactions are denominated.

These condensed financial statements have been prepared on the historical cost basis, except for the revaluation of certain financial instruments and investment properties.

The accounting policies, presentation and methods in these condensed financial statements are consistent with those used in the audited financial statements for the year ended 31 December 2011.

These condensed financial statements do not include all the information required for full annual financial statements and should be read in conjunction with the Company’s audited annual financial statements as at and for the year ended 31 December 2011. In addition, results for the six month period ended 30 June 2012 are not necessarily indicative of the results that may be expected for the financial year ending 31 December 2012.

The accounting policies in respect of investment properties, investment in securities and property and equipment disclosed in the annual audited financial statements are stated below as required by Securities and Commodities Authority notification dated 12 October 2008.

3.2 Investment properties

Investment property, which is property held to earn rentals and/or for capital appreciation (including property under construction for such purposes), is stated at its fair value at the end of each reporting period. Gains or losses arising from changes in the fair value of investment property are included in the profit or loss.

3.3 Investment in securities

Investment in securities of the Company are recognised and derecognised on trade date where the purchase or sale of a financial asset is under a contract whose terms require delivery of the financial asset within the timeframe established by the market concerned, and are initially measured at fair value, plus transaction costs, except for those financial assets classified as at fair value through profit or loss, which are initially measured at fair value.

Investments of the Company are classified as either as financial assets at fair value through profit or loss (FVTPL) or as “financial assets at fair value through other comprehensive income (FVTOCI)”.

3.3.1 Financial assets at fair value through profit or loss (FVTPL)

Investments in equity instruments are mandatorily classified as at FVTPL, unless the Company designates an investment that is not held for trading as at fair value through other comprehensive income (FVTOCI) on initial recognition.

**Notes to the condensed financial statements
for the period ended 30 June 2012 (continued)****3. Summary of significant accounting policies (continued)****3.3 Investment in securities (continued)****3.3.1 Financial assets at fair value through profit or loss (FVTPL) (continued)**

Financial assets at FVTPL are measured at fair value at the end of each reporting period, with any gains or losses arising on remeasurement recognised in profit or loss.

Dividend income on investments in equity instruments at FVTPL is recognised in profit or loss when the Company's right to receive the dividends is established in accordance with IAS 18 Revenue.

3.3.2 Financial assets at fair value through other comprehensive income (FVTOCI)

At initial recognition, the Company can make an irrevocable election (on an instrument-by-instrument basis) to designate investments in equity instruments as at FVTOCI. Designation at FVTOCI is not permitted if the equity investment is held for trading.

A financial asset is held for trading if:

- it has been acquired principally for the purpose of selling it in the near term; or
- on initial recognition it is part of a portfolio of identified financial instruments that the Company manages together and has evidence of a recent actual pattern of short-term profit-taking; or
- it is a derivative that is not designated and effective as a hedging instrument or a financial guarantee.

Investments in equity instruments at FVTOCI are initially measured at fair value plus transaction costs. Subsequently, they are measured at fair value with gains and losses arising from changes in fair value recognised in other comprehensive income and accumulated in the cumulative changes in fair value reserve. The cumulative gain or loss will not be reclassified to profit or loss on disposal of the investments.

The Company has designated all investments in equity instruments that are not held for trading as at FVTOCI.

Dividends on these investments in equity instruments are recognised in profit or loss when the Company's right to receive the dividends is established in accordance with IAS 18 Revenue, unless the dividends clearly represent a recovery of part of the cost of the investment.

3.4 Property and equipment

Property and equipment are carried at cost less any accumulated depreciation and any identified impairment losses.

Depreciation is charged so as to write off the cost of assets, over their estimated useful lives, using the straight-line method. The estimated useful lives, residual values and depreciation method are reviewed at each year end, with the effect of any changes in estimate accounted for on a prospective basis.

The gain or loss arising on disposal or retirement of an item of property and equipment is determined as the difference between the sales proceeds and the carrying amount of the asset and is recognised in profit or loss.

The useful life considered in the calculations of depreciation of all assets is 4 years.

**Notes to the condensed financial statements
