Report on review of interim condensed consolidated financial information

To the board of directors of
International Financial Advisors Holding – KPSC
Kuwait

Introduction

We have reviewed the interim condensed consolidated statement of financial position of International Financial Advisors Holding – KPSC (“the Parent Company”) and its subsidiaries (“the Group”) as at 30 June 2020 and the related interim condensed consolidated statements of profit or loss, profit or loss and other comprehensive income, changes in equity and cash flows for the six-month period then ended. Management is responsible for the preparation and presentation of this interim condensed consolidated financial information in accordance with International Accounting Standard 34 “Interim Financial Reporting”. Our responsibility is to express a conclusion on this interim condensed consolidated financial information based on our review.

Scope of Review

We conducted our review in accordance with International Standard on Review Engagements 2410, “Review of Interim Financial Information Performed by the Independent Auditor of the Entity.” A review of interim financial information consists of making inquiries, primarily of persons responsible for financial and accounting matters, and applying analytical and other review procedures. A review is substantially less in scope than an audit conducted in accordance with International Standards on Auditing and consequently does not enable us to obtain assurance that we would become aware of all significant matters that might be identified in an audit. Accordingly, we do not express an audit opinion.

Conclusion

Based on our review, nothing has come to our attention that causes us to believe that the accompanying interim condensed consolidated financial information is not prepared, in all material respects, in accordance with International Accounting Standard 34 “Interim Financial Reporting”.

Emphasis of matters

We draw attention to following:

- Note 5 to the interim condensed consolidated financial information which indicates that the Group incurred a loss of KD12,349,993 for the six-month period ended 30 June 2020 and as of that date the Group’s accumulated losses amounted to KD27,057,463 representing 101.44% of the Parent Company’s share capital. Further, as of that date, the Group’s current liabilities exceeded its current assets by KD49,926,726.
- Notes 5 and 11 to the interim condensed consolidated financial information which indicate that the Parent Company did not pay certain instalments amounting to KD12,516,400 of loans to local and foreign banks on their due dates. As a result, the entire borrowings amounting to KD64,601,679 of the Group have become currently payable. However, subsequent to the reporting date, the Parent Company reached debt settlement agreements with certain lenders (note 20).

These events or conditions may indicate that a material uncertainty exists that may affect the Group’s ability to continue as a going concern. Our conclusion is not modified in respect of these matters.

Report on review of interim condensed consolidated financial information of International Financial Advisors Holding – KPSC (continued)

Report on review of other legal and regulatory requirements

Based on our review, the interim condensed consolidated financial information is in agreement with the books of the Parent Company. We further report that, to the best of our knowledge and belief, no violations of the Companies Law No. 1 of 2016 and its Executive Regulations, or of the Memorandum of Incorporation and Articles of Association of the Parent Company, as amended, have occurred during the six-month period ended 30 June 2020 that might have had a material effect on the business or financial position of the Parent Company.

We further report that, during the course of our review, to the best of our knowledge and belief, we have not become aware of any material violations of the provisions of Law No. 32 of 1968, as amended, concerning currency, the Central Bank of Kuwait and the organisation of banking business, and its related regulations, during the six-month period ended 30 June 2020 that might have had a material effect on the business or financial position of the Parent Company.

Notes to the interim condensed consolidated financial information

1 Incorporation and activities of the Parent Company

International Financial Advisors Holding – KPSC [Formerly: International Financial Advisors - KPSC] (“the Parent Company”) is a Kuwaiti Public Shareholding Company incorporated on 31 January 1974 under the Commercial Companies Law No. 15 of 1960 and amendments thereto. The Parent Company is listed on Boursa Kuwait and Dubai Financial Market.

The Securities Activities Licence issued by the Capital Markets Authority (“CMA”) expired on 29 March 2018 under which the Parent Company carried out certain investment activities. Management did not renew the licence. Accordingly, the CMA notified the Parent Company on 6 May 2018 that it is no longer considered a licenced entity under the CMA regulations. Consequently, the Parent Company is currently in the process of disposing the portfolios under management (Note 18).

