Report on review of interim condensed consolidated financial information

To the board of directors of
International Financial Advisors Holding – KPSC
[Formerly: International Financial Advisors – KPSC]
Kuwait

Introduction
We have reviewed the interim condensed consolidated statement of financial position of International Financial Advisors Holding – KPSC [Formerly: International Financial Advisors – KPSC] ("the Parent Company") and its subsidiaries ("the Group") as at 30 September 2019 and the related interim condensed consolidated statements of profit or loss, profit or loss and other comprehensive income, changes in equity and cash flows for the nine-month period then ended. Management is responsible for the preparation and presentation of this interim condensed consolidated financial information in accordance with International Accounting Standard 34 "Interim Financial Reporting". Our responsibility is to express a conclusion on this interim condensed consolidated financial information based on our review.

Scope of Review
We conducted our review in accordance with International Standard on Review Engagements 2410, "Review of Interim Financial Information Performed by the Independent Auditor of the Entity." A review of interim financial information consists of making inquiries, primarily of persons responsible for financial and accounting matters, and applying analytical and other review procedures. A review is substantially less in scope than an audit conducted in accordance with International Standards on Auditing and consequently does not enable us to obtain assurance that we would become aware of all significant matters that might be identified in an audit. Accordingly, we do not express an audit opinion.

Conclusion
Based on our review, nothing has come to our attention that causes us to believe that the accompanying interim condensed consolidated financial information is not prepared, in all material respects, in accordance with International Accounting Standard 34 "Interim Financial Reporting".

Emphasis of matter
We draw attention to note 11 to the interim condensed consolidated financial information which indicates that the Parent Company was unable to settle certain instalments of KD5,600,000 due to a local bank.

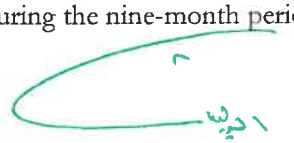

These events or conditions may indicate that a material uncertainty exists that may affect the Group's ability to continue as a going concern. Our conclusion is not modified in respect of this matter.

Report on review of other legal and regulatory requirements
Based on our review, the interim condensed consolidated financial information is in agreement with the books of the Parent Company. We further report that, to the best of our knowledge and belief, no violations of the Companies Law No. 1 of 2016 and its Executive Regulations, or of the Memorandum of Incorporation and Articles of Association of the Parent Company, as amended, have occurred during the nine-month period ended 30 September 2019 that might have had a material effect on the business or financial position of the Parent Company.

Report on review of interim condensed consolidated financial information of International Financial Advisors Holding – KPSC (continued)

Report on review of other legal and regulatory requirements (continued)

We further report that, during the course of our review, to the best of our knowledge and belief, we have not become aware of any material violations of the provisions of Law No. 32 of 1968, as amended, concerning currency, the Central Bank of Kuwait and the organisation of banking business, and its related regulations, during the nine-month period ended 30 September 2019.

Notes to the interim condensed consolidated financial information

1 Incorporation and activities of the Parent Company

International Financial Advisors Holding – KPSC [Formerly: International Financial Advisors - KPSC] ("the Parent Company") is a Kuwaiti Public Shareholding Company incorporated on 31 January 1974 under the Commercial Companies Law No. 15 of 1960 and amendments thereto. The Parent Company's shares are listed on Boursa Kuwait and Dubai Financial Market.

The Securities Activities Licence issued by the Capital Markets Authority ("CMA") expired on 29 March 2018 under which the Parent Company carried out certain investment activities. Management did not renew the licence. Accordingly, the CMA notified the Parent Company on 6 May 2018 that it is no longer considered a licenced entity under the CMA regulations. Consequently, the Parent Company is currently in the process of disposing the portfolios under management (Note 19).

Furthermore, while during 2018, the Parent Company was subject to the supervision of the Central Bank of Kuwait ("CBK") it communicated to the CBK its desire to be removed from CBK register. On 13 November 2018, the CBK notified the Parent Company that its name will be removed from the CBK register only after the holding of shareholders' general assembly to change its legal status and activities.

The shareholders in their Extra-Ordinary General Assembly held on 6 January 2019 approved to change the legal status of the Parent Company to a Holding Company and its activities, which was registered in the commercial register on 20 January 2019. Accordingly, on 3 February 2019, the Parent Company was removed from the CBK register.

The objectives of the Parent Company were amended to become as follows:

- Management of the Parent Company's subsidiaries or participation in management of other companies in which it holds ownership stakes and providing the necessary support thereto.
- Investing funds by way of trading in shares, bonds and other financial securities.
- Acquisition of properties and movables necessary to carry out the business activities as allowable by the law.
- Financing and extending loans to investee companies and providing guarantees for third parties, provided that the share of the holding company in the investee company is not less than 20%.
- Acquisition of industrial rights and related intellectual properties or any other industrial trademarks or royalties and any other property related thereto, and renting such properties to the subsidiary companies and others whether inside Kuwait or abroad.
- Using cash surplus to invest in financial portfolios/funds managed by specialised parties.

The Parent Company has the right to carry out its activities inside Kuwait or abroad whether directly or through power of attorney.

The Parent Company is authorized to have interest in or participate with any party or institution carrying out similar activities or those parties who will assist the company in achieving its objectives whether in Kuwait or abroad. The Parent Company has the right to establish, participate in or acquire such institutions.

The Group comprises the Parent Company and its subsidiaries.

The address of the Parent Company's registered office is PO Box 4694, Safat 13047, State of Kuwait.

Notes to the interim condensed consolidated financial information (continued)

1 Incorporation and activities of the Parent Company (continued)

This interim condensed consolidated financial information for the nine-month period ended 30 September 2019 was authorised for issue by the Parent Company's board of directors on 14 November 2019.

2 Basis of preparation

The interim condensed consolidated financial information of the Group for the nine-month period ended 30 September 2019 has been prepared in accordance with International Accounting Standard 34 "Interim Financial Reporting". The accounting polices used in the preparation of these interim condensed consolidated financial statements information are consistent with those used in the preparation of the annual consolidated financial statements for the year ended 31 December 2018, except for the changes described in Note 3.

The annual consolidated financial statements have been prepared in accordance with the International Financial Reporting Standards ("IFRS") promulgated by the International Accounting Standards Board ("IASB"), and Interpretations issued by the International Financial Reporting Interpretations Committee ("IFRIC") of the IASB, as modified for use by the Government of Kuwait for financial services institutions regulated by the Central Bank of Kuwait("CBK"). The modification requires adoption of all IFRSs for such institutions except for the IFRS 9 requirement for measurement of estimated credit losses ("ECL") for credit facilities. The CBK requires to measure the provision for credit losses at the higher of provision calculated under IFRS 9 in accordance with the CBK guidelines, and the provision required by the prudential regulations of the CBK.

This interim condensed consolidated financial information is presented in Kuwaiti Dinars ("KD") which is the functional and presentation currency of the Parent Company.

This interim condensed consolidated financial information does not contain all information and disclosures required for complete consolidated financial statements prepared in accordance with the International Financial Reporting Standards. In the opinion of management, all adjustments consisting of normal recurring accruals considered necessary for a fair presentation have been included.

The preparation of interim condensed consolidated financial information requires management to make judgements, estimates and assumptions that affect the application of accounting policies and the reported amounts of assets and liabilities, income and expense. Actual results may differ from these estimates.

In preparing this interim condensed consolidated financial information, the significant judgements made by management in applying the Group's accounting policies and the key sources of estimation uncertainty were the same as those that applied to the annual audited consolidated financial statements as at and for the year ended 31 December 2018.

Operating results for the nine months ended 30 September 2019 are not necessarily indicative of the results that may be expected for the financial year ending 31 December 2019. For more details, refer to the annual audited consolidated financial statements and its related disclosures for the year ended 31 December 2018.

The Group has consolidated the financial information of its subsidiaries using interim condensed financial information and management accounts as at 30 September 2019.

3 Changes in accounting policies

3.1 New and amended standards adopted by the Group

A number of new and revised standards are effective for annual periods beginning on or after 1 January 2019 which have been adopted by the Group. Information on these new standards is presented below:

Standard or Interpretation	*Effective for annual periods beginning*
IFRS 16 Leases	1 January 2019

IFRS 16 Leases

IFRS 16 replaced IAS 17 and the related Interpretations. IFRS 16 introduced new and amended requirements with respect to accounting for leases. As a result, lessee accounting is now significantly different and removes distinction between finance and operating leases. It now requires recognition of a right-of-use asset and lease liability at commencement date for all leases, except for short term leases and low value leases. However, the accounting by lessor has largely remained unchanged. The new accounting policy is described below.

On transition, for leases previously accounted for as operating leases management has assessed that these leases that fall under the definition of IFRS 16 have a remaining lease term of less than 12 months and therefore, the Group has elected the optional exemption to not recognise right-of-use assets but to account for the lease expense on a straight-line basis over the remaining lease term. The adoption of this standard did not have a significant impact on this interim condensed consolidated financial information, except for the Group's share of associates adjustment on adoption of this standard which was recognised in the accumulated losses.