Furthermore, during prior years, the Parent Company was subject to the supervision of the Central Bank of Kuwait (“CBK”). During 2018, it communicated to the CBK its desire to be removed from CBK register. On 13 November 2018, the CBK notified the Parent Company that its name will be removed from the CBK register only after the holding of shareholders’ general assembly to change its legal status and activities.

The shareholders in their Extra-Ordinary General Assembly held on 6 January 2019 approved to change the legal status of the Parent Company to a Holding Company and amend its activities, which were registered in the commercial register on 20 January 2019. Accordingly, on 3 February 2019, the Parent Company was removed from the CBK register.

The objectives of the Parent Company were amended to become as follows:

- Management of the Parent Company’s subsidiaries or participation in management of other companies in which it holds ownership stakes and providing the necessary support thereto.
- Investing funds by way of trading in shares, bonds and other financial securities.
- Acquisition of properties and movables necessary to carry out the business activities as allowable by the law.
- Financing and extending loans to investee companies and providing guarantees for third parties, provided that the share of the holding company in the investee company is not less than 20%.
- Acquisition of industrial rights and related intellectual properties or any other industrial trademarks or royalties and any other property related thereto, and renting such properties to the subsidiary companies and others whether inside Kuwait or abroad.
- Using cash surplus to invest in financial portfolios/funds managed by specialised parties.

The Parent Company has the right to carry out its activities inside Kuwait or abroad whether directly or through power of attorney.

The Parent Company is authorized to have interest in or participate with any party or institution carrying out similar activities or those parties who will assist the company in achieving its objectives whether in Kuwait or abroad. The Parent Company has the right to establish, participate in or acquire such institutions.

The Group comprises the Parent Company and its subsidiaries.

The address of the Parent Company’s registered office is PO Box 4694, Safat 13047, State of Kuwait.

Notes to the interim condensed consolidated financial information (continued)

1 Incorporation and activities of the Parent Company (continued)

This interim condensed consolidated financial information for the six-month period ended 30 June 2020 was authorised for issue by the Parent Company's board of directors on 13 October 2020.

2 Basis of preparation

The interim condensed consolidated financial information of the Group for the six-month period ended 30 June 2020 has been prepared in accordance with International Accounting Standard 34 "Interim Financial Reporting". The accounting policies used in the preparation of these interim condensed consolidated financial statements information are consistent with those used in the preparation of the annual consolidated financial statements for the year ended 31 December 2019, except for the changes described in Note 3.

The annual consolidated financial statements for the year ended 31 December 2019 were prepared in accordance with the International Financial Reporting Standards ("IFRS") promulgated by the International Accounting Standards Board ("IASB"), and Interpretations issued by the International Financial Reporting Interpretations Committee ("IFRIC") of the IASB.

The interim condensed consolidated financial information has been presented in Kuwaiti Dinars which is the functional and presentation currency of the Parent Company.

The interim condensed consolidated financial information does not include all information and disclosures required for complete financial statements prepared in accordance with the International Financial Reporting Standards. In the opinion of the Parent Company's management, all adjustments consisting of normal recurring accruals considered necessary for a fair presentation have been included.

Operating results for the six-month period ended 30 June 2020 are not necessarily indicative of the results that may be expected for the financial year ending 31 December 2020. For further details, refer to the consolidated financial statements and its related disclosures for the year ended 31 December 2019.

The Group has consolidated the financial information of its subsidiaries using interim condensed financial information and management accounts as at 30 June 2020.

3 Changes in accounting policies

3.1 New and amended standards adopted by the Group

A number of new and revised standards are effective for annual periods beginning on or after 1 January 2020 which have been adopted by the Group. Information on these new standards is presented below:

<i>Standard or Interpretation</i>	<i>Effective for annual periods beginning</i>
IFRS 3 – Amendments	1 January 2020
IAS 1 and IAS 8 – Amendments	1 January 2020

Notes to the interim condensed consolidated financial information (continued)

3 Changes in accounting policies (continued)

3.1 New and amended standards adopted by the Group (continued)

IFRS 3 – Amendments

The Amendments to IFRS 3 Business Combinations are changes to Appendix A Defined terms, the application guidance, and the illustrative examples of IFRS 3 only with respect to Definition of Business. The amendments:

- clarify that to be considered a business, an acquired set of activities and assets must include, at a minimum, an input and a substantive process that together significantly contribute to the ability to create outputs;
- narrow the definitions of a business and of outputs by focusing on goods and services provided to customers and by removing the reference to an ability to reduce costs;
- add guidance and illustrative examples to help entities assess whether a substantive process has been acquired;
- remove the assessment of whether market participants are capable of replacing any missing inputs or processes and continuing to produce outputs; and
- add an optional concentration test that permits a simplified assessment of whether an acquired set of activities and assets is not a business

The application of the amendments did not have a significant impact on the Group's interim consolidated financial information.

IAS 1 and IAS 8 – Amendments

The amendments to IAS 1 and IAS 8 clarify the definition of 'material' and align the definition used in the Conceptual Framework and the standards. The threshold for materiality influencing users has been changed from 'could influence' to 'could reasonably be expected to influence'.

The application of the amendments did not have a significant impact on the Group's interim consolidated financial information.

3.2 IASB Standards issued but not yet effective

At the date of authorisation of this interim condensed consolidated financial information, certain new standards, amendments and interpretations to existing standards have been published by the IASB but are not yet effective, and have not been adopted early by the Group.

Management anticipates that all of the relevant pronouncements will be adopted in the Group's accounting policies for the first period beginning after the effective date of the pronouncements. Information on new standards, amendments and interpretations that are expected to be relevant to the Group's interim condensed consolidated financial information is provided below. Certain other new standards and interpretations have been issued but are not expected to have a material impact on the Group's interim condensed consolidated financial information.

Notes to the interim condensed consolidated financial information (continued)

3 Changes in accounting policies (continued)

3.2 IASB Standards issued but not yet effective (continued)

<i>Standard or Interpretation</i>	<i>Effective for annual periods beginning</i>
IAS 1 Amendments	1 January 2023
IFRS 10 and IAS 28 Sale or Contribution of Assets between an Investor and its Associate or Joint Venture - Amendments	No stated date

IAS 1 Amendments

The amendments provide for consistent application of the requirements with respect to determining whether, in the statement of financial position, debt and other liabilities with an uncertain settlement date should be classified as current (i.e. due to be settled within one year) or non-current.

IFRS 10 and IAS 28 Sale or Contribution of Assets between an Investor and its Associate or Joint Venture - Amendments

The Amendments to IFRS 10 Consolidated Financial Statements and IAS 28 Investments in Associates and Joint Ventures (2011) clarify the treatment of the sale or contribution of assets from an investor to its associate or joint venture, as follows:

- require full recognition in the investor's financial statements of gains and losses arising on the sale or contribution of assets that constitute a business (as defined in IFRS 3 Business Combinations)
- require the partial recognition of gains and losses where the assets do not constitute a business, i.e. a gain or loss is recognised only to the extent of the unrelated investors' interests in that associate or joint venture.

These requirements apply regardless of the legal form of the transaction, e.g. whether the sale or contribution of assets occurs by an investor transferring shares in a subsidiary that holds the assets (resulting in loss of control of the subsidiary), or by the direct sale of the assets themselves.

IASB has postponed the effective date indefinitely until other projects are completed. However, early implementation is allowed. Management anticipates that the application of these amendments may have an impact on the Group's consolidated financial statements in future should such transactions arise.

4 Judgements and estimates

The preparation of interim condensed consolidated financial information requires management to make judgements, estimates and assumptions that affect the application of accounting policies and the reported amounts of assets and liabilities, income and expense. Actual results may differ from these estimates.

In preparing this interim condensed consolidated financial information, the significant judgements made by management in applying the Group's accounting policies and the key sources of estimation uncertainty were the same as those that applied to the annual audited consolidated financial statements as at and for the year ended 31 December 2019.