New accounting policy for leases

The Group as a lessee

For any new contracts entered into on or after 1 January 2019, the Group considers whether a contract is, or contains a lease. A lease is defined as 'a contract, or part of a contract, that conveys the right to use an asset (the underlying asset) for a period of time in exchange for consideration'.

To apply this definition the Group assesses whether the contract meets three key evaluations which are whether:

- the contract contains an identified asset, which is either explicitly identified in the contract or implicitly specified by being identified at the time the asset is made available to the Group
- the Group has the right to obtain substantially all of the economic benefits from use of the identified asset throughout the period of use, considering its rights within the defined scope of the contract
- the Group has the right to direct the use of the identified asset throughout the period of use. The Group assess whether it has the right to direct 'how and for what purpose' the asset is used throughout the period of use.

The Group has elected to account for short-term leases and leases of low-value assets using the practical expedients. Instead of recognising a right-of-use asset and lease liability, the payments in relation to these are recognised as an expense in profit or loss on a straight-line basis over the lease term.

Measurement and recognition of leases as a lessee

At lease commencement date, the Group recognises a right-of-use asset and a lease liability on the balance sheet measured as follows:

Notes to the interim condensed consolidated financial information (continued)

3 Changes in accounting policies (continued)

3.1 New and amended standards adopted by the Group (continued)

New accounting policy for leases

Right-of-use asset
The right-of-use asset is measured at cost, which is made up of the initial measurement of the lease liability, any initial direct costs incurred by the Group, an estimate of any costs to dismantle and remove the asset at the end of the lease, and any lease payments made in advance of the lease commencement date (net of any incentives received).

Subsequent to initial measurement, the Group depreciates the right-of-use assets on a straight-line basis from the lease commencement date to the earlier of the end of the useful life of the right-of-use asset or the end of the lease term. The Group also assesses the right-of-use asset for impairment when such indicators exist.

Lease liability
At the commencement date, the Group measures the lease liability at the present value of the lease payments unpaid at that date, discounted using the interest rate implicit in the lease if that rate is readily available or the Group's incremental borrowing rate.

Lease payments included in the measurement of the lease liability are made up of fixed payments (including in substance fixed), variable payments based on an index or rate, amounts expected to be payable under a residual value guarantee and payments arising from options reasonably certain to be exercised.

Subsequent to initial measurement, the liability is reduced for payments made and increased for interest. It is remeasured to reflect any reassessment or modification, or if there are changes in in-substance fixed payments. When the lease liability is remeasured, the corresponding adjustment is reflected in the right-of-use asset, or profit and loss if the right-of-use asset is already reduced to zero.

The Group as a lessor
The Group enters into lease agreements as a lessor with respect to some of its investment properties. The Group classifies its leases as either operating or finance leases. When the terms of a lease transfer substantially all the risks and rewards of ownership to the lessee, the contract is classified as finance lease. All other leases are classified as operating leases.

When the Group is an intermediate lessor, it accounts for the head-lease and sub-lease as two separate contacts. The sub-lease is classified as finance lease or operating lease by reference to the right-of-use of asset arising from the head-lease.

Rental income from operating leases is recognised on a straight line basis over lease term. Initial direct cost incurred in arranging and negotiating a lease are added to the carrying amount of the lease assets and recognised on a straight line basis over the lease term.

Amounts due under finance leases are recognised as receivables. Finance lease income is allocated to the accounting periods so as to reflect a constant periodic rate of return on the Group's net investment outstanding for the finance lease.

3.2 IASB Standards issued but not yet effective

At the date of authorisation of this interim condensed consolidated financial information, certain new standards, amendments and interpretations to existing standards have been published by the IASB but are not yet effective, and have not been adopted early by the Group.

Management anticipates that all of the relevant pronouncements will be adopted in the Group's accounting policies for the first period beginning after the effective date of the pronouncements. Information on new standards, amendments and interpretations that are expected to be relevant to the Group's interim condensed consolidated financial information is provided below. Certain other new standards and interpretations have been issued but are not expected to have a material impact on the Group's interim condensed consolidated financial information.

Standard or Interpretation	*Effective for annual periods beginning*
IFRS 3 - Amendments	1 January 2020
IAS 1 and IAS 8 - Amendments	1 January 2020

IFRS 3 – Amendments

The Amendments to IFRS 3 Business Combinations are changes to Appendix A Defined terms, the application guidance, and the illustrative examples of IFRS 3 only with respect to Definition of Business. The amendments:

- clarify that to be considered a business, an acquired set of activities and assets must include, at a minimum, an input and a substantive process that together significantly contribute to the ability to create outputs;
- narrow the definitions of a business and of outputs by focusing on goods and services provided to customers and by removing the reference to an ability to reduce costs;
- add guidance and illustrative examples to help entities assess whether a substantive process has been acquired;
- remove the assessment of whether market participants are capable of replacing any missing inputs or processes and continuing to produce outputs; and
- add an optional concentration test that permits a simplified assessment of whether an acquired set of activities and assets is not a business

Management does not anticipate that the application of the amendments in the future will have a significant impact on the Group's consolidated financial statements.