Notes to the interim condensed consolidated financial information (continued)

5 Fundamental accounting concept

For the six-months period ended 30 June 2020, the Group incurred a net loss of KD12,349,993 and as of that date the Group's accumulated losses amounted to KD 27,057,463 which exceeded the paid-up share capital of the Parent Company. Further, as at 30 June 2020, the Group's current liabilities exceeded its current assets by KD49,926,726.

Further, as stated in Note 11, repayment instalments aggregating to KD12,516,400 were not paid by the Parent Company on due dates on borrowings from local and foreign banks, and then the Parent Company entered into negotiations to settle the borrowings. As a result, the entire borrowings of the Parent Company amounting to KD64,601,679 become currently payable.

The factors mentioned above cast significant doubt about the Group's ability to continue as a going concern and its ability to realize its assets and discharge its liabilities in the normal course of business.

According to Article 271 of the Companies Law, if the accumulated losses of a shareholding company amount to three quarters of the paid-up capital, the members of board of directors of the Parent Company shall call for an extraordinary general meeting of the shareholders to resolve whether to continue or be dissolved before the term specified in the Memorandum of Incorporation or to take other appropriate measures. If the board of directors does not call the extraordinary general meeting or a resolution could not be passed in this regard, the Ministry of Commerce or any interested person may request the competent court to dissolve the Parent Company. The directors of the Parent Company have not yet convened this extraordinary general assembly of the shareholders.

The ability of the Group to continue as a going concern is dependent on availability of the support from the financial institutions (i.e. rescheduling/repayment of the borrowings mentioned in Note 11) and the ability of the Group to improve future profitability and cash flows. The Parent Company is continuing negotiations and discussions with all the lenders and is confident of the positive outcome of these discussions, and therefore, has prepared this interim condensed consolidated financial information under the going concern concept of accounting. Subsequent to the period end, the Parent Company signed debt settlement agreements with two of the lenders (note 20).

Had the going concern basis not been used, adjustments would be made relating to the recoverability of recorded asset amounts or to the amount of liabilities to reflect the fact that the Group may be required to realize its assets and extinguish its liabilities other than in the normal course of business, at amounts different from those stated in the interim condensed consolidated financial information.

6 Disposal of an associate

During the period, one of the Group's subsidiaries, First Takaful Insurance Company - KPSC, sold its entire ownership interest of 35% in Neova Sigorta Insurance Company – Turkey, for a total consideration of USD39,233,449 (equivalent to KD 12,142,762) resulting into a loss of KD4,700,119 as follows:

	KD

17 Fair value measurement

17.1 Fair value hierarchy

Fair value represents the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date.

Financial assets and financial liabilities measured at fair value in the interim condensed consolidated statement of financial position are grouped into three levels of a fair value hierarchy. The three levels are defined based on the observability of significant inputs to the measurement, as follows:

- Level 1 fair value measurements are those derived from quoted prices (unadjusted) in active markets for identical assets or liabilities;
- Level 2 fair value measurements are those derived from inputs other than quoted prices that are observable for the asset or liability, either directly (i.e. as prices) or indirectly (i.e. derived from prices); and
- Level 3 fair value measurements are those derived from valuation techniques that include inputs for the asset or liability that are not based on observable market data (unobservable inputs).

17.2 Fair value measurement of financial instruments

The carrying amounts of the Group's financial assets and liabilities as stated in the interim condensed consolidated statement of financial position may also be categorized as follows:

17 Fair value measurement (continued)

17.2 Fair value measurement of financial instruments (continued)

Management considers that the carrying amounts of financial assets and financial liabilities, which are stated at amortised cost, approximate their fair values.

The level within which the asset or liability is classified is determined based on the lowest level of significant input to the fair value measurement.

The financial assets and liabilities measured at fair value on a recurring basis in the interim condensed consolidated statement of financial position are grouped into the fair value hierarchy as follows:

There have been no significant transfers between levels 1 and 2 during the reporting period.