IAS 1 and IAS 8 – Amendments

The amendments to IAS 1 and IAS 8 clarify the definition of 'material' and align the definition used in the Conceptual Framework and the standards.

Management does not anticipate that the application of the amendments in the future will have a significant impact on the Group's consolidated financial statements.

4 Judgement and estimates

The preparation of interim condensed consolidated financial information requires management to make judgements, estimates and assumptions that affect the application of accounting policies and the reported amounts of assets and liabilities, income and expense. Actual results may differ from these estimates.

In preparing this interim condensed consolidated financial information, the significant judgements made by management in applying the Group's accounting policies and the key sources of estimation uncertainty were the same as those that applied to the annual audited consolidated financial statements as at and for the year ended 31 December 2018 except for the changes arising from applying IFRS 16 as noted in 3 above. These include identification of whether a contract contains a lease, determine reasonable certainty of extension or termination of a lease, classification of leases, determining whether variable payments are in-substance fixed, establishing whether there are multiple leases in a single contract, determination of appropriate discount rate, and assessment of impairment

5 Reversal of provision no longer required

During a prior year, the Parent Company had filed a legal case against the Ministry of Finance disputing the basis of calculation of National Labour Support Tax imposed for the financial years ended 31 December 2003, 31 December 2004 and 31 December 2005 aggregating to KD4,739,218.

Subsequently and after hearing of the case at the Court of First Instance, Court of Appeal and the Discrimination Court, it has been ruled that the National Labour Support Tax due for the above financial years amounts to only KD3,117,566. The Parent Company reversed the excess provision of KD1,621,652 during the current period.

6 Discontinued operations

At the beginning of the year 2018, the Group owned 57.39% of the shares in IFA Hotels and Resorts - KPSC "IFA HR" (subsidiary). During 2018, the Parent Company transferred 63,543,420 shares in IFA Hotels and Resorts - KPSC constituting 10.45% of IFA HR's total shares, to a foreign bank for a consideration of KD12,708,684 (equivalent to USD42,026,071) as part settlement of foreign loans. Consequently, the Group reclassified its remaining interest of 46.94% in IFA HR as an associate since management believes the Group has lost the power to control the investee. The retained interest is re-measured at fair value, immediately following the partial disposal. As a result, a loss of KD7,089,828 was recognised through profit or loss in the interim condensed consolidated financial information of 30 September 2018.

18 Fair value measurement

18.1 Fair value hierarchy

Fair value represents the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date.

Financial assets and financial liabilities measured at fair value in the interim condensed consolidated statement of financial position are grouped into three Levels of a fair value hierarchy. The three Levels are defined based on the observability of significant inputs to the measurement, as follows:

- Level 1 fair value measurements are those derived from quoted prices (unadjusted) in active markets for identical assets or liabilities;
- Level 2 fair value measurements are those derived from inputs other than quoted prices that are observable for the asset or liability, either directly (i.e. as prices) or indirectly (i.e. derived from prices); and
- Level 3 fair value measurements are those derived from valuation techniques that include inputs for the asset or liability that are not based on observable market data (unobservable inputs).

The carrying amounts of the Group's financial assets and liabilities as stated in the interim condensed consolidated statement of financial position may also be categorized as follows:

18 Fair value measurement (continued)

18.1 Fair value hierarchy (continued)

Management considers that the carrying amounts of financial assets and financial liabilities, which are stated at amortised cost, approximate their fair values.

The level within which the asset or liability is classified is determined based on the lowest level of significant input to the fair value measurement.

The financial assets and liabilities measured at fair value on a recurring basis in the interim condensed consolidated statement of financial position are grouped into the fair value hierarchy as follows:

19 Fiduciary accounts

The Parent Company previously managed portfolios on behalf of others, mutual funds and maintains cash balances and securities in fiduciary accounts, which were not reflected in the interim condensed consolidated statement of financial position. However, as a result of the change of the legal status of the Parent Company to a holding company, it is no longer allowed to manage portfolios. The existing portfolio balance is either currently being disposed of or transferred to other entities. Assets under management at 30 September 2019 amounted to KD981,734 (31 December 2018: KD4,141,000 and 30 September 2018: to KD4,141,000). The Group earned management fee of KD12,931 (31 December 2018: KD15,153 and 30 September 2018: KD31,742) from these activities.