Measurement at fair value

The methods and valuation techniques used for the purpose of measuring fair value are unchanged compared to the previous reporting period.

a) Quoted securities

All the listed equity securities are publicly traded in stock exchanges. Fair values have been determined by reference to their quoted bid prices at the reporting date.

b) Unquoted securities

The consolidated financial statements include holdings in unlisted securities which are measured at fair value. Fair value is estimated using a discounted cash flow model or other valuation techniques which include some assumptions that are not supportable by observable market prices or rates.

c) Investment in managed funds

Investment funds managed by other mainly comprise of unquoted units and the fair value of these units has been determined based on net assets values reported by the fund manager as of the reporting date.

Level 3 fair value measurements

The Group's financial assets and liabilities classified in level 3 uses valuation techniques based on significant inputs that are not based on observable market data. The financial instruments within this level can be reconciled from beginning to ending balances as follows:

18 Fiduciary accounts

The Parent Company previously managed portfolios on behalf of others, mutual funds and maintains cash balances and securities in fiduciary accounts, which were not reflected in the interim condensed consolidated statement of financial position. However, as a result of the legal status of the Parent Company changed to a holding company, it is no longer allowed to manage portfolios. The existing portfolio balance is either currently being disposed of or transferred to other entities. Assets under management at 30 June 2020 amounted to KD667,024 (31 December 2019: KD988,198 and 30 June 2019: to KD1,044,029). The Group earned management fee of KD Nil (31 December 2019: KD12,931 and 30 June 2019: KD Nil) from these activities.

19 Effects of COVID-19

The outbreak of Coronavirus ("COVID-19") pandemic and related global responses have caused material disruptions to businesses around the world, leading to an economic slowdown. Global and local equity markets have experienced significant volatility and weakness. While governments and central banks have reacted with various financial packages and reliefs designed to stabilise economic conditions, the duration and extent of the impact of the COVID-19 outbreak, as well as the effectiveness of government and central bank responses, remains unclear at this time. Management of the Group is actively monitoring the effects COVID-19 may have on its business operations. However, it believes reliable information is not available at this time to quantify the effects of COVID-19 on this interim condensed consolidated financial information.

20 Subsequent events

- a) Subsequent to the reporting date, the Parent Company recognised an amount of KD6,080,948 as commission for assisting a foreign contractor in obtaining a major construction project in Kuwait.
- b) Subsequent to the reporting date, the Parent Company signed a final settlement contract with a foreign bank, to whom USD79,509,433 and Euro21,916,661 (aggregate equivalent to KD32,277,106) and related accrued interest of USD2,060,619 and Euro568,616 (aggregate equivalent to KD836,515) were due as of the agreement date, and Al-Nozha Al-Dawliya Real Estate Company WLL ("Al Nozha" – a related party). As per the terms of the agreement, the Parent Company settled USD9,540,612 (equivalent to KD2,891,282) out of the total outstanding USD loan by way of transferring certain investments at fair value through profit or loss. Pursuant to the settlement contract, the foreign bank agreed to sell and assign to Al-Nozha the remaining balances of the loans including interest amounting to USD72,029,440 and Euro22,485,277, with all the related securities and guarantees.

Further, the Parent Company and Al Nozha signed a borrowing agreement whereby Al Nozha agreed to waive off the entire Euro loan and interest of Euro22,485,277 and part of the USD loan and interest of USD6,529,440 which resulted in reduction of total borrowings from these loans by KD10,223,646. Consequently, Parent Company recorded a gain of KD10,223,646 in the interim condensed consolidated financial information for the period ended 30 September 2020.

The Parent Company and Al Nozha agreed to finalise the remaining terms of the loan amounting to USD65,500,000 (equivalent to KD20,056,100) within 90 days from the agreement date.

- c) Subsequent to the reporting period, the Parent Company signed a settlement agreement with a local bank for the outstanding loan amount of KD24,000,000 and the related unpaid interest of KD977,160. In accordance with the terms of the agreement, the Parent Company will pay KD6,000,000 in 2 equal instalments of KD3,000,000 each due on 30 September 2020 and 15 December 2020 as full and final settlement of the loan and the unpaid interest and the lender agreed to waive-off the remaining balance of KD18,977,160 upon repayment of the instalments. The gain on reduction of the borrowings will be recognised after the payment of the second instalment.
